# GOV. STONE DRAGS W. H. JOHNSTON FROM LIST OF ALLEGHENY DELEGATES TO CONVENTION

## Flagrant Instance of Arbitrary Despotism Was Shown by the "P. S." Man When He Ordered a Clerk in Durham's Office to Get Off the Ticket If He Would Not Vote for Elkin and Then Had Him Thrown Off.

## DECLARES HE IS AGAINST SENATOR QUAY FOR ALL TIME AND WILL OPPOSE ANYTHING HE WANTS

While Gov. Stone has not wholly abandoned the long-distance telephone, he has introduced far more direct methods in his campaign in behalf of John P. Elkin. He has declared to at least one person that he is "opposed to Quay being elected chairman of anything and is going to fight him now and in future in the highways, streets and alleys."

The governor's latest achievement is to have the name of William H. Johnston of Plum township taken off the state for delegate to the Republican state convention from the Eighth legislative district of Allegheny county. The proceeding was as high-handed as anything known in the recent history of state politics.

Mr. Johnston was selected for delegate to the state convention at a conference attended by about 100 of the leading Republicans of the Eighth district, together with A. C. Evans of Pitcairn. He is a clerk in the office of the insurance commissioner at Harrisburg. When Commissioner Durham joined in Senator Quay's declaration against Elkin's candidacy pressure was immediately put upon Johnston and Evans to secure from them pledges to vote for Elkin.

**Threats Resorted To.**

From persuasion the organization passed to threats until finally Gov. Stone told Mr. Johnston if he could not pledge his vote he had better get off the ticket. Johnston declined. When he came home and called on Register Edwards to get primary tickets for his district he learned his name had been summarily taken from the ticket.

Mr. Johnston was in Pittsburgh yesterday and gave substantially the following account of how he was put on and taken off the Eighth district slate—an account that is highly instructive:

"Early in the spring, at a conference of about 150 leading Republicans of the district, I and A. C. Evans of Pitcairn were selected delegates to the Republican state convention to represent the northern end of the district, and David Hardy, Frank Rhoades and Hiram Taylor to represent the southern portion. We arranged for our local delegates and everything ran smoothly until there began to be a promise of a brisk fight for the nomination for governor. Then I was asked by leaders in the Allegheny county organization to pledge my vote for Attorney General Elkin. I declined to commit myself. When Senator Quay and Commissioner Durham declared against Mr. Elkin's candidacy the pressure upon me to compel a pledge to Elkin was increased. Finally the threat was made to take my name off the slate if I did not do what was wanted.

**Governor Stone Declares Himself.**

"Within the past two weeks the attorney general met me and asked if Evans would support him. I replied that I did not know. Representative Scott of the Eighth district then came to Harrisburg and requested me to go and see Gov. Stone. He said the governor wanted to talk to me. Well, I went to the executive department as requested and saw the governor and Scott.

"Mr. Stone began by asking if I could not see my way clear to give my vote to Elkin. I told him I had not committed myself to any candidate for governor and preferred to go to the convention unpledged. He then suggested that as I was employed in the insurance commissioner's office I had better withdraw my name as candidate for delegate. I told him I did not feel like withdrawing. 'Well,' he said, 'if you come to the convention as delegate I want you to vote for Mr. Elkin.' I replied I was not committed to any man for governor, but if elected a delegate to the convention I intended to vote for Senator Quay for chairman of the convention, chairman of the state committee or anything else he might want. 'Oh,' said Gov. Stone, 'you might as well vote against Elkin at once if you are going to vote for Quay. I want you to understand I am opposed to the election of Quay for anything. I am against him in the highways, streets and alleys. Henceforth I will have nothing to do with Quay. If you intend to support him your name ought to be taken from the slate in the Eighth district.' I told him that nevertheless I was for Quay, and we parted.

**Arbitrarily Taken off Ticket.**

"When I came in from Harrisburg this morning I went to Register Fred Edwards to get the tickets for my district. He informed me my name had been taken off the slate and would give me nothing. I learned the tickets had been printed with my name on, along with Rhoades, Evans, Taylor and Hardy, but they destroyed these tickets and were having others printed. I have not yet learned whose name is to be substituted for my own. I have heard it is to be John P. Hunter, but do not know certainly."

As the matter came to the ears of other delegates on the slate several of them assured Mr. Johnston they considered it an outrage, though they could do nothing to prevent it. Considerable indignation has been aroused among the voters in the district also, which is likely to increase, when the facts are generally known. Arbitrary despotism has not been unknown in the past history of the organization, but it is doubtful if there was ever before as flagrant an instance of dragging a candidate upon the eve of a primary election. This, too, at the instigation of the governor of the commonwealth.

# THE RIVAL HEADQUARTERS NOW OPEN IN HARRISBURG

## Senator Penrose and His Secretary, W. R. Andrews, There Preparing for the Pennypacker Shouters, and Frank B. McClain Doing a Similar Service for Attorney General Elkin.

## A PRONOUNCED ROOSEVELT DOCUMENT WILL BE THE NEW REPUBLICAN PLATFORM

By WALTER J. CHRISTY.
Staff Correspondent.

Harrisburg, Pa., June 6.—Two political headquarters were opened in Harrisburg today, and the skirmishing for position in the great gubernatorial fight has begun. W. R. Andrews, private secretary to Senator Penrose, this morning took possession of the private residence in Walnut street where Senators Penrose and Quay will have their headquarters until next Thursday. This was the inception and introduction of the Pennypacker boom, and it has already started to grow, as Senator Penrose arrived this evening from Washington.

The Elkin boom was launched from the Lochiel hotel this afternoon by Representative Frank B. McClain of Lancaster; but as yet Mr. McLain is all alone and very lonesome. He said this evening he will have lots of company tomorrow and that a strong committee will be at work with him. The Elkin headquarters are rooms 120 and 126, Lochiel hotel, one being for general reception and glad-hand purposes, the other for private conferences. Mr. Elkin will arrive here tomorrow from Indiana, where he is spending the day with his family.

**Andrews Squelches His Boom.**

Mr. Andrews, when seen at the Quay headquarters, said he was here in the interest of Judge Pennypacker for governor, and the statement that he (Andrews) was a candidate for governor was a mistake. A number of friends, he said, had sprung his name, but he was not a candidate in any sense of the term and was here with others from the northwestern part of the state to do all he could for the Philadelphia judge, of whose nomination he has not the least doubt.

"My boom has run afoul of the Pennypacker boom," said Mr. Andrews. "Anyhow, it never got beyond the button stage. I am for Judge Pennypacker."

During the day Mr. Andrews personally saw that everything was in readiness for the reception of the two senators.

When Senator Penrose came in from Washington this evening he was very much at home in a short time. He was called upon by a number of friends who were notified that he would be here today, and some who had not been so friendly in the past greeted him warmly for the earnest manner in which he has gone into the contest for Judge Pennypacker. The senator is here with several stray platform planks that have been submitted to him, and by next Monday night it is expected that something satisfactory in the way of a platform will have been agreed upon.

The platform will be on a line with those that have been adopted by Republicans of other states, and will embrace references to the war of the administration on the meat trust and the railway mergers; will commend the Cuban and Philippine policies, and be almost altogether a eulogistic commendation of President Roosevelt's policy.

"This has not been a very eventful year," said Senator Penrose, "so that there will be very little trouble in formulating a platform."

The senator says he will be a delegate to the state convention, but so far as being its chairman he has not given the matter a thought and knows nothing about it.

"Those things shape themselves in due time, but it is rather early to say anything concerning them at this time," he said.

Senator Quay will be here tomorrow, and Insurance Commissioner Durham is expected on Sunday, if not sooner.

It was announced tonight that the Pennypacker headquarters will be opened for the reception of friends tomorrow evening, the big hall at the Board of Trade building being in readiness. Already the city is taking on a gay appearance, many hotels and buildings being decorated, and some half a dozen banners floating across the streets.

**Fred W. Edwards' Visit.**

Register Fred W. Edwards of Allegheny county, slipped into Harrisburg about midnight Monday, spent an hour with Gov. Stone and hurried back to Pittsburgh. Edwards is held responsible for the Eighth district by the old Elkin organization. Among the delegates in that district is William Johnston of Plum township, who has a clerkship in the office of Insurance Commissioner Durham. The register had Johnston go to Pittsburgh about two weeks ago, but was unable to tie him up. On Monday Stone evidently sent for Edwards to come here.

The register arrived shortly before midnight and by appointment met Johnston. They went to the executive mansion, where they were closeted with Stone until time for the 1 a. m. train for Pittsburgh.

Just an hour after Edwards had slipped out of town Pension Agent John Nesbit of Pittsburgh arrived. He is a close friend of Johnston. The delegate was waiting for him at the station and listened to a Pennypacker talk for over an hour. Nesbit then went to Gettysburg.

Stone is devoting his entire attention to the management of Elkin's fight. He is keeping close tab on Recorder John R. Murphy and the Allegheny delegates, even supplying the transportation for a large portion of the North Side crowd that Murphy will bring here.

WASHINGTON, D. C., June 6.—(Special.)—All the Pennsylvania Republican leaders here devoted today to preparing for the change to Harrisburg. Senator Penrose left this afternoon, accompanied by Stenographer Hendley. Senator Quay will leave tomorrow afternoon, accompanied by Private Secretary Wright. The senator said tonight he had not changed his opinion that Judge Pennypacker would be nominated and elected.

Representative Connell left at noon for Scranton, accompanied by Private Secretary Williams, and will go to Harrisburg on Monday. Mr. Connell is worried over the situation, as he fears a deadlock between Pennypacker and Elkin in the convention might result in the nomination of his rival, L. A. Watres.

**Quaker City Shouters in Trim.**

PHILADELPHIA, June 6.—(Special.)—Confident that Judge Samuel W. Pennypacker will be the choice of the Republican state convention for governor, the Quaker City will send a formidable representation to ratify and celebrate the event. Aside from the leaders, Commissioner Durham, David H. Lane, Mayor Ashbridge and Senator Penrose, backed by the local delegation with its 86 men, voting as a unit, every marching club of importance has arranged to attend the convention. It is estimated that there will be 10,000 stalwarts in line from this city alone.

Mr. Durham and the other local leaders will go to Harrisburg on Sunday and they will be reinforced Monday night or Tuesday by the delegates and marching clubs. Philadelphia headquarters will be established at the Commercial hotel.

Those in a position to gauge accurately the strength of Pennypacker informed The Gazette correspondent today that the judge has now pledged to his support 214 delegates. This is not a forecast. It refers to the delegates already elected and takes no cognizance of those to be chosen Saturday in Allegheny, Washington, Somerset and other counties. If the figures are correct, Judge Pennypacker is assured of a margin of 34 votes on the first ballot.

**The Westmoreland Struggle.**

GREENSBURG, PA., June 6.—(Special.)—A political fight ended tonight with all the county candidates at stake. The main contest was for county commissioner, Controller Brown fighting against the renomination of the incumbents, Reamer and Earnest. Joined with Brown were his old enemies, J. S. Beacon and Maj. Robbins, who made their fight particularly against Reamer. Late tonight Brown admitted his fight was lost. He expects, however, to win two close political friends on the assembly ticket, and is still counting on delivering a part of the delegation to the state convention to Senator Quay's candidate, whoever he shall be.

BEDFORD, PA., June 6.—(Special.)—A heavy vote was polled at the Republican primaries today. The returns are slow and the result will not be known until tomorrow.

The children all want the story-book which comes with The Sunday Gazette.

# A GUATEMALA VOLCANO KILLS 1,000 PERSONS

## Eruption Accompanied by a Violent Earthquake.

## ONE-HALF OF A TOWN WIPED OFF THE EARTH

[BY ASSOCIATED PRESS TO THE GAZETTE.]

San Francisco, June 6.—Upward of 1,000 lives have been lost and half of the city of Ratalhulen, Guatemala, has been destroyed by the eruption of Tacana volcano, according to advices received here today by the Chilean steamer Palena, from Valparaiso and way ports. Ratalhulen lay several miles back from Champerico on the coast, and it was at the latter city that news of the disaster was secured.

Earthquakes, it was said, had continued at short intervals every day since the great disturbance of April 18, when the city of Quezaltenango was destroyed. The shocks have been of sufficient strength to keep the residents of the entire region in a state of terror, and little has been done to repair the damage done by them and the volcanic eruptions.

Pumice stone and ashes thrown from the crater of Tana have spread a thin coating over the territory surrounding Champerico.

A few days before the Palena left Champerico an earthquake destroyed a small town near Guatemala city, but its name was not learned.

# A NEW TRACTION LINE TO CLEVELAND FROM PITTSBURGH

## Fairhaven & Georgetown Railway Co. Will Build Road Through Pennsylvania.

## THIS WILL COST $3,000,000

A new traction line independent of all others in Western Pennsylvania and also of the projected Murry A. Verner road is to be built between this city and Cleveland. The construction involves nearly 50 miles of road in Pennsylvania, at a cost of about $3,000,000. The final surveys are nearing completion.

The Fairhaven & Georgetown Railway Company, which is to handle the construction in this state, has been incorporated. The papers provide for the building of 45 miles of road from Six Mile Ferry through the most populous sections of Allegheny and Beaver counties to Georgetown, near the state line.

At Six Mile Ferry the company can get a connection into Pittsburgh by using the old South Side line of the United Traction Company, which extends down as far as Thirty-fourth street.

The president of the new company is Walter S. Reed, secretary of the Moreland Trust Company, and the capital is being invested by Pittsburgh, New York and Cleveland interests.

The engineering corps, under L. D. Barnes of this city, yesterday completed the surveys on the south side of the Ohio river. This part of the road will be well under construction within the year.

The engineering force will now begin work on the Ohio division. The road will cross the Ohio within four miles of East Liverpool, run by Lisbon to Alliance, where it will connect with the Salem & Alliance, then with the new road to Canton, and at Canton with the Canton & Akron line. From Akron entrance to Cleveland can be had over a half dozen routes.

# TWO VOLCANOES AGAIN SHOWING OMINOUS WRATH

## Mont Pelee Throwing Out Smoke and Soufriere Steaming.

## DETONATIONS HEARD SOUTH OF ST. KITTS

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

Castries, St. Lucia, June 6.—The Royal Mail steamer Eden, Capt. Down, arrived here today. Capt. Down reports that while leaving Fort de France at 10:15 o'clock this morning Mont Pelee erupted and threw out an enormous cloud of smoke, which passed to the eastward. The passengers on the Eden were much alarmed. At 11:30 o'clock almost entire darkness prevailed.

While three miles distant from the shore of St. Lucia clouds of volcanic dust obscured the coast and made it difficult for the vessel to enter the harbor. At 2 o'clock this afternoon the darkness was intense over St. Lucia.

FORT DE FRANCE, MARTINIQUE, June 6.—After being quiet for 10 days Mont Pelee is in eruption again. Vast columns of smoke burst forth this morning without warning, renewing the terror of the natives, who look for the entire destruction of the island on June 12. The sea rose four feet and fell again.

It is noted at Fort de France that the volcanic outbursts coincide with the changes of the moon.

**Detonations South of St. Kitts.**

BASSE TERRE, ST. KITTS, June 6.—It grew very dark here this morning at 10:15 o'clock and lights had to be lit. Very loud detonations were heard from the southward.

KINGSTOWN, ST. VINCENT, June 4.—Vessels leaving Martinique have experienced upheavals and agitations of the sea, pointing to submarine eruptions between Martinique and St. Lucia.

In St. Vincent, the shining, fleece-clouds which have been continually rising and spreading in the direction of the Soufriere volcano since May 16, and which have been mistaken for tropical clouds, have proved to be steam emitted from the crater, from which flashes of flame are issuing nightly. This, combined with renewed vibrations in the fire zone, has increased apprehensions that there may be another eruption of the Soufriere shortly.

The eruptions at Martinique seem to relieve the St. Vincent volcano materially. Connection between the two volcanoes is indisputable, as every eruption in Martinique is accompanied by corresponding seismic and atmospheric disturbances here.

**Scientists Waiting to Ascend.**

Edmund O. Hovey, assistant curator of the American museum of natural history; Dr. Thomas Augustus Jagger, assistant geologist of the United States geological survey, and George C. Curtis are awaiting an opportunity to make the ascent of La Soufriere.

QUEENSTOWN, June 6.—On the arrival here today of the British ship Anaurus from Portland, Ore., January 3, her commander, Capt. Henderson, reported that on May 9, at 10:30 p. m., in latitude 5 and longitude 22 (northeast of Brazil), a terrible vibration was felt throughout the vessel, the shocks making it appear as if the ship was bumping on rocks. At the same time the sea was violently agitated and the crew were in a state of semi-panic. The phenomena lasted half a minute. It was not until after relating his experiences that Capt. Henderson heard of the Martinique catastrophe.

# THREATENED EPIDEMIC IS DUE TO FILTH

## Sanitary Conditions in Pittsburgh Beyond Description.

## DISEASE BREEDS IN THE STREETS

## Bureaus of Health and of Highways and Sewers Fail to Take Proper Action.

## APPEALS FOR AID WERE NOT HEEDED

Pittsburgh stands in great danger of an epidemic of disease. The municipal hospital is crowded with smallpox victims, new cases are being discovered every day, and several deaths have already occurred. Typhoid and other fevers are claiming scores of victims every week. In the face of all this the sanitary condition of the streets, alleys and courtyards in the populous districts is very bad.

Piles of decaying garbage, dead animals and every conceivable kind of filth choke up the alleys and back yards. Long strings of overflowing refuse barrels line the back fences, and in many places the sewage is stagnant in the streets and byways.

The residents of the threatened districts say they have appealed time and again to the board of health for relief, but nothing has been done. Foul odors are wafted on every breeze. At night windows and doors must be closed, as the sickening smells are unbearable.

There are alleys and even streets that have not been visited by the "white wings" for months, and in some cases years, according to the testimony of the residents. The bureau of highways and sewers is a thing almost unheard of in certain districts.

**City Must Be Cleaned.**

Cleanliness and cleanliness alone can lessen the danger of the city. The doctors of the bureau of health may work night and day disinfecting and vaccinating, but unless the cause of the disease is removed it will never be stamped out.

The Gazette reporters yesterday visited only a few of the plague spots and found conditions bad beyond description. There are hundreds of other districts where the germs of disease are thriving.

It is the duty of the bureau of health to search out and purify such places. It is the duty of the bureau of highways and sewers to see that the city's streets and alleys furnish no breeding ground for the bacilli of typhoid fever or smallpox.

Failure to perform this duty is costing human lives every day, and the number of victims to "official inactivity" threatens to increase by great leaps and bounds unless immediate action is taken toward removing the breeding spots of disease which litter almost every alley and courtyard in the populous sections.

**In the Hill District.**

The filthy condition of the streets, alleys, courts and yards of the hill district show why smallpox is epidemic there. An inspection made yesterday developed a state of affairs that could hardly be found outside of a city of the Orient, where the people revel in dirt. Not only in the highways and the byways were the conditions horrible, but in the district in which Arabians and other foreigners live their habitations are open menaces to the health of the neighborhood.

Huddled in ill-smelling apartments, without ventilation, the sleeping rooms being occupied by from four to 10 people, are the thousands of Pittsburgh's foreign-born population. The walls, floors and ceilings of many of the apartments are black with the smoke and accumulated dirt of years, and roaches in thousands crawl over them. Decaying vegetable matter and filth of every kind litters the yards and alleyways round about.

An inspection of the hill district was made yesterday, and to describe the conditions as found would be as offensive as the odors floating over it. Garbage, ashes, decaying vegetable matter, old rags, bones, carpets, bed fillings, oil mattresses, dead animals, and other accumulation of the filth of a great city everywhere obtrudes itself on the senses.

**Menace to Health.**

On city and private property this material is dumped, swelling and putrifying under the hot sun, a constant menace to the health and welfare of the entire community.

Within a stone's throw of the department of public safety two cesspools have been running out on Sixth avenue for nearly a year, according to the residents of that neighborhood. The tenants say they have called the attention of the board of health to the evil several times, but no attention has been given to the matter. The cesspools are located in Dante alley, which runs from Tunnel street to Sixth avenue, a short distance south of Grant street. They are emptying into the alley. The people living there say the stench is at all times horrible, and that they are compelled to close their doors and windows after nightfall. In this alley, between Tunnel and Chatham street, dead rats and cats were plentiful yesterday, and in the yards of many of the residents ashes and decaying vegetable matter was piled. Complaints have been filed with the bureau of street cleaning and health several times, but the matter has received no attention, not even a notice being posted.

**Filth Is Everywhere.**

Rafferty's court, on the eastern side of Sixth avenue, a short distance south of Webster avenue, is also another plague-breeding place. It is lined with barrels containing all kinds of refuse. A yard in

the rear of a former grocery store at the corner of Webster avenue and Hickory alley is heaped with filth.

In the small courts and alleys running off Clay alley, between Chatham and Washington streets, the same conditions were found. Clay alley contains many stables and yesterday it was almost ankle deep with refuse.

Almost all of the small courts running out of the eastern and western sides of Washington street are in a more or less filthy condition. Poplar alley was being cleaned by the White Wings yesterday, but the smaller alleys entering into the yards of the foreign inhabitants are in a shameful condition. Great piles of ashes and garbage of all kinds show that an inspection of the neighborhood has not been made for a year by the bureau of health.

A standing menace to the health of the hill district is found in the Arabian quarters. The conditions are almost indescribable, as these people are surrounded by filth.

**Resented Investigation.**

An attempt to make an inspection of the yards of many of these people was resented, but enough was seen to state that it is one of the foulest places imaginable.

Another spot that breeds disease in the Washington street district is the overflowing cesspool and sewer in McKay's court, a short distance north of Bedford street opening from Washington street. Some time ago it was emptying its contents on the boulevard, but is now overflowing the floor. For the convenience of the tenants in the court there is a sewer drop, but it has been closed since last winter. Wash water of all kinds is thrown out and forms in pools about the opening to the sewer. The attention of the health department has been called to both evils on several occasions, but conditions have not been remedied. Barrels of ashes and cans of garbage line one side of the court and the odor arising from them pollutes the air for blocks.

In the upper end of Basin alley, near Elm street, two large lots and a part of the old basin are used as a dumping ground by the neighborhood.

**Notified Health Bureau.**

One of the lots is owned by Mrs. Ann McKirdy and Mrs. Alice Nugent, and the former said yesterday that she had tried to restrain the people from making a dumping place of her property. She had a high fence built, but it was torn down. "The stench from the place is horrible," she said, "and the health bureau has often been notified, but all that has been done was to place a notice on the lot. Opposite Mrs. McKirdy's house is a lot owned by James Little. It is also used as a dump, and yesterday it was covered to a depth of several feet with rubbish of all kinds.

The old Bedford basin is also used as a garbage dump, and rubbish of all kinds is placed on it. Next to Fulton street it is covered with about two feet of putrid water, which in many places is beginning to stagnate. Several small boys were paddling through this water yesterday on floats. Against the old stone wall and within a few feet of Bedford street are great hills of refuse.

Wilson street, from Logan to Fulton, is littered with rubbish. Pasture street, from elm to Fulton, is also filthy. There are a number of stables in this vicinity. The people say the street has been cleaned only twice within the year. Junk dealers nearby leave their employes go through the heaps of filth every morning in search of rags, paper, bones and other material collected by them.

**Not Cleaned for Year.**

Boone alley, between Hazel street and Charles alley, is littered with boxes, barrels, cans of slop and garbage. Decaying vegetable matter can be found festering under the run. From Clark street down to Charles alley piles of rubbish are everywhere visible. Until two weeks ago the people of the neighborhood say this alley had not been cleaned for a year.

Fulton street, from Center avenue to Colwell street, was strewn with papers and other rubbish, as was Colwell street for almost its entire length. In Keef's court, off Wylie avenue, near Fulton, barrels of ashes and garbage were piled.

It is when one arrives in the smallpox district that the carelessness of the health bureau is brought forcibly to notice. Constantinople is said to be one of the filthiest cities of the Orient, but if there is any part of it filthier than the Soho district of Center avenue it is a marvel. In the center of this district is a street with the high sounding title of La Place. It is certainly "The Place" for all the filth and dirt of the district. Stable cleanings, rags, bones, decaying vegetables, ashes, dead animals, all putrifying and filling the atmosphere with nauseous gases, are seen everywhere.

**Awful Soho Dump.**

A short distance away is the Soho dump into which rotten vegetables, dead animals and other disease-breeding refuse have been thrown. Coleridge might have said of this section, as he did of Cologne, that it was possessed of "seventy distinct stinks and twice as many stenches."

An injunction has been asked for by the residents of the neighborhood to stop the dumping of filth at this place. It was called up for argument on Wednesday, but was postponed for five days. Mrs. Emma E. Jones, who lives at the corner of Reed and Soho streets, said yesterday that her family wished to get out of the neighborhood, but were unable to dispose of their property on account of the dump. "It is horrible," she said, "and the odors arising from the dump are almost stifling." Everything is dumped into it and it is not so long ago that a dead baby was found in it. The city recently placed Inspector Robert Davison at the dump, but from the stuff the reporter saw dumped into the hole yesterday he might just as well have been absent.

**In Smallpox Section.**

At this dump is a tumbling down two-story brick house, occupied by two negro families. One of the families is named Clark, and one of the children is suffering from smallpox. There are said to be 13 people living in the house, and a police officer was on duty there yesterday to maintain a quarantine. Male negroes were seated around a table on the porch playing cards. The house is surrounded by all kinds of filth and rubbish and it will be remarkable if the entire crowd is not infected.

The lower end of Reed street, west of Soho street, is in a horrible condition, as is Charles street, which runs into Center avenue. Charles street is evidently not sewered, as the sewage was running down the center of the street yesterday. The street is unpaved and piles of dirt and rubbish are prominent features of its landscape.

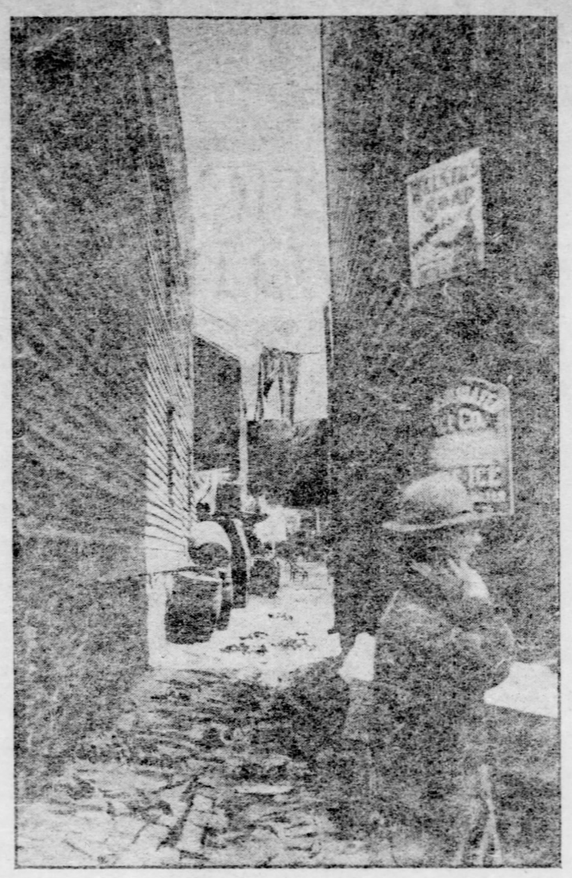
The sanitary condition of the private courts, back yards and houses in the downtown wards is little better than that existing on the "hill." Prompt measures must be taken if an epidemic of disease is to be avoided. It may be too late already.

**In Downtown Wards.**

The district nurse of the Fruit and Flower mission, who is, perhaps, called upon, on account of her charitable work of attending to the sick poor in the tenements, to visit a greater number of the unsanitary districts than anyone else in the city except the inspectors of the board of health, declared yesterday that in all her several years' experience she had never known the back yards and the courts to be in worse sanitary condition. "It is true," she said, "that the streets and alleys down-town are in fair condition and are swept frequently by the city employes; but the back yards and little courts require attention quite as much if not more than the streets and alleys. The people who live in these places should be required to clean up their own yards and courts, and the city should furnish a liberal supply of lime or other disinfectant free of charge to the poorer classes. As a rule these people are indifferent about such matters and must be compelled to follow the instructions of the sanitary inspectors.

"This condition of affairs exists not only in several localities but all over the city, according to my own observation, and in many places the conditions existing are simply horrible."

A tour of the Point district yesterday afternoon disclosed the fact that there



Scene in a Court Off Clay Alley, Showing Barrels of Refuse and Debris Scattered Over the Uneven Pavement.

are so few dwellings in that section now, stores and warehouses having taken their places recently, that there is not the opportunity for filth and dirt to accumulate that is afforded in more populous sections. A general inspection of the back yards and courts leading off Penn avenue and Liberty avenue below First street, however, developed several which were in filthy condition.

Further up-town Spring alley, between Liberty and Penn avenue, and Mulberry alley, between Penn avenue and Pike street, extending from Eleventh street to Lawrenceville, have hundreds of spots where disease breeds incessantly and the yards are filthy and emit foul odors. Many of the dwellings are occupied by foreigners, and it is only owing to the fact that the immigration laws compelled them all to be vaccinated that they have so long escaped the smallpox.

In Spring alley, near Eleventh street, one back yard especially was simply filled with foul smelling barrels of refuse and rubbish.

**Wagon Loads of Refuse.**

Above Twelfth street the odors arising from the uncleanliness of a place on the north side of the street were almost stifling. Further along, between Thirteenth and Fourteenth streets, a number of little courts and back yards require the attention of the inspectors, and between Fifteenth and Sixteenth streets there are several places on both sides of the alley where wagon loads of refuse are piled up.

At a house on Pike street, between Thirteenth and Fourteenth streets, the stench arising from the outhouses, which are in bad condition, polluted the entire neighborhood, and while the neighbors said that they had complained to the board of health in regard to the matter nothing has been done.

A typhoid fever card is displayed upon a house in the rear of Penn avenue, near Sixteenth street, and it was evident that the case was caused by the foul odors from an open sewer and the short drainage pipes, which permit the sewage to flow over the yard and all around the hydrant. The condition of these two places is something frightful, and is a most serious menace to the health of the entire neighborhood.

## DISINFECTION URGED BY CITY PHYSICIAN

**Smallpox Situation Is Considered Grave by Dr. Booth and General Cleaning Up Recommended.**

City Physician Dr. B. A. Booth and his associates are making a hard fight. Pittsburghers are advised to clean up about their homes, disinfect generally and have their families vaccinated. The Municipal hospital is crowded with patients, but today will see some lessening in the number, as about 20 are to be discharged as cured.

The smallpox cases which have been coming in recently are of what is called confluent smallpox, which Dr. Booth says is the most virulent type. He is of the opinion that the hot weather will be a great help to the city physicians in fighting the disease, but he fears that unless people are very careful trouble will come next fall with the advent of cold weather.

In many of the districts where smallpox has been most violent sanitary conditions are very bad, and if there is a general cleaning up and disinfection it will improve matters a great deal. In Cleveland, where smallpox was about as bad as it is in Pittsburgh, it was entirely stamped out by a carefully established system of cleaning up and disinfection. The disinfectant used was formaldehyde, which is also used in Pittsburgh.

Smallpox is costing the city a pretty penny daily. With 85 cases in the hospital and 38 houses quarantined, the city providing for everything, it takes a rather heavy daily bill.

The physicians of the bureau of health are being overworked and as a result the charity physicians have been called to assist in vaccination. Some of these physicians are objecting vigorously to free vaccination, much to the disgust of Dr. Booth. He says that many doctors who have no connection with the department of charities are vaccinating free just now.

The house to house disinfection was found advantageous in Cleveland, and it may be tried here. Director Leslie of the department of public safety has employed six young physicians and medical students to assist the city physicians in the smallpox crusade. These young doctors have either just graduated or have not entirely finished their studies. Two of them were taken on yesterday and given instruction in their duties at the anti-toxine stable. These six will be used in disinfection and vaccination.

The bureau of health sends each day a report of contagious diseases to the city schools in order that children from infected districts may be kept from school. It also sends a weekly report to the Sunday school superintendents with the same idea. The report that went out yesterday was of two sheets, for the first time in months, made necessary by the number of smallpox cases. There were just 32 smallpox cases for the time between the last Friday in May and yesterday.

## Scrofula

It is commonly inherited.

Few are entirely free from it.

Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it.

Common indications are bunches in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

**Hood's Sarsaparilla and Pills**

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought.

"My daughter had scrofula, with eleven sores on her neck and about her ears. Hood's Sarsaparilla was highly recommended and she took it and was cured. She is now in good health." Mrs. J. H. Jones, Parker City, Ind.

**Hood's Sarsaparilla promises to cure and keeps the promise.**

## ARGUMENT IS HEARD IN THE VENNER CASE

**Testing Statute Under Which United States Steel Company Exchanges Stocks for Bonds.**

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, June 6.—Arguments were begun in the United States circuit court today on the preliminary motion in the suit brought by C. H. Venner & Co. and James Pollitz, stockholders in the United States Steel Corporation, to test the constitutionality of the New Jersey statute under which the steel trust is empowered to exchange $200,000,000 of 7 per cent stocks for 5 per cent bonds. The suit was brought originally in the state courts, but was transferred to the federal courts.

Briefs were submitted by both sides and Judge Lacombe stated that, in view of the importance of the matter at issue, he would probably announce his decision either allowing or denying the injunction at an ealy day, and write the decision later.

## MUSICIANS MAKE A MATCH

**C. Norman Hassler and Miss Pearl Sleeth Go to Steubenville and Are Married There.**

A telegram received by The Gazette last night announced the marriage of C. Norman Hassler, a well-known musician of Pittsburgh, to Miss Pearl E. Sleeth yesterday afternoon in Steubenville, O. Friends and relatives of the couple were much surprised to hear of the marriage, which followed an elopement to the Ohio Queens City.

Inquiry at the bride's home last night proved the truth of the story. She and Mr. Hassler went to Steubenville yesterday morning, were married, and returned home yesterday afternoon. Then the bride went home and told her mother. Mr. Sleeth, the bride's father, said last night:

"We never thought of such a thing as marriage. I suppose I would have objected on account of the age of my daughter, but if they are married they are married, and there is no use crying about it. It is still a little hard on my wife, but she will come around."

Mr. Hassler and Miss Sleeth were formerly in the choir of the Emory Methodist Episcopal church, North Highland avenue. Since May 1, Mr. Hassler has been in the choir of the Fourth Avenue Baptist church and his wife at the South Side Presbyterian church. Mr. Hassler is about 38 years of age, and his bride just half as old, as she has just passed her 18th birthday. The couple will make their home for the present at the residence of the groom's parents in Lake street, East End.

# UNDER A CLOUD IS THE FUTURE OF MARTINIQUE

If Mont Pelee Continues Erupting, No Telling What the End Will Be.

ABANDONED BY LEADERS

Business Spasmodic and Almost Impossible—No Credit With Outside World—Fort de France Official Mourns Lack of Patriotism.

By SHERMAN MORSE.

(Copyright, 1902, by the New York Herald Co.)

Fort de France, Martinique, May 31, Via the United States Steamship Dixie to New York, June 6.—What is to become of Martinique? That is the question men of affairs who are left on the island are asking. It is a problem which baffles them.

Men whose wealth a few weeks ago was counted by the hundred thousand francs are today practically penniless. They had difficulty in lending their surplus wealth a month ago. Today these same men, with property on which before the eruption they could have borrowed large sums of money, are unable to find those who will advance them anything whatever. Rents are not being paid. Stocks in the stores that have been exhausted are not being replenished. Even if the merchants were willing to make the purchases from whom can they buy unless they have money to pay in advance?

No one is risking anything in Martinique. It is doubtful if an American or European wholesale merchant would even send a consignment of goods there to be paid on delivery during the present state of uncertainty as to what the future will be.

**Abandoned by Its Leaders.**

But most serious of all for the interests of the island is the fact that not only much of the wealth of the island and a large majority of the men who have directed its affairs were destroyed with St. Pierre, but the greater part of those who are left are either leaving or preparing to leave for France or to take up a residence on one of the other French possessions in the West Indies. Some of these latter may return; most of them, it is feared, will not. Already more than 10,000 persons have taken their departure. Fully 500 left yesterday on the St. Domingue for Guadeloupe and tomorrow the Canada will take away more than 1,000.

"Among those who will go is Senator Knight," M. Theodore Labat, assistant mayor of Fort de France, said last evening. "I am astounded that he, whom we have just re-elected for another term to represent us in France, should leave when his moral influence, at least, by his remaining here, would be very great. Our chief judge will also go. In fact, within a few days there will be but few of the men left on the island who have been at the head of its affairs."

M. Labat himself sent his family to St. Lucia a week ago, but declares that if he leaves Martinique it will be after everyone else has gone.

"My family has lived here for nearly 300 years," he added, "and I am going to remain not only where all my property is, but, where my duty as a public official demands that I shall be."

**Much Depends on Pelee.**

There are few, however, who appear to feel as M. Labat does. Many have either abandoned their property or have sold it at an enormous sacrifice.

The present conditions in Martinique, except for the ever-present danger from Mont Pelee, are not critical. If the eruptions cease the island may be able to take care of itself without further assistance from outside; but if Pelee continues to throw out gas, smoke and ashes there is no telling what the end will be. As long as this condition lasts business can go on only spasmodically.

**Paine's Celery Compound**

The Medicine That Saves Life and Restores Lost Health.

A merciful Providence still keeps the spark of life in thousands of wasted and feeble bodies. The fitful, flickering spark will burn with decreased power as the hot days of summer approach. There is still hope for even those who are now catching glimpses of the dark valley. The use of Paine's Celery Compound during the month of June will at once arrest the progress of wasting diseases. It will strengthen the weak and inflamed nerves, rid the body of morbid waste material, make the blood pure, and give healthy action to the stomach, liver and kidneys. Nervousness, sleeplessness, rheumatism, neuralgia, liver and kidney troubles quickly vanish when Dr. Phelps' marvelous prescription is used. Mrs. Alice Terry Wood, 515 Highland street, Helena, Mont, says:

"I can say to all that I believe Paine's Celery Compound a great medicine. I should have been in my grave if it hadn't been for the wonderful curing virtues of the Compound, and I can say to all who are tired and run down, to try it, and they will find relief at once. My trouble was general weakness, lack of appetite and heart trouble. I have taken four bottles of Paine's Celery Compound and feel like a new person. Now I have a good appetite, do all of my work, and feel well."

PARKER'S HAIR BALSAM

Promotes the growth of the hair and gives it the lustre and silkiness of youth. When the hair is gray or faded it BRINGS BACK THE YOUTHFUL COLOR. It prevents Dandruff and hair falling and keeps the scalp clean and healthy.

## Perfect Summer Clothing for Men and Boys.

Good tailoring is our hobby. We contend for the best in clothing, when making our contracts—best tailoring, best materials.

We have the very best (in their several grades), Run-About Suits, Semi-Dress Suits and Full Dress Suits for men, that it is possible to make.

And they are sold for the most modest prices.

So much for a general statement. Now, please, attention to our line of

### $10 Outing Suits.

Men in hot weather taboo vests. Therefore an outing suit carries no vest. These suits are just the most comfortable suits men can wear through the hot months, and real dressy in their comfortableness.

There are three kinds—each $10—

WOOL CRASH—thin enough to see through and yet as strong as any cloth. No lining at all—not even in the sleeves. Mostly invisible plaids on grounds of gray, green, dark oxford, and other colors.

FLANNEL in shades of tan, blue with white stripe, light gray with invisible stripe, herringbone stripes and several other effects.

HOMESPUNS, mottled effects in brown and Scotch mixtures with brown stripes.

$10 for choice from any of the above is an easy price, and no man could buy anywhere a better suit for the money.

### Young Men's Outing Suits for $10.

FLANNEL in various colored grounds—some having contrasting stripes that are prominent, others the stripes scarcely visible.

HOMESPUNS in stripes and Scotch mixed effects.

For boys 8 to 15 we have the greatest lot of Flannel Suits in knee-pant style—all the boyish colors—for the popular price of $5.

For the little fellows Sailor Suits of Flannel and Wool Crash, $5.

Wash Suits for boys—every washable material—every style—$1 to $7.50.

NOTE TO MEN: London Vests (our own importation), of linen—tan, cream and brown with figures—retailing for $3.50, $4, $4.50 and $5—reduced to $2.50.

Linen Crash Trousers—imported—very swagger—$5.

# HOUSES DIFFER ON GOVERNMENT OF PHILIPPINES

## Senate Bill Will Be Thrown Out and a Substitute Measure Reported.

## SILVER WILL BE DEPOSED

**Lower Branch to Insist on One Popular Chamber to Be Elected by the Filipinos Themselves, the Commission to Form Upper House.**

[SPECIAL TELEGRAM TO THE GAZETTE.]

Washington, D. C., June 6.—So wide is the difference of opinion between the senate and house on the question of what should be done for the Filipinos in the matter of government that the insular committee of the house will throw out the entire senate bill and substitute its own. In minor details there are some points of similarity between the two measures, but in the important matters of form of government the house will insist on its own bill, which provides a legislative assembly to be chosen by the Filipinos themselves, in addition to the Philippine commission, which will correspond to the upper branch in any ordinary legislative body.

More pronounced in their opposition are the leading members of the house to the provisions in the senate bill establishing the silver standard in the islands. The house will eliminate this feature and insist on a sound money financial system. Chairman Cooper of the house committee and all of the house leaders have pronounced themselves in favor of this. The legislative features of the bill are not likely to cause serious delay and controversy between the houses, but the money question may create a bitter contest.

H. H. Hanna of Indianapolis, a well-known sound money advocate, is in the city to urge the house to stand by its guns on this question, and circulars and letters are pouring into Washington on the same line. Important members of the cabinet are opposed to the silver features of the bill, and Secretary Shaw is inclined to look upon it as a mistake. Prominent members of the Republican party outside of official life take the ground that it is a distinct step backward from the position of the party as enunciated in its last two national platforms.

## SOUTHERN MAN WINCES.

**Richardson of Tennessee Complains That Roosevelt's Memorial Speech Violated the Proprieties.**

WASHINGTON, D. C., June 6.—General debate on the anti-anarchy bill closed today. The incident of the day was a speech by Mr. Richardson, an Alabama Democrat, severely criticising the president for the references in his Memorial Day oration at Arlington to the epithets applied to Lincoln and Grant during the civil war and for his allusions to lynchings. He declared that the president's remarks violated the proprieties of the occasion. Mr. Littlefield made a legal argument in closing the debate.

The section of the senate bill providing a body guard for the president was stricken from the senate bill as a precaution in case the house substitute fails. An effort was made to strike from the first section of the substitute the words limiting the crime of killing the president to the president in his official capacity, but the motion was lost, 63 to 89. Only one section had been disposed of when the house adjourned.

## UNCLE SAM'S LEAD IN COAL.

**Anthracite Production Takes a Remarkable Jump.**

WASHINGTON, D. C., June 6.—According to returns to the United States geological survey from producers representing fully 97 per cent of the entire coal output of the United States the production in 1902 amounted to 282,240,758 short tons valued at $348,813,881. As compared with 1900, when the output amounted to 269,881,827 short tons, worth $306,891,364, this represents an increase of 22,358,931 short tons, or 8 per cent in quantity, and of $41,922,467, or 13.6 per cent in value. The production of Pennsylvania anthracite showed a phenomenal increase from 51,221,333 long tons (equivalent to 57,367,915 short tons) in 1900 to 60,242,569 long tons, or 67,471,667 short tons in 1901. This represented a gain of 17½ per cent, the largest percentage of gain made by the anthracite trade in 20 years.

Our coal production last year was nearly 80 per cent larger than Germany's, nearly 20 per cent larger than Great Britain's, nearly seven times that of Austria-Hungary and more than eight times that of France.

## NOT DIPLOMACY, ONLY BUSINESS

**TAFT'S INSTRUCTIONS TO TREAT WITH VATICAN CLEAR.**

**Any Arrangement for Purchase of Friars' Lands Is to Be Tentative Only, Subject to Action by Congress—Separation of Church and State.**

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, D. C., June 6.—Secretary Root today sent to the Philippines committees of the senate and house copies of the instructions given by him to Gov. Taft for his guidance in dealing with the vatican respecting the acquisition by the United States of the friars' lands in the Philippines. These instructions were exhibited yesterday by Gov. Taft to the vatican officials. The most interesting of the instructions follow:

The president wishes you to take the subject up tentatively with the ecclesiastical superiors, who must ultimately determine the friars' course of conduct, and endeavor to reach at least a basis of negotiation along lines which will be satisfactory to them and to the Philippine government.

You are, accordingly, authorized, in the course of your return journey to Manila, to visit Rome and there ascertain what church authorities have the power to negotiate for and determine upon a sale of the lands of the religious orders in the Philippin islands, and if you find, as we are informed, that the officers of the church at Rome have such power and authority, you will endeavor to attain the results above indicated. Any negotiations which you may enter upon are always subject to granting of power by congress to follow the negotiations by binding action.

One of the controlling principles of our government is the complete separation of church and state, with the entire freedom of each from any control or interference by the other. It is necessary now to deal with the results of establishing a government controlled by this principle in the Philippine islands, which have for centuries been governed under an entirely different system, with church and state closely united.

By reason of the separation the religious orders can no longer perform in behalf of the state the duties in relation to public institutions and public charities formerly resting upon them, and the power which they formerly exercised through their relations to the civil government now withdrawn, does not find themselves the objects of such hostility on the part of their tenantry against them as landlords, and on the part of the people of the parishes against them as representatives of the former government, that they are no longer capable of serving any useful purpose for the church. No rents can be collected from the populous communities occupying their lands unless it be by the intervention of the civil government with armed force.

It is manifest that under these conditions it is for the interest of the church as well as of the state that the landed proprietorship of the religious orders in the Philippine islands should cease.

It is not deemed to be for the interests of the people of the Philippine islands that in thus transforming wholly unproductive tracts of land into money capable of productive investment, a fund should thereby be created to be used for the attempted restoration of the friars to the parishes from which they are now separated, with the consequent disturbance of law and order.

Your errand will not be in any sense or degree diplomatic in its nature, but will be purely a business matter of negotiation by you as governor of the Philippines for the purchase of property from the owners thereof, and the settlement of land titles, in such a manner as to contribute to the best interests of the people of the islands.

**Rice Will Case With the Surrogate.**

NEW YORK, June 6.—The appellate division of the supreme court handed down a decision today affirming the order of Justice Bischoff in the case of Albert T. Patrick, individually and as executor of what is known as the 1900 will of William M. Rice, against Surrogate Fitzgerald. The surrogate may now probate either of the wills.

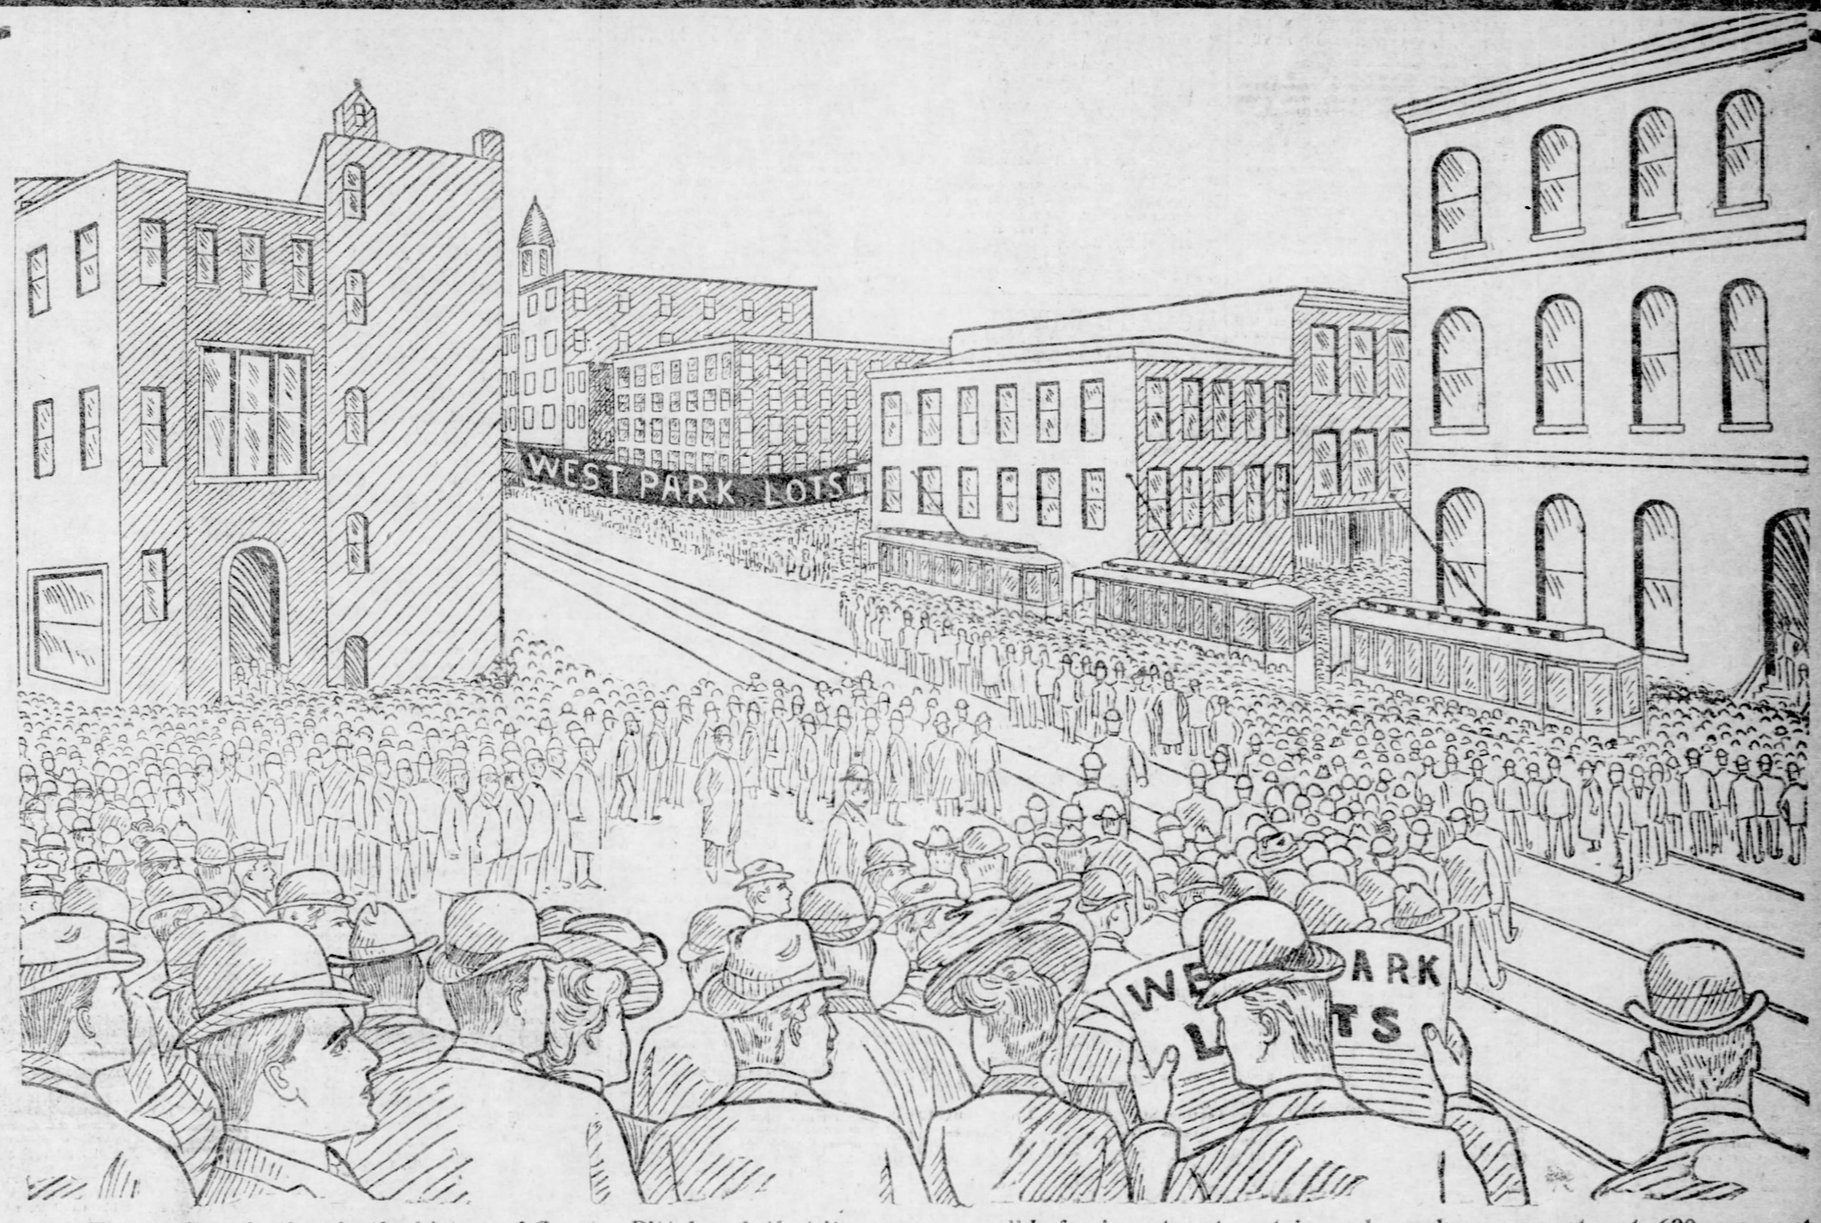
Follow the crowds to West Park



This is the only time in the history of Greater Pittsburgh that it was ever possible for investors to get in and purchase property at 600 per cent less than the prices on adjoining real estate.

WEST PARK frontage offered in this present great sale at less than $5 a foot is just as level and finely located as the McKees Rocks building site for which the Chartiers Valley Trust Company paid $355 a foot, and is in many respects superior to neighboring McKees Rocks' frontage that has brought $200 a foot. And there is not a wide, level piece of McKees Rocks property left. The only realty on the market in McKees Rocks that will appeal to either investors or homeseekers is WEST PARK.

It is the only city improved property which it is possible to buy at popular prices. It is the only high-class real estate that was ever turned over to investors at prices positively beneath actual market value. It is the only property that was ever bought at a price which would make such a sensational proposition possible. If you can't come today take a pleasure trip to the grounds Sunday.

You can read the future of WEST PARK property as clearly as you can an open book. You can see how residence and business sites will enhance in value from facts and scenes at your command the moment you set foot on the grounds. You can see it from the building boom that is in progress, there having been erected on WEST PARK property in the last eight months, houses enough, if put end to end, to extend more than a mile and a half in length.

The giant new railroad enterprises are not all that's contributing to send up the value of WEST PARK lots. Immense mills and workshops are being pushed up from the earth on all sides as if raised by some swifter power than mortal man could plan.

The great new McKay Chain Works and the new Ft. Pitt Malleable Iron Works are ready to call mighty armies of skilled labor to employment. In addition to this enormous industrial expansion are other famous iron and steel enterprises spending millions of dollars in extensions to their plants.

No wonder new railroad shops are being built. The local industrial situation demands it. You must also remember that the district in which WEST PARK is located constitutes the only choice undeveloped land left to Greater Pittsburgh for the widening of her residential territory. It's the only river front section that has room for new mills. This is one good reason why real estate in this district will show the heaviest increase in value. The man who is shrewd enough to see this will take advantage of the ground-floor prices ruling at the present great sale. You won't be able to buy lots in the new WEST PARK plan very many days at $50, $75, $100, $125, $150 to $500. You cannot buy them in the first WEST PARK PLAN where it is built up at anywhere near these figures. You cannot buy very many at any price. Owners are holding on.

The lots that sold at $500 have gone up close to $1,000 by this time, all in the short space of eight months. It will be the same with lots in the new plan.

McKees Rocks, which is built up solidly all around WEST PARK, hasn't a population equal to the number of men employed in its various workshops, due solely to the fact that houses cannot be rented or bought for love nor money. This is a condition unparalleled! Real estate agents in the town report that they have had as high as 200 people make applications for houses within a single week. Where else in all this mill-endowed region will you find industrial operations of magnitude doing such fruitful work toward the advancement of real estate values? Homestead, with her brilliant record, did not cause real estate to advance to any degree like 300 per cent, but the industries of WEST PARK and McKees Rocks have already accomplished that result in many instances. The 300 per cent record has even been passed in a few isolated cases.

These facts make our prices and terms on WEST PARK Lots especially attractive.

Any reasonable amount of money down will be accepted, and the balance $5 per month. 10 per cent discount will be allowed for cash when paid within 60 days. Title is guaranteed by the Fidelity Title & Trust Co., Pittsburgh. Capital $1,000,000. Taxes free until deed is delivered. NO INTEREST.

There never was a sale of property that appealed with such mighty force to railroad men. No property that was ever laid out will have so many railroad men living on it.

WEST PARK is truly and logically the railroad men's home city. It is the terminal point where 3,000 men report for duty. It is the one spot near their work to which the railroad men can take their families with a feeling of safety, knowing that their dear ones will be among friends, refinement and all the influences that contribute to make domestic life happy.

## Marie Stone Left Country to Join Duquesne Garden Chorus.

### ANGRY FATHER IN CHASE

**Tale of Summer Boarder Who Was an "Actress" May Lead to New Star, for Marie is Said to Have Beauty, Talent and Voice.**

"Dear Pa—I can't stay eny longer. They tell me I can get rich and famous. I have had a offer to go on the stage. Don't try to coax me back. The children's clothes are in the big closet in the spare room. Goodby,

"MARIE."

This was the farewell message to her father from Marie Stone, 18 years old, now a member of the chorus at Duquesne garden.

Blinded by the alluring glitter of the footlights she left her home, deserting her four little brothers and sisters intrusted to her care by their dying mother.

Strange to relate her expectations of fame and fortune have some chance of being realized. She appeared at the garden and stated that she had stage experience. She was given a trial and it was discovered that she had a good voice and a remarkable amount of personal beauty.

More than that the management has decided that she has talent, and if the irate father does not cut short her stage career she may some day attain the fame that others have.

**She Lived on a Farm.**

The girl's home is on a small farm back of Versailles, where she lived with her father, two sisters and two small brothers. Her departure was reported yesterday afternoon to the McKeesport police in the hope that the department might be able to bring her back.

Philip Stone, the father, told a distressing story to the police. His wife died two years ago, leaving him with five children, the youngest being 5 years old and the oldest, Marie, then 16. Mr. Stone says his daughter took with her the wedding clothes of her dead mother, which had been carefully stored away, and a number of articles of jewelry, treasured more for association than for intrinsic value, are also missing.

The girl left Thursday morning early for McKeesport, taking with her a large market basket, supposed to contain butter and eggs. It is believed now that the basket was filled with clothing and that several other trips were made during the last two weeks for the purpose of getting her wardrobe away without attracting attention.

**Summer Boarder Named.**

When the girl did not return Thursday evening Mr. Stone supposed she had stayed overnight with some girl friend in McKeesport, but yesterday morning he went to his daughter's room and found the note pinned to the window curtain.

Her sudden appearance as a chorus girl is laid at the door of a female boarder who lived with the Stones last summer. She is alleged to have been an "actress," and, it is said, gave Marie some lessons in stage elocution, besides telling her of the success that awaited her on the boards. Previous to leaving her home the father says, Marie received three letters bearing the printed address of the Duquesne opera company. It is supposed the erstwhile boarder is also a member of the company and wrote to her country friend inducing her to come here.

### NEW MINING COMPANY.

**W. A. Magee at the Head of a $3,000,000 Concern.**

W. A. Magee leads a Pittsburgh syndicate, with James McKnight, of this city, which yesterday secured a charter in Wilmington, Del., for the Golden Chariot Mining Company. Gardner A. Kimball of Wilmington represents the charter interests of that state. The company is to pursue the development of mining property in Idaho, which W. A. Magee has had prospected and which promises rich returns.

The company is chartered to issue capital in the sum of $3,000,000, the charter providing for the mining of all precious metals and the milling and refining of them. A fortnight ago the same interests incorporated another company in Delaware to take care of other development in the west.

### TO FILL WATSON'S PLACE.

**Charles Devereps Named for Council by Citizens of Allegheny's 15th Ward.**

At a meeting of the Citizens party of the Fifteenth ward, Allegheny, last night, Charles Devereps was indorsed for select council to fill the vacancy caused by the death of Samuel Watson. About 400 voters were present and much enthusiasm was caused by Mr. Devereps signing the roll of the Citizens' party and indorsing the party's platform.

Mr. Devereps has been looked upon as the candidate of the City hall people. The special election will be held next Tuesday, and last night it was said that there would not be any opposition to Mr. Devereps.

**Western Lines Also Plan Fast Runs.**

Concurrent with the announcement of a 20-hour train between New York and Chicago western lines are making preparations to cut down the time on long runs east and west, so that the time will be greatly shortened. The Santa Fe, the Northwestern and the Rock Island have entered into this fight for fast time. A new train to be known as the "Colorado Special," west-bound, and the "Chicago Special," east-bound, will be initiated tomorrow by the Northwestern between Chicago, Omaha and Denver. An average speed of 40 miles an hour will be maintained and the time cut two and one-half hours to Denver and one hour to Omaha.

**TO NORTHERN MICHIGAN.**
**Sleeping Car Line from Pittsburgh to Petoskey.**

Sleeping car now running from Pittsburgh to Grand Rapids via Ft. Wayne over Pennsylvania lines and G. R. & I. Ry.—"The Fishing Line"—will be extended to Petoskey June 22. It will leave Pittsburgh daily at 8:00 a. m. and arrive Petoskey next morning for breakfast. Harbor Springs, Traverse City, Bay View and resorts on Little Traverse bay, as well as Mackinaw City and Mackinac island may also be conveniently reached by taking this through car line.

**A Tour to Boston.**

The Baltimore & Ohio railroad has arranged for a delightful, personally conducted tour to Boston on June 12, and have at their various offices for free distribution, a booklet giving full information. A very low rate is named to cover all expenses. Tickets will be good until June 30.

## Protested Checks Bring Forth Grave Charges; Mysterious Explosion at Franklin Is Fatal

# BANKERS ARE IN THE TOILS

**President and Cashier of a Middletown Bank Mixed Up in Stocks.**

### CRIMINAL CHARGES MADE

[SPECIAL TELEGRAM TO THE GAZETTE.]

HARRISBURG, June 6.—B. S. Peters, president, and A. H. Rider, cashier of the Farmers bank of Middletown will be arraigned in the Dauphin county court next Thursday on criminal charges growing out of the refusal of Peters to pay margins on certain stock transactions.

Peters is alleged to have been a large speculator on margins in sugar and steel stocks with J. B. Fleshman, the Philadelphia broker, who has a branch office in this city. During the speculation the accounts showed the bank president to be largely indebted to Fleshman and for part of the indebtedness he gave checks drawn upon the bank of which he is president. These checks Peters allowed to go to protest last May and refused to pay the balance due the broker.

Prior to this occurrence Rider is alleged to have engaged in speculation with the same broker, having been introduced by Peters. The criminal charges against Peters and Rider have grown out of this speculation, but whether they have been instigated by the stockholders of the bank or by Fleshman will not be disclosed until the suits come to trial.

The charge against Rider is violating the criminal statutes of Pennsylvania, which make it a misdemeanor for a cashier of a state bank to speculate in stocks. Peters is charged with aiding and abetting Rider in speculation and with having conspired with the cashier to violate the statutes which prohibit a bank cashier dealing in stocks.

Peters conducts a large department store at Middletown and is prominent in business and church circles. Rider is also prominent in the business affairs of the borough.

### READY FOR DIPLOMAS.

**Program for Commencement Exercises at Southwestern State Normal School.**

CALIFORNIA, PA., June 6.—(Special.)—With the commencement exercises of the week of June 15 the Southwestern State Normal school at this place closes the most prosperous year in its existence. The total enrollment for the year, including both the normal school proper and the model school, is approximately 900. Of these about 450 have been students in the upper grades and 450 in the model school, comprising the children of California of less than 16 years of age.

ELKINS, W. VA., June 6.—Mrs. Bridget O'Connor, the oldest resident of Randolph county and probably of the state, is dead at Womelsdorf, aged 105 years. She lived in Randolph county 84 years. She was a native of County Roscommon, Ireland.

# BOY CHASED PET DOG TWENTY MILES.

[SPECIAL TELEGRAM TO THE GAZETTE.]

YOUNGSTOWN, O., June 6.—Eight-year-old Earl Toler of New Castle has a pug dog that has caused the lad much trouble and a long chase, but the two are again reunited and both happy.

The dog decided to start out for a short cross-country spin yesterday, and the lad followed in hot pursuit, afraid that his pet would be unable to find his way home again. The chase led from the city into the country districts and ended only after boy and dog had covered 20 miles and landed in this city.

The dog and boy were found here last night, together and contented, by Patrolman James Smith, and both were fed until the father of the lad arrived and took the truants home.

"I wouldn't take $100 for that dog now, and I don't believe he is worth 3 cents," said Mr. Toler today, as he bundled the lad and his pet into a car.

# WOMAN'S BICYCLE MAY REVEAL CRIME

**The Beaver River Will Be Dragged in Search of a Body.**

[SPECIAL TELEGRAM TO THE GAZETTE.]

BEAVER FALLS, PA., June 6.—Yesterday evening while George Beveredge and Samuel Yates, two colored men, were fishing in the Beaver river near the Eastvale bridge one of them drew to the shore on his line a woman's bicycle of the most expensive make, and almost new.

This find has started all sorts of sensational stories to the effect that one night last week about 12 o'clock a woman was heard screaming for help on the bridge. It is believed that she was attacked by a gang of toughs known to infest that vicinity and thrown over the bridge into the river and her bicycle thrown after her.

The matter has been reported to the Eastvale authorities and the river, which is very deep at that point, will be dragged.

### OUTLAW ARRESTED.

**Abe Buzzard, Who Has Served Over 30 Years in Prison, Is Nabbed Again.**

READING, PA., June 6.—(Special.)—Abe Buzzard, the famous Welsh mountain outlaw, was arrested here this afternoon to be taken to Lancaster, charged with horse stealing. It is alleged that another party in custody made a confession implicating Buzzard.

Barring the two years since his release from the penitentiary Buzzard has been living in this city. He said he had thoroughly reformed and obtained employment.

In all he has served over 30 years behind the bars, though but 50 years of age. He has three brothers who served over 20 years each. Abe claims he is innocent of the present charge.

**Annual Inspection at Gettysburg.**

HARRISBURG, June 6.—General orders were issued today from the headquarters of the National guard announcing that the annual inspection will be made during the division encampment at Gettysburg on July 12-19, under the supervision of Inspector General Sweeney. Officers will not be permitted to mess with the enlisted men or to have cooking done in company tents.

# FRANKLIN MAN TORN TO ATOMS

**William Guy Met Death in a Mysterious Explosion Yesterday.**

### SUICIDE IS ONE THEORY

[SPECIAL TELEGRAM TO THE GAZETTE.]

FRANKLIN, PA., June 6.—A terrific explosion in the Zeigler boarding house this afternoon blew the body of William Guy to shreds, wrecked one side of the structure and set the building on fire. What caused the explosion will remain a mystery, the only person who could throw any light on the subject being Guy.

Two theories are current, one of which is that Guy, who was a telephone lineman, placed a stick of dynamite under his bed, lit the fuse and destroyed himself. Another is that he had some powerful chemical in his pocket, which was accidentally exploded. Guy was known to have had dynamite in his room.

His fellow workmen can tell nothing about Guy except that he once remarked that he was from St. Paul. Had the explosion occurred at noon, when the dining room, which is directly under Guy's room, was filled with boarders, many would have been killed.

### BRIDEGROOM FICKLE.

**Decides on His Wedding Night That He Does Not Care to Marry.**

WASHINGTON, PA., June 5.—(Special.)—Walter G. Doak of Washington county, who was to have married last night Miss Bessie Hallam of Laboratory, at the last moment decided that he preferred single blessedness and failed to show up at the required time.

Arrangements had been made to have the ceremony performed at the home of a relative of the bride in this city, and everything was ready. The Rev. J. G. Patton, pastor of the First Cumberland Presbyterian church, had been secured to marry the couple and the guests had been invited. The bride was in readiness, when someone informed her that Doak had not put in an appearance. The ceremony was postponed for a short while until the non-appearance of the groom could be accounted for. A search was made for him and he was found quietly sitting in the lobby of a Washington hotel.

He was asked if he would be present for the ceremony and stated that he had decided that he did not want to be married, and sent word to Miss Hallam that he released her from her engagement. The bride was almost heart-broken and is in a serious condition as a result. The girl is a member of one of the prominent families in this section, her father being a prosperous farmer.

# DURING SUMMER MONTHS

## Dr. Hartman Gives Free Advice to Suffering Women.

**Dr. Hartman, the Famous Gynaecologist and Inventor of Pe-ru-na, Offers to Treat Women Free During the Summer Months.**

America is the land of nervous women. The great majority of nervous women are so because they are suffering from some form of female disease. By far the greatest number of female troubles are caused by catarrh.

Women afflicted with pelvic catarrh despair of recovery. Female trouble is so common, so prevalent, that they accept it as almost inevitable. The greatest obstacle in the way of recovery is that they do not understand that it is catarrh which is the source of their illness. In female complaint, ninety-nine cases out of one hundred are nothing but catarrh. Peruna cures catarrh wherever located.

The following letter was recently received:

186 W. 38th St., New York City.
The Peruna Medicine Co., Columbus, O.

Gentlemen:—"What bread and meat means to the hungry Peruna means to the sick. It is an especially valuable medicine for sick women. I have found that no medicine so quickly restores health and places the body in a normal condition. I but voice the sentiments of women who were once sick, but are now in perfect health.

MISS LIZZIE SNEATHING.

All women who are in doubt as to what their trouble is should write Dr. Hartman, Columbus, Ohio. Give him a full description of your trouble, previous treatment, symptoms and age. He will promptly reply with full directions for treatment free of charge. This is an opportunity which no ailing woman should miss. Dr. Hartman has become renowned through his success in treating women's diseases. His experience in these matters is vast. Correspondence is strictly confidential. No testimonials published without written consent. Dr. Hartman relies principally upon Peruna in these cases. Peruna cures catarrh wherever located.

Mrs. Alex. Johnson, 256 University avenue, Kingston, Ontario, Can., writes:

"I have been a sufferer for years with bearing down pains and backache, and got no relief from doctors' prescriptions. I commenced taking Peruna and after taking the first bottle I felt much better and within a month I was a well woman, and heartily recommend it to any woman who is in as poor health as I was."

MRS. A. JOHNSON.

Miss Mabel Meyers, Argentine, Kansas, collector for the Kansas Temperance Union, writes: "Peruna has proved a friend to me, for it cured me when I was sick and the least I can do in return is to acknowledge its value to the public. Since I was 17 years old I have suffered with headache, backache and pains in the shoulder blades. I caught cold easily and my lungs were weak. Catarrh of the lungs was what the doctors called my trouble. I took their medicine for eighteen months without any benefit, and hearing about Peruna I decided to try it. I used nine bottles and was restored to health. This was two years ago, and I am now in perfect health."

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be glad to give you his valuable advice gratis.

## HOW IT CAN BE OBTAINED

**How to Make a Marvelously Perfect Complexion and Restore Youthful Looks.**

**HOW TO REMOVE PIMPLES, FRECKLES, MOTH, BROWN PATCHES, BLACKHEADS, OILINESS AND ALL DEFECTS FROM THE FACE, NECK AND ARMS.**

There is nothing more beautiful than the human face with its vivacious countenance, its sparkling eye, its pleasant smile and perfect symmetry.

But the crowning glory of the face is a radiant complexion with its lively glow, its youthful tinge, and its fine, smooth texture.

**But the question is can such a complexion be attained?**

In this wonderfully progressive age of art, literature and science; of the steam engine, the mighty cannon, the electric motor, the wireless telegraph and the ponderous fabric-making machines; what is there that is impossible?

By a careful study of the nature and texture of the skin, and a thorough research in the realms of chemistry and compounding of ingredients, a remedy has been at last perfected that will accomplish these results.

**This remedy is Mme. A. Ruppert's Face Bleach.**

**WHAT FACE BLEACH IS.**—Face Bleach is not a cosmetic to cover up, but it absolutely removes once and forever all the discolorations and blemishes to which the complexion is subject. I can positively guarantee every woman it will do all I claim. **Its action on the skin cannot fail** to remove every defect. It's a well-known fact that the blood in order to cleanse itself is constantly throwing off its impurities through the pores of the skin; now if the pores are not kept open, the impurities of the blood cannot escape, but collect below the surface, and produce all manner of skin troubles, such as PIMPLES, FRECKLES, MOTH, SALLOWNESS, ECZEMA, ACNE AND NUMEROUS OTHER SKIN DISEASES AND DISCOLORATIONS.

**ACTION OF FACE BLEACH.**—Now Face Bleach has this two-fold action; first, it has a magnetical action, which attracts and draws to the surface the impurities which have collected under the skin; and, secondly, a chemical action which removes by scaling off (in the form of a fine dandruff) the surface of the outer, diseased or dead cuticle, leaving the under skin—beautiful, youthful-looking and delicately tinted by nature—clear, smooth and perfect. This method is perfectly harmless to the most delicate skin, as it harmonizes with the laws of hygiene and nature, the two factors which we must adhere to and follow if we wish to permanently improve our personal appearance.

**THOUSANDS BENEFITED.**—Thousands of patrons, who were annoyed and vexed with most miserable complexions, have been delighted with the grand improvement Madame Ruppert's Face Bleach has produced in their skins. Many complexions, covered with pimples, freckles and eruptions of (itching, burning and annoying) have been changed to bright, beautiful skins, and the improvements made in their looks were simply marvelous. There is scarcely a defect to which the complexion is heir which will not succumb to this wonderful remedy. Premature wrinkles and lines—those inroads of beauty—are quickly effaced, and those muddy, disfiguring, sallow, jaundiced skins are quickly transformed into clear, wholesome ones by its use. Flabby skins—which also mark the ravages of time—become firm and smooth after a few applications. Skin troubles which have baffled the most skilful physicians have been removed and cured promptly, and many have expressed, personally and by letter, their heartfelt and profoundest thanks for this wonderful Face Bleach.

A positive guarantee is given if Face Bleach is used according to the new special directions, which are furnished with each order, that it will remove every discoloration and impurity from your complexion.

All of Mme. A. Ruppert's world renowned preparations are sold by us at reduced prices.

# SLASHER WILL NOT REVEAL HIS DWELLING PLACE

## Says He Will "Rot in His Grave" Before He Will Tell.

## NAME MAY BE DURBINSKI

**Polish Interpreter, Who Talked With Him Yesterday, Thinks Another Syllable Should Be Added—Police Certain He Is the Man.**

The police are more than ever convinced that Joseph Durby, or Durbinski, as his name is now supposed to be, is in reality "Jack the Slasher." The man is so determined not to disclose the whereabouts of his dwelling place that the police anticipate finding a wealth of incriminating evidence when they discover where he lives. They believe that in his room they will find a lot of plunder, secured from houses he entered. The police had an interpreter talking to Durbinski at Central station yesterday and the interpreter reported that Durbinski said he would never tell the police where his room is.

"I'll rot in my grave first," he said. It was the interpreter who said that Durbin or Durby, the names by which the prisoner has been known at the police station, were not Polish names and that the right name was probably Durbinski.

Durbinski was taken before Magistrate McKenna in the morning on two charges of entering a building with intent to commit felony. Nobody was present but Superintendent McAleese, Inspector Will, the prisoner and the interpreter. Durbinski was committed to jail, pending a hearing next Tuesday. Inspector Will and Police Capt. McClelland handcuffed him and took him to jail.

As soon as Warden Lewis saw his lowering, scowling look he decided that the man was not "right" mentally and ordered him to be taken down stairs. Inspector Will hopes that within a week he can learn where Durbinski lives.

The houses of Col. James Shaffer of Bluff street and of Charles Herringer, No. 200 Main street, are the ones Durbinski is charged with entering. It was from Col. Shaffer's house that the hat Durbinski wore was stolen. The watch found on him was stolen from Berringer's house.

On Tuesday one and perhaps two more informations will be made by Inspector Will. A pocketbook found on Durbinski contained $19. The purse was identified by Miss Maxwell, a teacher in the School Director Maxwell of the Sixteenth ward. It was stolen from the house. In these three houses all the upholstered furniture on the first floor was ruined by slashing.

The Interpreter, who has been talking with Durbinski, is a member of a Polish banking firm. He says the man is well educated and in mental attainments is away above the average Polish immigrant.

## ESTATE IS THE STAKE.

**Wife Makes Hard Fight to Prove Albert Pitcairn's Sanity at the Altar.**

More testimony was taken yesterday in common pleas court No. 2 to show that Albert Pitcairn was insane at the time of his marriage, and that Mrs. Mary Pitcairn is not his legal wife. The case is an appeal from the decision that Pitcairn was a lunatic for four years prior to the inquisition.

Dr. R. L. Pitcairn swore that James and Alice Pitcairn, brothers and sisters of Albert, have been insane for 37 and 27 years. Upon cross-examination it was shown that Albert Pitcairn was appointed as a commissioner in James Pitcairn's case on May 6, 1899.

W. H. Archberger swore that Albert Pitcairn acted queerly after May, 1897. R. A. Thompson said he considered Albert Pitcairn "a strange man." R. L. Pitcairn, a brother of Albert Pitcairn, said the latter was not the same man after he failed in a railroad project in 1887. Henry Meyer, a cutter, who worked for Albert Pitcairn, said his employer first began to act odd in 1894.

Attorney George D. Riddle said Albert Pitcairn first became rash in his business methods about six years ago, while A. G. Riddle swore his actions were peculiar. A. W. Ford gave like testimony.

George Carothers, bookkeeper of the Third National bank, said Albert Pitcairn attended board meetings regularly, and he did not notice anything strange in his actions until December, 1899. Mrs. Louisa Freeborn testified that after the failure of the railroad project Albert Pitcairn became morose.

Mrs. Leslie Francis of Allegheny gave damaging testimony against Mrs. Pitcairn's previous character, saying she had been living with a number of men as Mrs. Luten, Mrs. Prout and Mrs. Bunting.

Judge Frazer held that the matter of Mrs. Pitcairn's actions and marriage did not enter into the case, as the question was one of the mental condition of Albert Pitcairn at the time he was wedded.

Another witness swore that he was sitting on the steps of Pitcairn's house in Allegheny one night when Pitcairn came out, and without provocation, threw the witness bodily across the street. Upon cross-examination it was shown that the witness had been drinking, and at the time was surrounded by a number of small children.

Attorneys J. Scott Ferguson and Henry Meyer appeared for Mrs. Pitcairn and Marron & McGirr for the commissioner.

REVERE, MASS., June 6.—(Special.)—A peculiar development in the building of the new Carnegie library edifice here is causing considerable worry.

The structural iron had been purchased by the sub-contractor in England and has been delayed in shipment. The contractor was not required in the specifications to buy his iron of the Carnegie Company, but the building committee would have been much better pleased if he had done so and would not now be worrying over the question of whether Mr. Carnegie will be offended over this neglect.

# FRENCH CABINET FORMED BY COMBES

**NAMES OF MEN SELECTED MADE PUBLIC LAST NIGHT.**

**The New Ministry Has a Strong Radical and Socialist Element in It, Delcasse, Rouvier and Chaumie Representing the Purely Republican Side.**

[COPYRIGHT CABLE TO THE GAZETTE.]

PARIS, June 6.—Senator Combes, progressive Republican and ex-vice president of the senate, who yesterday accepted the task of forming a new cabinet, was engaged all day in conferring with political friends, but tonight the formation of a ministry is assured.

After a meeting held at 9 o'clock tonight the following list of ministers were semi-officially announced:

M. Combes, premier, minister of the interior and minister of public worship; Senator Valle, minister of justice; M. Delcasse, minister of foreign affairs, reappointed; Gen. Andre, minister of war, reappointed; Deputy Marnejouls, who was minister of commerce in the Brisson cabinet, minister of marine; Senator Chaumie, minister of public instruction; Deputy Pelletan, minister of public works; Deputy Doneragne, minister of colonies; Deputy Trouillet, who was minister of colonies in the Brisson cabinet, minister of commerce; Deputy Mougeot, minister of agriculture.

Deputy Rouvier will probably accept the portfolio of minister of finance. The difficulty in Rouvier's accepting this post lies in the question of the progressive income tax, which the Radicals have put in the front rank of their program, but which Rouvier opposes. Combes is endeavoring to arrange a compromise on this point.

The ministry thus formed has a very strong Radical and Radical-Socialist element in it, Delcasse, Rouvier and Chaumie representing the purely Republican side.

## ON THE GOLF COURSES.

**Heavy Play Is Scheduled for Today. Two Interesting Events Determined Yesterday.**

The heaviest Saturday of the season for championship team play is offered today, with two contests of the Western Pennsylvania schedule. The full program is as follows:

Highland Golf club (league champions) vs. Pittsburgh Golf club, at Schenley park.

Edgewood Golf club vs. Edgewood, at Edgewood.

Eighteen-hole handicap in a contest against "bogey," for members of Pittsburgh Golf club, on Schenley course; cup offered by H. G. Brown.

Semi-final handicap match play round for Governor's cup, on Westmoreland Country club's course, at Logans Ferry.

Qualifying round of 18 holes for the W. A. Shaw cup, on the Brignton Country club course, California avenue.

Eighteen-hole handicap, golf ball sweepstake, for home members, Highland Golf club, in absence of team.

Competition for cup offered by B. F. Jones, Jr., 18-hole handicap, on new Allegheny Country club course.

The handicap 18-hole tournament on the Highland course yesterday afternoon for the cup offered by H. C. Fownes resulted in a tie between Mrs. John Chapman and Mrs. S. D. Warmcastle. The tie will be decided some time next week. Miss Mary Fownes played the best golf with 107 strokes from scratch, while Mrs. Chapman was close, with a gross score of 108. The cards were as follows:

| | Gross. | Hdcp. | Net. |
|---|---|---|---|
| Mrs. S. D. Warmeastle | 124 | 24 | 100 |
| Mrs. John Chapman | 108 | 8 | 100 |

| Mrs. Louis Brown | 121 | 8 | 113 |
| Miss Grace Kelly | 114 | Scr. | 114 |
| Miss Elizabeth Stoner | 128 | 6 | 122 |

The mixed foursome tournament in progress on the Edgeworth course at Sewickley for the past week was won yesterday by Mr. and Mrs. Charles B. McVay, Jr., by one up. The 18-hole match with Mr. and Mrs. R. P. Nevin, Jr. Mr. and Mrs. McVay had a handicap of five strokes. The winners receive two silver trophy cups offered by the club.

## THE WEATHER.

The Washington weather observer predicts thunder storms and cooler for Pittsburgh and vicinity today. His forecast for tomorrow is fair weather. The mercury yesterday afternoon took a spurt and by 4 o'clock had reached 88 degrees, at which point it remained until 6 o'clock last evening. At 10 o'clock last night the mercury had gone down only 4 degrees, making the evening rather warm, especially indoors.

# PALACE IS BEING PLANNED BY THE ORDER OF FRICK

**New York Revival of Story About Pittsburgh's Magnificent Hotel.**

## ITS COST PUT AT $3,000,000

**Burnham Is the Architect and the Fuller Company Will Do the Building—To Be 18 Stories High and Rich in Marbles.**

The story that Henry C. Frick is to build in Pittsburgh one of the finest hotels in the country, costing $3,000,000, after having been repeatedly published in Pittsburgh, is now being given a fresh start in the New York papers. As the story goes in New York, the new hotel will equal in appointments and comfort any in the land. New ideas are to be introduced which, it is said, will fix a standard of hotel building for years to come.

The story goes on to relate how the hotel is to adjoin the Frick building on a plot ground 200x100 feet in Grant street; how it will rise to 18 stories, and in design resemble closely the great office building which bears Mr. Frick's name and which is regarded by architects as a model. D. H. Burnham of Chicago, the architect of the Frick building, is to prepare the plans for the hotel, and the construction work will be done under his direction by the George A. Fuller Company.

**Terse Instructions to Burnham.**

"Build the finest hotel in the world for $3,000,000" is the terse way in which Mr. Frick, according to the New York story, is said to have communicated his wishes to Mr. Burnham. In a general way he amplified this injunction, but to the architect he left the task of arranging details. Mr. Burnham is said to be at work on the plans and it is probable, so the story goes, that the builders will be summoned early in the fall.

From cellar to garret the hotel is to be constructed of fireproof materials, with an exterior of granite and walls of Italian marble of the softest tints obtainable. Electricity will be utilized to heighten the color effects of the interior decorations, as well as for illuminating purposes, and a system of ventilation is to be introduced which will minimize the rigors of both heat and cold.

Mr. Frick's purpose in building is twofold. He believes in the first place that Pittsburgh needs a hotel of the first class that will rival the houses in which its millionaires are accustomed to live when in New York and Chicago and by supplying this need he hopes to find a profitable means of investment. The hotel, it is said, will be opened by September, 1903.

**Mr. Frick Often Appealed To.**

Mr. Frick has been repeatedly approached for confirmation of some of the many hotel stories with which his name and late down-town real estate purchases have been connected. He has never confirmed any of them. He has admitted considering hotel plans for a part of his holdings in the square bounded by Fifth and Sixth avenues, Grant street and Cherry alley. The agreement he made when he purchased the St. Peter's cathedral property would prevent the erection of any building on that part of his holdings by September, 1903. Mr. Frick could not be seen last night with reference to this latest story now being talked about in New York, along with the other wonderful things the rich men of Pittsburgh do.

## VOLCANOES MENACE NICARAGUA ROUTE

**Senator Hanna Points Out That Two of These Dangers Are in the Lake Which Bisects It.**

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, D. C., June 6.—The senate resumed consideration today of the isthmian canal bill, Mr. Hanna continuing his argument in support of the Panama canal. The Ohio senator declared that no political considerations are involved in the canal problem. He presented the opinions of 83 ship masters and pilots in favor of the Panama route as against the Nicaragua route, for many reasons, which they cited.

He urged that the construction of the Nicaragua canal is beset with unknown difficulties, while the construction of the Panama canal is "an open book." He laid particular stress on the danger to the Nicaragua route from volcanoes, and urged that it is not good business policy to ignore those dangers in a project involving an expenditure of $200,000,000. He quoted Prof. Heilprin, the volcano expert, as saying the region of Panama is not in danger from volcanic disturbance. In Lake Nicaragua itself there are two volcanoes, one of which had been active recently.

"Is it," he inquired, "reasonable or safe to put aside lightly such conditions? We are not going backward in history to find illustrations, but we are considering the dangers from volcanoes that may arise at any time. If there were no other reason would not these reasons cause any party or any corporation to hesitate in the expenditure of $200,000,000?"

He suggested that if the United States should decide to construct a canal along the Nicaragua route it would have no assurance that some other nation would not decide to construct the Panama canal. If such jealousy should arise as would prompt another nation to construct the Panama canal, the United States, in his opinion, would be at a serious disadvantage.

Mr. Hanna appealed to the senate to consider the matter as a business proposition, and with some feeling repudiated the suggestion that those favoring the Panama route are not in favor of any canal.

# PREPARING FOR STATE MEETING

**CHRISTIAN ENDEAVORERS EXHIBIT LIVELY INTEREST.**

**It Will Begin Here on July 8 and Various Committees Have Almost Completed Arrangements — Intermediate Rally Will Be One of Features.**

The 15th annual and first biennial state convention of the Christian Endeavor union, to be held in this city July 8, 9 and 10, is arousing much interest among the young people of all denominations. The various committees in charge have almost completed their work. A general meeting is to be held next Tuesday evening in the parlors of the Young Men's Christian association to finish up routine business.

An interesting feature of the convention will be the intermediate rally. Of late years there has been a tendency to take a livelier interest in the younger branches of endeavor work, and this year's intermediate rally is mapped out to further it. The intermediate conference will be conducted by the Rev. William N. Yates, and "Closing Thoughts" at the junior rally on Thursday afternoon will be spoken by Mrs. Cordelia Jameson Lewis of Sheraden, Pa.

The headquarters of the intermediate will be established in the Bellefield Presbyterian church. From here the Christian Endeavorers to the number of a thousand will march to Tent Endeavor singing "Keep Step With the Master." On account of ill health it is stated that the Rev. Dr. Floyd Tompkins will not be present this year. His place will be taken by the Rev. Arthur J. Smith of Richmond Hill, Long Island, who will speak on "The Quiet Hour."

The Rev. Joseph Wilson Cochran of Philadelphia will speak on "The Kingdom and the Social Circle." During the rally for intermediates the Rev. Dr. George B. Stewart will deliver his lecture on "What to Do With Him." This is a thoughtful outline of instructions on how to care for the growing-up lad. Dr. Stewart is president of Auburn Theological seminary, Auburn, N. Y.

## GEN. WILEY WILL BE COMMANDER OF PARADE

**Has Designated His Headquarters for the Fourth of July—Military Organizations to Take Part.**

The military arrangements for the Fourth of July celebration will be in charge of Gen. John A. Wiley, commander of the Second brigade. He has designated the Seventh Avenue hotel as headquarters for himself and staff. Acceptances were received yesterday from Col. E. E. Barnett of the Tenth; Col. W. E. Thompson of the Fourteenth; Capt. William Reese, commanding Battery B, and Capt. C. S. W. Jones, commanding the Sheridan troop, Tyrone, stating that their commands would take part in the parade. H. P. Bope will be in command of the Boys' brigade and other independent commands. The formation and route have not yet been decided upon. The Eighteenth regiment has also been asked to participate and its acceptance is expected daily.

Following are the contributions received by Treasurer W. A. Carr up to 5 o'clock last night:

## THE KING LIKES KEENE.

**American Financier and British Monarch Exchange Compliments.**

LONDON, June 6.—(Special.)—James R. Keene had an opportunity last night of telling the king about the inside workings of Wall street. Both were guests of Lady Lister Kaye at dinner.

The king told Mr. Keene he was always glad to meet representative men of America, especially such a good sportsman as Mr. Keene, and expressed his appreciation of Mr. Keene's motives in giving the Oaks stakes, which he won last year with Cap and Bells II., to charity.

Mr. Keene, with characteristic bluntness, told the king that his majesty was exceedingly popular with the people of the United States, which was a greater compliment than to say he was liked by the government, for in the United States the people govern.

## LITTLE RED DEVILS.

**Mind Makes Peculiar Things.**

Coffee almost kills some people before they are willing to admit that coffee is really the cause of the trouble. Yet it is easy to break off the habit providing Postum Coffee, well boiled, is served in its place.

A lady says: "After coffee drinking had become a habit with me I experienced a sense of faintness in the stomach with lassitude and dullness of the mind. This was accompanied with severe pains in the region of my liver.

"Gradually my health failed and I became thin and a nervous wreck, having sick headaches every day. Then insomnia set in and I suffered for four years such torments as those who have been through the experience know of. At night I would grow so nervous over the continual distress in my stomach that I would imagine hundreds of little red devils had strings attached to the back of my stomach and were trying to pull it out. I was compelled, at times, to take laudanum to relieve the distress and cramps.

"This condition lasted with some variations for about three years. I tried various physicians and finally was advised to try leaving off coffee; this I thought could not be done. I was finally induced to give up coffee and use Postum, and I began to get well.

"When I recovered and thought I was well enough to go back to coffee again I tried it, but after using it a short time the old stomach trouble came back and I threw the balance of the coffee in the stove. There has never been a grain of the old-fashioned coffee in the house since and never will be as long as I am running it.

"Postum Coffee is delicious when made according to directions and served hot with good cream and some sugar. The whole family use it and enjoy it greatly. I have gained 40 pounds in the last year and my nerves are fast becoming a thing of the past. I sleep perfectly all night and am a well woman, thanks to Postum." Name given by Postum Co., Battle Creek, Mich.

# LOCAL NEWS OF ALL PITTSBURGH

Three Cities, Forty-Five Boroughs and Twenty-Six Townships. Population, 726,064.

Fifth in Volume of Bank Clearings. Fourth in Rank Among Cities. Area, Sq. Miles, 316.22.

**Fell from an Open Car**—Patrick Crowe, aged about 50, while somewhat intoxicated last evening fell from a Bloomfield car. A severe gash was cut over his left eye and he was badly bruised.

**Higher Pay in McKeesport**—The pay of the policemen and firemen in McKeesport is to be increased 25 cents a day. The two chiefs and the police lieutenants will get 50 cents more each day.

**Little Girl's Serious Fall**—Minnie Welsh, 8 years of age, daughter of T. G. Welsh of No. 928 McClure avenue, Allegheny, fell from a shed yesterday morning and broke a leg and two ribs.

**An Advance in Wages**—Notices have been posted in the Pittsburgh & Lake Erie railroad roundhouse at McKees Rocks that the wages of machinists have been increased to $2 75 a day.

**Dog Poisoners at Work**—The dog poisoner is abroad in Homestead and during the past week more than 25 dogs have been poisoned. A number of the dogs were valued highly.

**Local Company to Enlarge**—The Vulcan Crucible Company of Pittsburgh is arranging to enlarge its plant at Aliquippa. Eight puddling furnaces are to be added along with plate mills, annealing furnaces and other improvements.

**Strikers Making Trouble**—The templ-plate makers in the Marshall-McClintic structural iron plant are on a strike for more money, and there is considerable trouble there. Four officers are on duty and yesterday there were three arrests.

**Smallpox in McKeesport**—William Ray, 24 years of age, of McKeesport was discovered yesterday to have smallpox. He was sent to the pest house. For two hours he roamed about town, and there is great consternation among the people for fear he may have infected others.

**Postoffice in Oakland**—A sub-station of the Pittsburgh postoffice is to be established in the Oakland district July 1. It will be located in the Iroquois block, Forbes street, between Atwood street and Meyran avenue. The new postoffice will be known as the Oakland sub-station.

**Dangerous Sport Must Stop**—Supt. McAleese has ordered the inspectors to have the officers notify all persons that ball playing in the streets is dangerous and must be stopped. Numerous complaints have been made that people have frequently been injured by wild balls. The penalty is a fine of $10 and costs.

**Another Sheraden Victim**—Harry Coulson, 20 years of age, died yesterday at his home in Chartiers township, making the 28th victim of the Sheraden disaster on May 12. Coulson was badly burned on the hands, but they healed rapidly and just when he thought he was about recovered blood poisoning developed.

**Final School Examinations**—Supt. John Morrow of the Allegheny schools has ordered that final examinations of the sixteenth step pupils for admission to the high school shall take place as follows: June 18 at 9 a. m., English grammar; June 19 at 9 a. m., United States history; June 20 at 9 a. m., arithmetic.

**Columbus Men Taken Back**—Detectives Patrick Kelly and Richard Owens of Columbus, O., came yesterday and took back with them last night Roy Davids and Harry Sands, the waiters, arrested several days ago on charges of larceny. Sands, it is alleged, took $85, a watch and a bicycle from his employer. Davids hired a bicycle and brought it with him.

**Look Before You Leap**—George Watson of Shaw avenue, Turtle Creek, jumped off a freight train at East Pittsburgh yesterday and was knocked off the track by a train going in the opposite direction. Seventeen stitches were taken in his scalp to recover his head. His wounds are too numerous to mention, but he will probably recover.

**Braddock Commencement** — The ninth annual commencement of the North Braddock high school was held last evening in Carnegie hall, Braddock. The presentation of diplomas was made by A. M. Scott, president of the school board, and the principal address was by the Rev. N. H. Holmes, pastor of the Methodist Episcopal church.

**War Over Licenses**—Pittsburgh and Homestead are at war. Pittsburgh started it when Ordinance Officer R. H. Lindsay said all Homestead vehicles must have a Pittsburgh license plate. Burgess J. C. Miller of Homestead comes back by stating that every Pittsburgh vehicle that invades the borough of Homestead must have a Homestead plate or he will make the driver suffer.

**Stole Purse and Hit Officer**—Late last night a negro snatched a pocketbook out of the hand of a woman at Water and Grant streets and darted up Grant. The woman shrieked and ran after him. Washington Walls, a colored policeman, was on a street car in Second avenue. He saw the excitement and jumped off. The negro was running up Second avenue and Walls stepped in front of him and tried to stop him. Walls got a blow on the eye and when he recovered his footing the man was 25 yards away and running free. The thief held the pocketbook, which contained $30 and a small diamond ring, so the woman said. Walls was not speedy enough to catch him.

**Free Organ Recital**—The five hundred and nineteenth and the five hundred and twentieth in the series of free organ recitals at Carnegie Music hall will be given this evening and tomorrow afternoon by Mr. Walter E. Hall. This evening's program contains a number of compositions originally written for the organ, as well as a number of original transcriptions.

**Awarded Life Memberships**—In response to the appeal of the Boys' Industrial Home, offering to give a certificate of life membership to each boy who contributed $100 to the work, the following have recently contributed: R. G. and W. S. McKinney, John Munhall, James M. Queen. In addition to these over 50 prominent men and women have become life members by the payment of $100 each.

**Dog-Catchers in Action**—The dog-catchers had their first real fight of the season yesterday on the South Side. They captured a dog at the corner of Sarah and South Eleventh streets, and the owner protested. James Gentile came along while the discussion was in progress and took a hand. There was a lively fight ended by Gentile's arrest and the impounding of the dog.

**The Mortgage Was Burned**—In the presence of the largest congregation that ever filled the Methodist Episcopal church of Homestead the last of the indebtedness against the building was wiped out last night, when the mortgage for $5,000, which had been against the building since it was erected in 1888, was burned. Addresses were made by the pastor, the Rev. W. C. Weaver, the Rev. James Mechan and the Hon. John Cox.

**Wanted to Go to Johnstown**—A woman with an 8-year-old boy, who gave a different name every place she was, worked the preachers and storekeepers of Wilkinsburg yesterday "for money enough to go to Johnstown to see her sick mother." That was her story to all. She was arrested and charged with obtaining money under false pretense. She then gave the name of Mrs. Mary Kentler.

**Positions Go Begging**—Postmaster C. H. Sheets of Braddock is worried by a lack of applicants for positions in the Braddock postoffice. Unless some are found within a few days the office will be in serious shape, as a clerk at $600 a year and two letter carriers are to be placed on duty, and so far there are no applicants for the places. A civil service examination is to be held in Braddock on June 14, but no candidates have so far turned up.

**No Hoop Settlement Reached**—No settlement was reached at the wage conference yesterday between representatives of the American Steel Hoop Company and the Amalgamated association. Another conference will be held today. The men ask for some concessions recently granted by the Republic Iron and Steel Company, but not included in the agreement made some time ago for a continuation of the old scale.

**Swissvale Offered Library**—Andrew Carnegie has offered the borough of Swissvale $25,000 for a library, with the usual conditions of a free site and $2,500 for maintenance, and this offer has been supplemented by W. B. Dickson, second vice president of the United States Steel Corporation, who is a native of Swissvale and offers $25,000 additional to be added to the library in the form of a casino, containing a swimming pool, gymnasium and other features. The offer was made public by Burgess Kitzmiller yesterday.

**Fled from Friend's Ghost**—Viola Stephens ran into the public safety building in Sixth avenue last evening crying that a ghost was chasing her. The woman, who was evidently demented, was quieted by the police sergeants and explained that she lived in the Washington street house in which Emma Anderson recently committed suicide. It was the Anderson woman's ghost she feared. The girl admitted that she was a cocaine fiend and was locked up. Her sanity will be inquired into today.

**Phillips Again Arrested**—"Tony" Phillips was arrested in Beaver Falls yesterday by Deputy Coroner Bender. He gave $500 bail and was released. Phillips is the man who eight years ago shot Charles Camelle, who died in the Allegheny General hospital a few years ago. Phillips was tried and acquitted of shooting Camelle, easily proving that he had been assaulted in his own store by Camele and that he did not shoot until he had been shot and stabbed twice by Camelle.

**Boys' Brigade to Parade**—Col. H. P. Bope, commanding the Third Pennsylvania regiment, United Boys' brigade, has issued his general order No. 5, ordering the several companies of the regiment and the band to assemble on Bellefield avenue at 2 o'clock p. m. on Saturday, June 14, to perform escort duty in connection with the celebration of Flag Day at Schenley park. After performing escort duty the regiment will proceed to the golf grounds for field day exercises, which will consist of company, battalion and regimental drills, concluding with dress parade.

**Yesterday's Health Report**—Thirteen cases of typhoid fever, four of scarlet fever and one of diphtheria were reported to the Pittsburgh bureau of health yesterday.

**Clerk Miller Takes a Hand**—Charles George of No. 3900 Butler street and Mary Laughrey of No. 3421 Charlotte street, were committed to jail last night by Clerk of Courts George Miller charged with selling liquor illegally.

**The Fourth on the Hilltops**—The finance committee of the Hilltop board of trade met last evening for the purpose of furthering arrangements for the celebration of the Fourth at McKinley park. It has been decided not to open the exercises until 1 o'clock in the afternoon and continue them until 10 o'clock in the evening.

**Dropped Dead at His Work**—Michael T. Nee, a freight handler at the Pennsylvania freight depot at Third and Liberty streets, died suddenly yesterday under peculiar circumstances. He went to work at 3 o'clock in the afternoon and had worked but five minutes when he told the foreman he was not feeling well. The foreman told him to sit down, and Nee sat on a box. Presently he toppled over on his face, and when the foreman ran up he was dead, supposedly from heart disease. He was 22 years old and lived at No. 1539 Vickroy street.

**Six Workmen Injured**—Six workmen employed in the Homestead mills of the Carnegie Steel Company were injured while at work yesterday morning. George Brumbell, Andrew Simon, Michael Matchlea and John Cosso, residents of Munhall, were painfully burned by an explosion in the open-hearth department. John Funsek, a Slav, of Third street, Homestead, was struck on the head by a piece of steel and a deep wound inflicted. Michael Zepi, employed in the pump house, had his right foot caught under one of the pumps and crushed.

**The Best of China Cabinets**

Comparisons are said to be odious, but sometimes they are also instructive.

Compare the average China Cabinets with those seen at McElveen's—you'll at once note the difference.

The McElveen standard is so high that no article can possibly enter this stock unless it surpasses the best of the kind seen elsewhere.

You'll be surprised at the attractiveness of the China Cabinet pictured above. Made of quartered golden oak, 42 inches wide, 56 inches high, with bent glass ends—

**Price $23**

It's remarkable value for price although that's true of every piece of furniture in this stock. Prices are always an incentive to buy at

### Duty of the Republican Convention.

There could hardly be a more forcible illustration of Gov. Stone's interest in the candidacy of his attorney general for governor, or of his arbitrary methods than the fate that has befallen Mr. William Johnston of this county. Mr. Johnston was selected by a number of his fellow-citizens to be a candidate for delegate to the state convention at a time when Stone thought he had so completely preempted the gubernatorial nomination for Elkin that there would be no opposition worthy of the name. When Senator Quay, in the interest of party success, declared against the nomination of Elkin, Mr. Johnston was besieged for pledges to the Stone candidate. Finally because he would give no pledge, but declared himself favorable to the election of Senator Quay for chairman, he was summarily deprived of his right to be a candidate before the people of his district. That, too, after his name had been printed upon the ticket. It is doubtful if ever there was a more flagrant exhibition of arbitrary power than in this case.

The governor is making a desperate fight for his political life. The contest for delegates to the Republican state convention is his. Elkin is simply the cloak for his intentions. In his effort to control the convention Stone has not scrupled to make use of state depositories, public offices and public contracts. The deposit of public funds has been made to count for him. Bridges to replace others swept away by last winter's floods are not overlooked in the gubernatorial effort to bridge the flood of popular disapproval and resentment. State employes have been made to pay for their places with personal service to the Stone machine. Working in Elkin's shadow until recently, the governor is gradually coming into the light, and when the convention meets will be plainly seen of all as the dominant figure in the Elkin camp, using the state machinery for Elkin in the effort to secure a vindication for himself. Only by such means and by the use of Elkin could he have made any headway. On a direct test it is doubtful whether he would have secured even the vote of Tioga county, the election of whose delegates for Elkin he claims as a personal victory.

The gradual development of the personality of Stone in the Elkin campaign is calculated to give added force to the popular demand for a Republican nominee for governor free from the taint of association with the Stone administration. The people want a nominee who will insure Republican success all along the line, whose personal and political affiliations will be an inspiration instead of a handicap in the congressional, legislative and county contests; one for whom no apology will be necessary, whose political antecedents will not be a club in the hands of enemies of Republican principles and policies, and whose character will be a sufficient platform and give assurance of such a victory as will light the pathway to another national triumph. The delegates to the Republican state convention have a duty to the nation as well as to the state.

### Clean Out the Filth.

In the presence of an unusual development of infectious and contagious diseases it is always in order to clean up. Pittsburgh is in that situation. Smallpox has threatened to become epidemic. Scarlet fever, diphtheria and typhoid fever are prevalent in almost every section of the city. Unless there is general scouring of the dirty places and disinfection the approach of cold weather will menace the whole population. Foul odors may do nothing worse than lower vitality, as some authorities say, and so render individuals more susceptible to contagion from other sources, but undoubtedly filth, the source of offensive vapors, affords the best of soil for the propagation of disease germs.

Investigation by The Gazette discloses the fact that filth is most plentiful in those districts where contagion is oftenest reported. Back yards reek with decaying rubbish, garbage stands uncollected, and even living rooms are foul. However important vaccination may be, it is more important to get out the hose, the scraper, the rubbish cart, the sweeper and the disinfecting apparatus. Care of the public health is a duty even above the protection of property.

All that is needed is earnest effort on the part of the authorities. Controller Larkin can see nothing to prevent payment of additional sanitary police, or a larger force of cleaners. Firemen could be employed in washing down streets or noisome courts and alleys. Effective formaldehyde and lime disinfection can be applied at moderate expense without elaborate implements. Resources can be had if there is only the will to get and apply them.

Cleveland has rid itself of smallpox by just such measures, though it had more cases than Pittsburgh. Sanitary police made a house-to-house canvass. All filth was removed. Premises where there was either disease or dirt were fumigated. Smallpox ceased to spread. The general health of the city improved. So it is not merely desirable that a city should be clean, but it pays.

Before another week has passed Pittsburgh should be in the midst of a cleaning up such as might precede an expected visitation of cholera. There is no excuse for neglect, no justification for lagging about the work.

### The Business Situation.

Labor strikes constitute the only serious cloud on the business horizon. During the week a number of minor importance were adjusted and work resumed, but in the anthracite coal region additions were made to the ranks of idle miners, and there is a possibility that some of the workers in the bituminous fields of Virginia and West Virginia will stop work the coming week. Thus far the only effect has been to advance the price of coal to consumers and to cause anxiety to eastern furnacemen, some of whom have appeared in the Pittsburgh market for coke to tide them over the shortage of anthracite. The loss in wages, however, to the strikers, is already enormous, and the purchasing power of the latter has been thereby reduced.

In nearly every other respect the events of the week have been favorable and full of promise for the future. The final declaration of peace in South Africa opens to the trade of all nations a country which occupies the fourth place in the list of grand divisions of the world in its consuming power in relation to international commerce. During the latest year for which data has just been compiled by our government, the commerce of Africa amounted to $700,000,000, of which $430,000,000 represented imports. Of this total the United States supplied 5 per cent. That was under conditions less favorable than those now existing, or for which preparations are being made for the ocean-carrying trade of this nation. According to similar data compiled by the bureau of statistics, the gold "in sight" in South Africa is estimated by competent experts at $3,500,000,000, which does not take into account fields which have not yet been surveyed and developed. For more than two years the mining operations in this field have been practically suspended. The resumption of operations here and the reopening of the country to commerce will have a more widespread influence upon the finance and trade of the world than any event of recent years.

Reports on the iron trade, on railroad earnings, and on the growing crops have been uniformly favorable. The latest estimates of the yield of wheat place the total but slightly below that of last year. The yield of cotton, which has a particular bearing upon our international exchanges, promises to be above the average. The acreage of corn, a crop that is of special importance to the grain-carrying roads, shows an increase of 10 per cent over the amount harvested last year.

Despite the favorable factors, there is a degree of hesitation in the stock market that is beginning to attract general attention. On one day during the week the transactions on the New York exchange were the smallest for any day in two years. The apathy in speculative circles may be easily explained. An enormous volume of new securities has come upon the market within the past three years, causing a natural congestion. The activity in trade absorbs the money usually available for stock market operations at this season, and there is a smaller amount for manipulators. Thus, while the stock market appears to be overloaded, the legitimate business is sound and the outlook is bright.

### The World at Peace.

Gen. Wright's cablegram to Secretary Root, announcing that armed rebellion in the Philippine islands is at an end, is published while the conclusion of peace in South Africa is under discussion. The latest war period is ended, and the far-flung battle line is giving place to the activities of peace. Some newspapers are keeping up the fiction that the American people still have war on their hands in the far Pacific, but there is very little to support their contention. The dreadful possibilities of the Moro campaign, as pictured by the alarmists who announced that Gen. Chaffee had declared war on 2,000,000 people by demanding the punishment of the murderers of American soldiers, have not been realized. Most of the sultans have hastened to make friends with the Americans, and if any of the Mohammedan chiefs are now giving our forces much trouble no news of it is reaching the United States.

Outside of the Moro country the organization of civil government is proceeding rapidly, and in those provinces where the military government will still be maintained, such maintenance is simply for administrative purposes, and not because of armed resistance. The military is prepared to give place to the civil administration of affairs just as soon as conditions become settled and organization possible.

When Leo XIII. received news of the end of hostilities between the British and the Boers he said: "I hope to close my eyes on world-wide peace." The world may be said to be at peace now. There is no war between nations. Even the internecine strife on the island of Haiti and in Colombia seems to have worn itself out. Mexico is suppressing the rising of the Yaqui Indians, but this is an internal disturbance that involves only a small territory and comparatively few persons. There is no military activity anywhere on the globe's surface that deserves to be dignified by the name of war.

### A Memorial Tablet.

After a lapse of nearly 150 years a memorial tablet is to mark the place where Gen. Braddock crossed the Monongahela river to meet defeat and death. Until a few days ago but few of the many thousands of visitors to Kennywood park knew that they were standing on historic ground, and it remained for a newspaper reporter to make the fact known to the public. This was promptly followed by a decision to erect a memorial, and in a short time a bronze tablet will be placed on the cliff overlooking the scene of a triumph of aborigines over the disciplined troops sent by England for the purpose of capturing the French fort in what is now Pittsburgh.

While the tablet at Kennywood will be an interesting and valuable addition to the memorials of Western Pennsylvania, it will also serve as a reminder of what has been accomplished since all this section was a wilderness. Instead of the forests and tangled undergrowth that then covered the scene of the battle, and from there on down to the fort that was the objective point of the expedition, the territory is now covered with great industrial establishments, churches, schools, homes and business houses. Instead of the wild beasts and savage Indians of those times, there are now populous towns and a city famed all over the world for achievements in every sphere of human endeavor. Pittsburgh and its environs teem with historic spots, and the marking of one of them brings into bold relief the wonderful changes since Braddock crossed the Monongahela to be overwhelmed by the red men.

### Uniform Law Examinations.

That the state of Pennsylvania, which boasts, and rightly, a superior grade of legal intelligence, should have been so long without a system of uniform examinations for admission to the bars of her higher courts is surprising. The defect is fortunately to be remedied, and by a recent decision of the supreme court, after several years of agitation by the leading members of the profession, a board of examiners for admission to the bar has been ordered. The evils that it is hoped the new system will eradicate in the practice of the courts as it has formerly existed are many and obvious. With a divergent practice in the different courts based upon custom or mere arbitrary ruling great hardships were often imposed, while the looseness of the system, on the other hand, opened the way for innumerable irregularities. Hereafter the certificate of the board of examiners appointed by the supreme court will be the sole qualification required to practice in the higher courts. While the new system does not contemplate interfering with the present custom in the county courts giving the judges of said courts power to control the admissions to their bars, it is thought that with its establishment the lower courts will come in time to recognize its advantages and dispense with the extra examinations now required in some instances.

With the doctors and the druggists and members of other professions the system of uniform examinations and the recognition of certificates based upon those have been found to work admirably. The same good results will in all probability follow its adoption by the legal fraternity. There is much rejoicing among lawyers throughout the state over the fact that Pennsylvania will be removed from among the small group of states that have adhered to the old system of county admissions and put in line with the more progressive legal practice in a majority of the states of the union.

# *Strike Covers New York With a Black Pall*

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square.
NEW YORK, June 6.

New York is under a mantle of smoke. It was not necessary for the weather forecaster to make the official announcement, but he has done so, anyhow. He is quoted as saying: "The darkened atmospheric conditions prevailing in this city today are wholly due to the use of soft coal, and are the worst I have ever seen here. The atmosphere is so thick that the new East river bridge towers are not visible from the rooms of the weather bureau, more than 200 feet above the street level." On the rivers, one may see the long clouds of black smoke crossing and re-crossing each other and spreading out into a pall. The ferryboats and tugs are nearly all using soft coal, and their smokestacks send forth volumes of smoke as generously as if they were not filling the air with soot. New York is not used to this kind of thing, and it is regarded as a public calamity. Of course it is all due to the strike in the Pennsylvania anthracite mines. It is said the supply of anthracite coal in the city is only about 70,000 tons, and as the average consumption is 7,000 tons a day, the entire supply will be exhausted in 10 days if the strike continues. Meanwhile, soft coal is coming more and more into use. The clear skies to which New Yorkers have always been accustomed, are absent, and it seems as if a veritable fog is here. It is useless for the municipal authorities to talk about enforcing the ordinance against the use of soft coal in the face of the hard coal famine that exists. Every day there are more and more chimneys emitting soft coal smoke, and it cannot be denied that there is no reasonable objection to be made to it, under the circumstances. Naturally, the price of bituminous coal is steadily rising. New York would rather not be obliged to burn it, but factories must run and cooking ranges must continue in operation, no matter what may be the condition in the anthracite regions. Pittsburgh may wonder why the people of this city should express violent dislike to soft coal, but Pittsburgh should remember that this metropolis has many annoyances that are unknown in Pittsburgh, and has considered its freedom from soft coal smoke as a partial setoff. Now it has black smoke in addition to its other troubles.

### Hope for Lawyer Patrick Vanishing.

Albert T. Patrick probably is having a bad night of it in the death house at Sing Sing. The decision that the 1896 Rice will may be probated is taken as an indication that Patrick has no great chance of a new trial. A simple process of induction leads easily to this opinion. And Patrick, as a shrewd lawyer, can see it as well as anyone.

### Sunday School Army Mobilized.

Brooklyn was gorgeous with banners, music and little girls in summer frocks today. Ninety thousand Sunday school children paraded the streets and assembled in Prospect park for a grand review. Wherever one went in Brooklyn he ran into stray squads or regiments of boys and girls, all in their most decorative garments, and all full of holiday enthusiasm. Some idea of the immensity of the main procession when it got into line may be formed when it is remembered that the entire enlisted soldiery of the United States is not so great in numbers as the gathering of Sunday school children on the other side of the East river today. It was a day demonstration, and, as usual, the most brilliant hats and frocks in the parade were on the pickaninnies from the numerous A. M. E. churches in different parts of Brooklyn. Some of the little colored girls were gorgeous, while their teachers fairly glittered in dashing colors and bepuffed chiffons.

### Doctoring Big Warships.

The battleship Massachusetts will be taken from dry dock tomorrow. She has received a fresh coat of paint and several pipes in her false sides which were damaged were removed. On Monday the battleship Alabama will be put into dock for a little repair work, and after her the Kearsarge and the Brooklyn will take their turns. A few pipes are to be put into the side of the Alabama to replace pipes which have been corroded by electrolysis and which are not considered safe. About a year ago it was thought that the pipes would sooner or later be damaged, so new ones were made and can now be used without causing any delay. The cost of the total repairs on the Brooklyn, Alabama, Kearsarge and Massachusetts will be about $50,000.

### No Youngsters Need Apply.

There was an exciting time at the meeting of the Society of Old Brooklynites last evening. A proposition was made that young men be admitted to membership, but it was rejected with scorn and red-hot oratory. The rules of the society are that a man must live continuously in Brooklyn for 40 years before he is eligible for membership. The secretary wanted to change this. He intimated that the younger men regarded the old Brooklynites as "old fiukes." "I don't care if they do call us 'old fiukes,'" shouted a vigorous centenarian. "They are jealous, that's what's the matter with them. Why, what would the Society of Old Brooklynites be if it didn't have that word 'old' in it? It wouldn't signify a thing. That word 'old' is a title of honor. We are proud that we are the old Brooklynites. We have got the jolliest crowd that ever lived, and there is no use in getting a lot of fellows in here who cannot go our pace. It would have a depressing effect." That settled it. Unless a man is nearing 70 he cannot get into the society; although how a man can be a jolly good fellow after living in Brooklyn for 40 years is a puzzle to self-satisfied Manhattaners.

### No Danger of a Pineapple Famine.

The import of fine pineapples during the past few weeks has been enormous. The Ward liners Monterey and Matanzas landed them by the thousands of cases, so that they had to be piled up in mountains on the bulkheads at the docks. No fancier of the "Jamaica turnip" need go without one just now.

### Berries and Vegetables in a Bad Way.

Over on Long Island farmers are complaining of the dire effects of the long drouth and say that the berry crop is ruined. Strawberries are drying on the vines, and where certain farmers have been expecting 400 or 500 crates they will have fewer than 100 quarts to sell. Other berries also will be scarce unless rain comes soon. Cucumber and tomato plants are wilting, and the farmers predict a short melon crop if the dry weather continues. Fruit trees are not suffering, though, from the drouth.

### Dr. Heber Newton's Successor.

Brooklyn is about to lose one of its most distinguished divines. His admirers will be able to hear him preach any Sunday, however, if they will undertake a short journey, for he is only coming over to Manhattan. He is the Rev. Dr. Samuel D. McConnell, rector of the Church of the Holy Trinity, and he has accepted a call to the rectorate of All Souls' Episcopal church, in place of Dr. Heber Newton. All Souls' church is one of the most attractive Episcopal edifices in Manhattan. The parish was organized in 1859, and early in 1861 the first church was erected in Forty-eighth street and consecrated as a memorial to the Rev. Dr. Henry Anthon. In 1890 the vestry purchased the property of the Church of the Holy Spirit, selling its former place of worship and taking possession of the beautiful stone church which it now occupies. The building is in the Romanesque style, with a massive tower and an imposing front on Madison avenue. The interior has richly tinted walls and a series of fine paintings are on the rear wall of the chancel. There are 1,100 communicants and the current expenses foot up annually about $30,000. The church has a seating capacity of 1,000.

### Partridge Sticks to His Job.

Once more Mayor Low has felt it incumbent on him to deny that Police Commissioner Partridge is about to resign. The City club has suggested that it would be well if Partridge would retire in favor of a younger man, but its suggestion is ignored. The indications are that Col. Partridge will be police commissioner throughout the present administration. He appears to like his job, turbulent as it is.

### Gov. Odell Politically Cautious.

Gov. Odell dropped into New York city today to review the Brooklyn Sunday school parade, as well as to have a chat with a few Republican big guns in "Amen corner." When he appeared at the Fifth Avenue hotel he met Lou Payn, Col. George W. Dunn, chairman of the state committee; Col. Fox, secretary, and Superior Justice Charles Steckler. All greeted him heartily. The governor would not say that he expected to be renominated. When some one said to him that it had been reported that Mr. Harriman or some one else would induce him to give up politics and take a position connected with his railroad system he answered: "Ridiculous! I am not looking for any railroad job. If I need work I can find it at Newburgh." A cautious man is Gov. Odell, and caution is an excellent quality when one is active in New York politics.

### Jerome Ready to Bury the Hatchet.

New York's "demon district attorney," William T. Jerome, fighter as he is, has had enough of strife for the present. Referring to the decision of Justice Greenbaum, ordering Controller Grout to pay Mr. Jerome's county detective charges for obtaining evidence, the district attorney said today: "It's too bad there should be such discussion between reformers. I am willing to bury the hatchet as it stands."

### Sore Eyes Given by Infected Towels.

The scare over smallpox has been getting weak in this city in the last week or two. Something new to disturb our minds was needed. We have it in the shape of an ailment of the eyes among school children, superinduced by their using infected towels. Unfortunately, this eye trouble is a real one, not only in New York, but in Pittsburgh and elsewhere.

### Military Promptness in Street Repairs.

"Flying squadrons" to make street repairs in Brooklyn have been organized by the street commissioner. He has sent out postal cards with the request that he be notified of any places in the thoroughfares that needed repairs and the "flying squadron" will be sent. The military suggestion of promptitude in this announcement gives Brooklynites a thrill that they find exceedingly pleasant.

### Knickerbocker Regatta Today.

The annual regatta of the Knickerbocker Yacht club will take place in the sound tomorrow. The New York Yacht club and other leading clubs will be represented. The course for all classes will be from the starting line off the clubhouse at College Point to and around the Seagrave buoy and back, a total distance of 14.5 nautical miles.

## THE MAN UP A TREE.

### From a High Viewpoint.

NOBODY says anything about the June bridegroom, yet without him there could be no June weddings.

Dr. Roosevelt can now address several members of his cabinet as "doctor."

Cupid never takes his vacation in the marry month of June.

Tomorrow will be Children's Day in the churches, and the Fourth of July will be Children's Day in Schenley park. P. S.—Also the grown-ups.

The students of Juniata college who administered the water cure were not dry jokers.

Sir Thomas Lipton acts as though he intended to add another Shamrock to his collection.

Of course, there is no significance in the fact that Gen. Blood is first vice president of the Association of Military Surgeons.

Dowie has ordered all his male disciples to grow whiskers, thus indicating a determination to wrest from Chicago and bestow upon Zion the designation of the Windy City.

Indiana Democrats having decided that Bryan is a dead one, it is the paramount duty of the corpse to keep still.

The French language seems to afford all necessary facilities for the calling of hard names in the chamber of deputies.

Several political storm centers are in process of formation.

### Long Single-Blessedness.

"Sir Thomas Lipton is to challenge for the America's cup again, I see," said Mrs. Squirrel Hill, who had been reading the paper.

"Yes, he's a persevering sportsman," replied Mr. Squirrel Hill. "And I'm glad he is, for it looks as though there is no one else who cares to contest American yachting supremacy."

"What interested me especially was the remark he made some time ago that he would never marry until he had lifted the cup."

"That's carrying it too far," commented Mr. Squirrel Hill. "I think he's very rash to doom himself to perpetual bachelorhood in that way."

### What a Viscount Is.

"I heard a man speak of Gen. Kitchener's new title," remarked the Englishman. "He pronounced the 's' in the word 'viscount,' and I wondered if that is the way that most newspaper readers in the United States pronounce it. The pronunciation is 'vy-count.' A viscount is a member of the fourth degree of the British nobility. The five degrees, beginning at the top, are duke, marquis, earl, viscount, baron."

### The Degree of L. L. D.

The following persons are on the list of new made doctors of laws:

Samuel L. Clemens, otherwise known as Mark Twain, jokesmith.

James Wilson, farmer and member of the president's cabinet.

Marcus Alonzo Hanna, conciliator and United States senator.

Ethan Allen Hitchcock, capitalist and secretary of the interior.

And the season has only just opened.

### Intelligent Coins.

"The legends on coins to be minted for use in the Philippine islands will be bi-lingual," remarked Mr. Manchester.

"What does bi-lingual mean?" asked Mr. Birmingham.

"Why, the inscriptions on the coins will be in both English and Spanish, so that Americans and natives will know exactly what the money is without asking anybody."

"Well," commented Mr. Birmingham, "I've always heard that money talks, but this is the first time I've heard of a single coin talking in two languages."

## SOLDIERS CAPTURED.

**Swooped Down Upon by Ladrones While Decorating the Graves of Dead Comrades.**

MANILA, June 6.—A sergeant, two corporals and four privates of the Fifth United States cavalry were decorating the graves of American soldiers at Binangonan, in Rizal province, Luzan, on Memorial Day, when a large number of ladrones attacked the town and captured them and also the presidente of Binangonan, his secretary, a doctor and other prominent Filipinos.

The prisoners were hurried northward through the mountains. Later two soldiers and four Filipinos managed to escape to Morong. Troops and constabulary were at once sent out in pursuit of the bandits.

## SCHOOL BOARDS MEET.

**Elections Are Being Held in Many Wards and Districts.**

The Twenty-fourth ward sub-district school board met last evening and organized for the year. Charles H. McCullough was elected president, John Elick secretary and William Rennolds treasurer. Thomas Wilkinson was re-elected principal of the school and all the teachers were retained. It was decided to hold the annual picnic at Aliquippa on June 19.

The Twentieth ward school board organized by electing Dr. Robert C. Clarke president, John A. Reed secretary and H. H. Woods treasurer. Prof. J. A. Cameron, who has been the principal for 30 years, was re-elected, as were all the teachers.

The directors of the Lincoln school district, Twenty-first ward, met in the Larimer school and elected Charles Ross president, Dr. J. C. Strum secretary and Hays Smith treasurer.

The Springfield sub-district, Twelfth ward, board elected Andrew Lang president, J. E. Hunter secretary and Lewis Baker treasurer. Miss Mary J. Black was re-elected principal, with the following teachers: Lizzie Edelman, Anna C. Wilson, Blanch Hays, Bessie Nicholson, Mary V. McLaurea, Flora Cole, Sadie Williams and Lenora F. Caldwell.

The O'Hara sub-district board elected Martin Haugh president, John M. Breen secretary and Thomas A. Gorman treasurer. George Sweeny was elected janitor, but the election of teachers was postponed.

The Fourth ward school board reorganized yesterday by electing the following officers: P. S. Combs, president; J. M. Morrison, secretary; T. M. Welsh, treasurer. Mrs. G. M. Parker was elected principal and the Misses Smith, Lindsey, Martin, Brady, Irwin and Musgrove teachers.

## AUTHOR FORD'S WILL.

**Brother Who Slew Him Is Not Mentioned—Bequest to New York Public Library.**

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, June 6.—The will of Paul Leicester Ford, the author, who was killed by his brother, Malcolm Ford, was filed for probate today. His heirs-at-law are his widow, Grace Ford, and his daughter Lesta. The widow is the residuary legatee.

To his brother, Worthington C. Ford, the testator bequeaths two houses in Brooklyn. He is also given the custody of the books, manuscripts and library there with the request that at his death the same be transferred to the New York public library on condition that they are to be made part of the Ford collection.

To his sister, Mrs. Roswell Skeel, Jr., the author leaves $5,000. The will was made September 18, 1900.

## BETRAYED BY FIRE.

**Large Illicit Still Discovered in a Burning Mansion and the Renters Missing.**

NEW YORK, June 6.—As a result of a fire at a large country house at Yonkers tonight the fire department discovered one of the largest illicit distilleries ever known in the vicinity of New York.

The house was rented to a man giving his name as Harris. He said he wanted it as a summer residence.

A neighbor discovered the fire tonight and called the fire department, which extinguished the flames. It was then found that the interior of the house was equipped as a distillery.

Harris and his family have disappeared.

## PERSONALS

R. H. Watson, a mining engineer of Pretoria, South Africa, passed through the city last night to Washington. He said his last visit to Pittsburgh was made during the celebration of the centennial of Allegheny county. "Yes," he remarked, "I am glad that peace has been declared in South Africa. The war has destroyed business, as well as farms and homesteads. When I left Pretoria, four months ago, Kitchener was preparing the way for peace, but it was not expected that he would so soon be successful in having it declared. A great part of the Transvaal and the Orange Free States, within the zone of the conflict, is a scene of desolation, farm houses and live stock being utterly destroyed. It will take the Boers many years to recover from the war. I think that the English wanted peace just as bad as the Boers."

George A. Kelly, Jr., Samuel R. Kelly, James H. and John M. Lockhart, Joseph F. Goffey, W. L. Jones, Dr. W. B. Irish, Frank McCune, J. M. Buckalew and F. H. Lloyd, members of the classes of '97, '92 and '94, went to Princeton last night in the special car Oceanic to attend the commencement exercises, and the reunion of their classes. During their stay in Princeton they will live in their special car, and will return to Pittsburgh next Thursday.

Charles D. Walcott, a director of the United States geological survey of Washington and secretary of the board of trustees of the proposed $10,000,000 Carnegie institute, which will be founded by Andrew Carnegie in Washington, will arrive in Pittsburgh this morning and will be the guest of William N. Frew, president of the Carnegie institute of Pittsburgh. Mr. Walcott's visit is for the purpose of inspecting the various departments of the institute. He will return to Washington this evening.

Anton Tarkowski, who has just been ordained to the priesthood at St. Vincent's college at Latrobe, will read his first holy mass on Sunday at St. Adelbert church, South Fifteenth street. He was born and raised on the South Side and attended the St. Adelbert school.

Evan H. Williams, the well-known tenor of New York, will sing at the Welsh Presbyterian church on Second avenue tomorrow evening.

Francis J. Torrance of Allegheny went to New York last night on a business trip.

Col. James E. Barnett, ex-state treasurer, and commander of the Tenth infantry, is at the Hotel Henry.

Prof. John A. Brashear of the Western university of Pennsylvania will address the graduating class of the Carnegie High school on Monday evening, June 24.

Dr. William M. Beach left on the Lake Erie last night for Saratoga to attend the meeting of the American Medical association, of which he is a member, and the American Proctologic society, of which he is secretary.

### Neighbors Visiting Pittsburgh.

Among those at the hotels last night were the following persons from nearby points:

Victoria—E. Taylor, Sharon, Pa.; A. Urmann, Kersey, Pa.; J. S. Cooper, Parker, Pa.

Lincoln—W. C. Beckwith, E. W. Allen, Fostoria, O.; O. S. McKinney, Fairmont, W. Va.; F. T. Hyndman, Du Bois, Pa.; G. M. Hobletzen, Hyndman, Pa.

Monongahela—W. A. Olmy, Charleston, W. Va.; Fred Russell, Hopedale, O.; J. S. Newmeyer, W. T. Dun, Dawson, Pa.; J. F. Fallwood, Driftwood, Pa.; J. P. Thomas, Titusville, Pa.

Griswold—W. F. Sullivan, Youngstown, O.; F. J. Loehner, Erie, Pa.; M. H. Rose, Fayette, Pa.; A. H. Kane, Altoona, Pa.; Anton Kreidler, Warren, O.; David Evans, T. J. Fleming, Youngstown, O.

Henry—H. W. Brown, Scio, O.; G. E. McVicar, Franklin, Pa.; M. B. Chandler, Canton, O.; J. C. Corrigan, Myersdale, Pa.; J. L. Ruth, Mt. Pleasant, Pa.; M. A. Kuder, Parkersburg, Pa.

Newell's—George B. Carr, Titusville, O.; F. C. Leslie, Washington, Pa.; S. Marcham, Akron, O.; John C. McKenna, A. A. McKenna, A. E. Campbell, Bradford, Pa.; J. A. Ganton, Parkersburg, W. Va.

Seventh Avenue—George A. Cunningham, Indiana, Pa.; H. H. Homan, Ashland, O.; I. E. Roberts, Johnstown, Pa.; A. J. Brown, Marietta, O.; G. O. Meyer, Blairsville, Pa.; J. S. Gallagher, Kittanning, Pa.; F. M. Richards, Canal Dover, O.; D. H. Ingham, Erie, Pa.

## REPORT A CANARD.

**Rumors in Regard to British Shipping Combination Prove to Be Without Foundation.**

LONDON, June 6.—The statements which have recently appeared in the English press and which forecasted the formation of an all-British shipping combination seem to be open to grave doubts.

The circumstantiality of the reports contrasts strangely with the statements of those without whose support such a combine would probably be futile. Lord Rothschild has not heard a word of the combine with the exception of what he has seen in the newspapers, and these reports he appears to discredit. Baring Bros. entirely discredit the possibility and advisability of British opposition to the American shipping combine.

One of the leading figures in the English business world, whose name ranks with that of the Rothschilds, said this afternoon:

"Personally I have not heard a word which makes me think this British project is other than a visionary one. There is no necessity for such a combine so long as Americans are willing to pay 20 shillings on the pound. It is much better that England should understand that the statement published in the newspapers are quite unauthorized."

## FIRE AT ALTOONA.

**Plant of Altoona Burial Case Company Destroyed—Fireman Seriously Injured by Fall.**

ALTOONA, PA., June 6.—(Special.)—Shortly after 9 p. m. a fierce blaze was discovered in the west wing of the large brick buildings of the Altoona burial case works and planing mill owned by W. H. Mackey & Sons.

The flames started in an adjoining frame stable owned by the firm and soon spread throughout the casket works and mill. The entire fire department was called into service and for a time the large Frohsinn hall and theater were threatened. By active work it was saved. The loss will reach probably $46,000, with insurance of $15,000.

Joseph Grain, fireman, slipped from the top of a 50-foot ladder and received injuries which it is feared will result fatally.

## SEWARD WEBB STEPS OUT.

**Failed Syndicate Manager Retires from Cramp Steel Directory.**

NEW YORK, June 6.—(Special.)—Officials of the Cramp Steel Company, limited, of Canada, today confirmed the report that the resignation of Dr. W. Seward Webb as a director had been tendered and accepted.

His retirement, it was said, had been deemed advisable in view of the collapse of the Webb-Meyer syndicate May 2, which resulted in the failure of three stock exchange houses and the loss of millions of dollars by banks and investors. It was denied, however, that the resignation was demanded.

### Two Killed During Storm.

CHICAGO, June 6.—A heavy thunder storm passed over this city this evening and much damage by lightning is reported. Wilbur Chase, aged 17, was instantly killed by an electric bolt. An unknown woman with an umbrella, held closely in front of her was killed by a street car at a crossing.

### Clearfield Man Killed.

CLEARFIELD, PA., June 6.—(Special.)—Augustin Shade, aged 22, was killed in a runaway today near Kylertown. He was employed by the H. J. Fiscel clothing store as advertiser and had been tacking up signs along the road. He was thrown on his head.

## THE DEATH ROLL.

### Thomas Breeze.

Thomas Breeze, a former member of the Pittsburgh bureau of fire, is dead at his home, No. 2 Chatham street, after an illness of six weeks. He was born in Carlisle, Pa., 56 years ago, and in 1854 came to Pittsburgh with his parents. At the opening of the civil war he enlisted with the One Hundred and Forty-eighth Pennsylvania volunteers, but as he was only 15 years old his father, William Breeze, had him returned home. Mr. Breeze later enlisted in Thompson's battery and served until the end of the war. He was a member of Post No. 157, G. A. R. After returning from the war he engaged in business with his brother, with whom he remained until five years ago, when he became connected with the fire department. He is survived by his widow and five children, Lottie, Jennie, Kate, Thomas and William.

### Funeral of Mrs. J. N. McCullough.

The funeral services over the remains of Mrs. Rebecca T. McCullough, widow of J. N. McCullough, will be held this afternoon at 1 o'clock, at the family home in Irwin avenue, Allegheny. The Rev. Dr. Henry D. Lindsay, pastor of the North Avenue Presbyterian church, Allegheny, will officiate. The interment will take place in the family burying plot in Spring Hill cemetery, Wellsville, O. Mrs. McCullough, whose death occurred Wednesday evening, was born on a farm near Wellsville, O. In 1852 she was married to Mr. McCullough and about 35 years ago the family moved to Alleg

### Graceful Little Dancers.

Interest is unabated in the dancing carnival being given by the pupils in Braun's Dancing academy, under the direction of the principal, Austin McFadden. The second evening performance was given last night at the Alvin theater and the carnival will close this afternoon with a matinee at the same place. The program last evening was the same as presented on the preceding night and the pupils, encouraged by their first night's performance, were more at ease before the large audience which witnessed their work. The fancy dances and the costume dances were pretty and unique.

One of the best dancers was little Miss Marie Tener, who has already won a reputation in Pittsburgh for her exceeding grace and winsomeness. For the past year Marie she has headed the list of pupils whose work has attracted such attention and commendation that they aspire to become professionals. Little Marie Tenner is called the "Dancing Zephyr." Miss Marjorie Barrett also aroused much admiration and enthusiasm by her skill and grace last evening and promises to be one of the best pupils coming from the academy.

### Stewart—Ryall.

Invitations have been issued by Mr. and Mrs. John B. Stewart of Lawrenceville for the wedding of their daughter, Miss Nanma Vernon Stewart, and Dr. Wallace Wilberforce Ryall of Savannah, Ohio. The ceremony will take place Thursday evening, June 12, at the Butler Street Methodist Episcopal church, with the Rev. George M. Ryall of Saltsburg, Pa., a brother of the bridegroom, as officiant, assisted by the Rev. Dr. Sylvester Lowther, pastor of the church. Miss Stewart will be given away by her father and will have as her only attendant her sister, Anna, maid of honor. J. Milton Ryall of this city, a brother of the bridegroom, will be best man and the ushers will include: Dr. Howard Patterson, George M. Shaw, Harry Woods Grier and Cyrus S. Stewart, a brother of the bride, all of this city. After the ceremony Dr. and Mrs. Ryall will leave for a northern tour, including Buffalo, Niagara Falls, Toronto and Montreal. They will be at home after July 15 at Savannah, Ohio.

### An April Bride Entertained.

Mrs. George O. Morgan yesterday afternoon gave the first of a series of entertainments in honor of Mrs. Theodore Wood Friend, one of the April brides, at her home in Center avenue. Mr. and Mrs. Friend returned 10 days ago from their wedding trip and are now living in their new home in Horn street. Mrs. Morgan and the bride received together. They were assisted by Mrs. Alexander McClure, the mother of the guest of honor; Mrs. H. Sellers McKee, Mrs. William D. Hartupee, Miss Mary McKee, Mrs. J. C. Drake, Mrs. Sullivan Johnson, Mrs. Edwin F. Earle, Mrs. William Schoyer, Mrs. Frederick McKee, Mrs. William Watson Smith, Miss Rachel Aiken, Miss Clara Aiken and Miss Cora Thompson. The parlors where the receiving ladies stood were decorated with ferns and white blossoms. There were two dining rooms, pink roses being used in one and yellow cornflowers in the other.

### Daugherty—Linthicum.

A prettily appointed wedding in Avalon was that of Miss Louise Daugherty, daughter of W. H. Daugherty, to Edward Linthicum of Chicago last Wednesday. The ceremony was performed at the residence of the bride's aunt, Mrs. H. A. Morton, in Forest avenue, by the Rev. George Gunnell. The bride was given away by her father. She wore a dainty white gown of white batiste over taffeta, with lace insertions and trimmings, and carried a cluster bouquet of orange blossoms. The bridesmaids, Miss Laura Linthicun, a sister of the bridegroom, and Miss Geidie Daugherty, a sister of the bride, were gowned in white mousseline and carried white sweet peas. Thales Linthicum, a brother of the bridegroom, was the best man.

### Clark—Potter.

The social event of the season at Oakdale was the wedding of Miss Elsie Berlin Clark, daughter of Mrs. Katherine Clark, and J. Calvin Potter of Stuart, Iowa, last Wednesday. The wedding was a quiet home affair, witnessed only by the relatives and immediate friends of the bride. The house decorations were all in pink and white. The bride was gowned in white silk mousseline. The bride is a sister of Dr. Harry Clark of Sheraden. The groom is a son of the Rev. Cyrus Potter of Stuart, Iowa. Mr. and Mrs. Potter left later in the day for Stuart, where they will make their future home.

### A Bride's First at Home.

Mr. and Mrs. Ralph Waldo Wilson gave their first at home yesterday. In the afternoon Mrs. Wilson, who, before her wedding in April, was Miss Euphemia Annie Laurie Heron, received alone. Mr. and Mrs. Wilson received together in the evening. Assisting the young hostess were her sister, Mrs. William H. McManus, Miss Frances Wilson, Miss Grace Wilson, Mrs. John W. Black, Mrs. Franklin P. Booth and Miss Edna Stewart of Coraopolis. Mr. and Mrs. Wilson will give their second at home next Friday afternoon and evening.

### Mrs. Frank Bryce's At Home.

Mrs. Frank Bryce gave a large at home yesterday afternoon at her residence in South Negley avenue, East End. It was a particularly enjoyable affair. Mr. and Mrs. Bryce recently returned to Pittsburgh after spending some months in London, and the guests yesterday included the wide circle of friends and acquaintances of the hostess in this city. The reception hours were divided from 2 o'clock until 4 and from 4 until 6. Receiving with Mrs. Bryce was her niece, a recent bride, Mrs. Charles Harris of Kilmeade, and Miss Helen Bryce of Mt. Pleasant. Assisting in serving refreshments were Mrs. F. H. Smith of Sewickley, Mrs. Margaret Shaw Lawrence, Mrs. James I. Buchanan, Miss Barrett of Sewickley, Miss Mabon and Miss Jeannette Mabon, sisters of the hostess; Mrs. James McDonald Bryce, Mrs. S. A. Bryce and Mrs. Marion G. Bryce. The house was prettily decorated, pink roses were placed in the parlors, American beauties in the library and dainty yellow flowers in the dining room.

### Large Reception in Allegheny.

A large reception was given yesterday afternoon from 3 o'clock until 5 by Mrs. David B. Oliver at her home in Termon avenue, Allegheny. Mrs. Oliver and her daughters, the Misses Oliver, received together and assisting them were Mrs. Cadwallader Evans, Mrs. James B. Oliver, Mrs. James Pontefract, Miss Walker, the Misses Price, the Misses McBride, Miss Janet Walker and Miss Florence Walker, Miss Margaret Oliver, Miss Sara Kennedy, Mrs. Alfred Sang and Mrs. Charles Shoemaker.

The afternoon reception had many of the features of a garden party, the piazzas of the house being furnished with handsome rugs and chairs. The house was decorated with tropical plants and vines, a cool green being the predominating color throughout the lower apartments. In the dining room lamps were used entirely and the flowers were white sweet peas. Among the guests were Mrs. John Shoemaker and Miss Gertrude Shoemaker of Philadelphia, who are visiting Mrs. Charles Shoemaker.

### Song Recital Next Week.

The first recital to be given exclusively by the vocal pupils of Adrian E. Frent at the Pittsburgh Conservatory of Music will take place next Tuesday afternoon at the Conservatory recital hall, 237 Fourth avenue. The ensemble numbers include "The Spinning Chorus," from Wagner; "Flying Dutchman," a crucifixus, by Pallestrina and three canons by Cherubini. Mrs. Myron Stowell, Miss Frances Casey, Miss Mina Clara E. McLain will sing "The Song of the Rhine Maidens," from "The Gotterdammerung." The soloists will be Miss Agnes Miller, Mrs. Myron Stowell, Misses Maude McGeary, Marjorie Riley, Pearl Clapper, Frances Casey, Clara E. McLain and Emma Foltz.

The Bridge Whist club of Sewickley was entertained yesterday afternoon at the home of Mrs. Hugh N. Davis in Chestnut street. A large number of members and a few invited guests were present.

### Gold Excitement in York County.

YORK, PA., June 6.—(Special.)—The people of Delta, the center of the York and Harford county state fields, are excited over the discovery of a rich vein of lead, which assays gold to the amount of $10 to the ton. The ore was found on a 150-acre tract, the mineral right of which was purchased for a trifling sum by George Delta. Since the discovery a Baltimore mining company has offered Bear $8,000 for his right.

# BROWNING ASKS $350,000 FROM MAGEE ESTATE

## Philadelphia Physician's Bill for Services Before Judge Over.

## HEAR SENATOR'S FRIENDS

**John I. Shaw Testified That Mr. Magee Told Him He Proposed to Give the Doctor One Million—Campaign Notes Are Presented.**

The claim of Dr. Walter C. Browning of Philadelphia against the estate of the late Senator C. L. Magee was taken up in orphans' court yesterday before Judge J. W. Over. Dr. Browning, who claims to have devoted many months of his time to Mr. Magee, then suffering with a fatal disease, demanded that the executors pay him $190,070 for his services, basing the bill on the number of hours he worked with the senator and the alleged voluntary increase on Mr. Magee's part when the bills were presented.

No mention was made of promised profits on stock transactions when the bill was sent to the executors, but Dr. Browning's attorneys, W. B. Rodgers and J. Rodgers McCreery, made the surprising announcement that his claim now aggregates $350,000, although they refused to make public an itemized statement at this time. It is understood that the increased claim is based on profits Mr. Magee is alleged to have promised Dr. Browning out of certain stock transactions he induced him to enter into.

**Prominent People as Witnesses.**

The executors of the estate, W. H. Seif, John A. Bell and H. S. A. Stewart, are represented by Attorneys George C. Wilson and W. D. Evans. A number of Pittsburgh politicians were examined during the day, giving valuable testimony for the doctor. Both sides expect to put several experienced physicians and surgeons on the stand. Among these may be Dr. J. A. Anderson, surgeon at the West Penn hospital, who is said to have treated a prominent Pittsburgh traction official for a disease similar to that Senator Magee had, and to have cured him in five months' time.

The hearing opened with the presentation of three promissory notes indorsed by Mr. Magee. They had been discounted by the Allegheny National bank, and the executors refused payment. One was for four months, dated June 5, 1899, made by Harry Davis, payable to Mr. Magee and indorsed by him and William Flynn, for $13,225 45. Another was for $5,000, dated October 28, 1898, signed by J. O. Brown, treasurer of the Allegheny county Republican executive committee, and made payable to Mr. Magee. The third was a note for $7,600 dated September 10, 1900, and was made by Mr. Brown to Mr. Magee.

Attorney J. J. Miller, representing the First National bank, presented a note for $8,000, which was drawn by J. O. Brown on January 14, 1901, and indorsed by Senator Magee. It was payable on demand, and went to protest after the death of Mr. Magee.

**C. B. McVey's Testimony.**

The claim of Dr. Browning was then taken up. The first witness was C. B. McVey, president of the Pittsburgh Trust Company, who had been treated by Dr. Browning and who advised Mr. Magee to obtain the services of that physician. The witness said he told Mr. Magee that the physician had charged him at the rate of $20 for examination, and $20 an hour for treatment, to which Mr. Magee replied that the expenses amounted to nothing to him. Mr. McVey said Mr. Magee seemed satisfied with Dr. Browning's treatment.

Upon cross-examination the witness said he had paid the physician on the occasion of each visit and that he had no idea what the exact aggregate sum was, but it amounted to over $2,000 for six months' treatment.

John A. Bell, one of the executors, was called by Mr. Rodgers. He was requested to produce all checks made by Mr. Magee to Dr. Browning, and one for $1,000 on the Freehold bank was exhibited. He was asked to produce all of the checks drawn for the purchase of stocks, but did not do so. The court was asked to order their presence in court, but the prayer was refused.

C. F. Cercopaby, clerk of the Hotel Stratford, Philadelphia, testified that while Mr. Magee was a guest there Dr. Browning called upon the decedent once, and sometimes twice, a day.

Andrew Fulton testified that he had known Mr. Magee for 40 years. He told of his visits to Dr. Browning's office with Mr. Magee, and of the latter's remarks about the physician benefiting him.

**John F. Steel Was Treated.**

He told of Mr. Magee having induced Dr. Browning not to accept any more patients, and that he (Magee) said he did not know how he would ever compensate the doctor; that it would be one of the pleasures of his life to make the doctor independently rich.

John F. Steel, vice president of the Columbia National bank, formerly cashier of the Freehold bank, swore that upon the advice of Mr. Magee he went to Dr. Browning for treatment, and had paid him $10 for an examination and $5 for each visit, and that he understood the doctor's charges were about $20 an hour. He said Mr. Magee often expressed himself as being satisfied with Dr. Browning's treatment, and that he refused to call in another physician.

Thomas South, a police magistrate of Philadelphia, testified to Mr. Magee having said he induced Dr. Browning to take no more night cases; that Mr. Magee said he did not care what he charged, as he would "have him if he charged $100 an hour." The witness said that Mr. Magee upon one occasion said that Dr. Browning had kept him alive a long time and that he believed if he recovered entirely it was because Dr. Browning was attending him. Mr. South said that at another time Mr. Magee said he had made a lot of money and that the doctor would receive a "princely sum," and that his compensation would be such as no other physician ever received. He said Mr. Magee's health declined after he visited Pittsburgh July 4, 1900.

Upon cross-examination an effort was made to show that Mr. Magee's ideas of his own recovery or improvement were the result of what the physician told him. Mr. Wilson seemed to lay stress upon the remark that Mr. Magee's confidence in Dr. Browning was from "first to last."

**E. M. Bigelow a Witness.**

E. M. Bigelow told of having visited Mr. Magee in Philadelphia and of the latter having expressed himself as growing worse before he consulted Dr. Browning. Mention was made by the witness of a Press club banquet in this city when Mr. Magee paid a tribute to Dr. Browning. Upon cross-examination Mr. Bigelow said that he never had a conversation with Mr. Magee after June 7, 1900, at which time his condition was improved over the previous year. He did not recollect that Dr. Browning was in Pittsburgh with Mr. Magee except upon one occasion.

J. H. McCready of Edgewood swore that Dr. Browning in 1900 charged him $10 for a 10-minute examination and $5 for five minutes' treatment.

John F. Shaw testified that his attention was called to the illness of Mr. Magee during the session of the legislature in 1899, and that he knew the senator had placed himself in Dr. Browning's care in June, 1899. He testified to having accompanied Mr. Magee to Dr. Browning's office, of the explicit faith Mr. Magee had in the physician and that a friend of his had paid the doctor $17.50 for two visits, which included medicine.

Mr. Shaw told of a conversation he had with Mr. Magee when the latter said that Dr. Browning's charges were $20 an hour for office visits and $40 an hour for outside calls.

**Talked of Paying $1,000,000.**

He repeated another conversation that followed in the presence of Dr. Browning, when the witness asked: "Do you fellows settle every hour?"

Mr. Shaw also swore that Mr. Magee said that "old Pete Widener gave his doctor $800,000 worth of stock for curing him of pneumonia," and that he (Magee) was going to make Dr. Browning's compensation "a million."

The witness said upon another occasion Mr. Magee said that he had cleared $300,000 on a deal and then made the remark to Dr. Browning: "Half of that's yours, doctor."

It was testified by the witness that Mr. Magee declared he would take Dr. Browning's $40 bills and make them $80.

Upon examination Mr. Wilson especially emphasized Mr. Shaw's reference to the expression, "my intimate friend," in speaking of Mr. Magee. Mr. Shaw said that he thought at the time these conversations took place the decedent did not have a better friend in Pittsburgh, but that he has "recently changed his mind." He declared that on the occasion of the first interview relating to compensation only Mr. Magee and himself were present. He did not know what kind of stock Mr. Widener gave his physician and declared his presence in the case was an unpleasant duty.

Mr. Shaw was on the stand when court adjourned.

## $5,000 FOR ONE TRIAL.

**United States Court Must Call Special Grand Jury to Act on an Indictment.**

For the first time since the enactment of the act of March 2, 1901, which provided for a middle district of the United States district court in Pennsylvania, it has become necessary to draw a special grand jury to act upon the indictments against C. W. Tammany and Joseph Rubinsky of Wilkesbarre, and Jacob Green of Pottsville, who are charged with defrauding through the mail.

It is alleged that their crimes were committed during the spring and summer of 1900, and it was necessary to draw a grand jury to act upon the indictments against the defendants before the expiration of the two years' statute of limitation.

It is said that the scheme of the defendants was to locate in a town, establish an account with a good bank, and order goods by mail on time from wholesale houses in all parts of the United States, sell them at a sacrifice and refuse to pay for them. Fully 15 wholesale houses, it is said, will be represented at the time of the trial, they having been defrauded, it is claimed, by the defendants.

Should a true bill be found against them, the calling of a special jury from the old western district will be necessary. The expense of the entire trial, including the expense of the grand jury, will cost the United States about $5,000. If true bills are found a time for trial will be set by Judge Joseph Buffington.

**LEGAL BRIEFS.**

Edwin A. Fisher of Oil City was discharged from all debts prior to March 21, 1902.

The Pittsburgh Trust Company was appointed trustee of the Hussey Steel Company.

Asa T. Bentley of Johnstown and Mathew Griswold of Erie were discharged from bankruptcy.

Suit for divorce was entered by Mary Loebig against Adam Loebig, alleging indignities to the person.

Executions were issued as follows: Third National bank of Pittsburgh vs. William Peebler, trustee, $6,502; F. J. Seller vs. C. F. Kirschbaum, adminatrix, $526.

An answer was filed in the divorce case of Sarah Jeffrey against Charles G. Jeffrey, in which the respondent denies intimacy with Minnie Zimmelaer and accuses his wife of undue jealousy.

Two intervening libels were filed against the steamboat F. K. Hullings by the James Rees & Sons' Co. for $4,4.6 for boilers and other equipments furnished and by Richard Floyd for $116 for hardware furnished.

A statement was filed in the case of E. T. Wright against Augustus G. McConnell. The plaintiff says he was employed to serve a legal paper upon the defendant, when he was assaulted by McConnell, who also kept him a prisoner in the Fidelity building for an hour. The plaintiff wants $5,000 damages.

A petition in bankruptcy against Curtis McWilliams of 647 Fifth avenue, proprietor of a Turkish bath parlor, was filed in the United States district court. It is alleged that McWilliams confessed judgments and permitted his property to be advertised for sale on executions after a restraining order was made.

# STORMY SCENE SOBERS THE MEN IN COAL FIELD

## Majority of Guards at Stanton Colliery, Where Shooting Occurred, Have Left.

## WILKESBARRE BOY SHOT

**Farmer Bothered by Idle Men Crossing His Land Under Arrest—Hazleton Strikers Turn Back Non-Union Men, but Offer No Violence.**

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Wilkesbarre, Pa., June 6.—Last night's turbulent times had a sobering effect upon the idle men and boys in this valley, and as a result the Wyoming region was a place of almost absolute peace today. There were no parades, marches or any considerable gathering of persons. The Stanton colliery, where the shooting affray occurred last night, was visited today by hundreds of persons who expected to see more trouble, but no crowds were permitted to congregate. The colliery is closed as a result of the disturbance there. Even the coal and iron police, with the exception of four or five, gave up their jobs and left town as quickly as they could get out. The strikers promised to protect them to the railroad station. Accordingly, under a strong guard of mine workers, the ex-policemen left the colliery while a crowd cheered and were marched to the offices of the Lehigh & Wilkesbarre Coal Company, where they received their pay and transportation. Later the men left for New York and Philadelphia.

The preliminary hearing of the four coal and iron policemen charged with shooting Charles McCann, the 15-year-old boy, was not held today, but they probably will be arraigned tomorrow. The condition of the boy is still serious, but it is believed he will recover.

Sheriff Albert Jacobs of this county swore in 20 men as deputies today and they are now quartered in the court house.

**Fire Bosses Deserting.**

There were a number of desertions among the fire bosses today. President Mitchell says the strike of the engineers, firemen and pumpmen is practically complete. The mining superintendents say that there was no change in the general situation during the past 24 hours. Water is still accumulating in some of the lower levels of the mines, but the operators seem indifferent.

The borough of Nanticoke has decided to bring injunction proceedings against the Susquehanna Coal Company to enjoin that company from cutting off their water supply from a portion of the borough. The coal company furnishes the power for pumping water into the reservoir, and when the engineers, firemen and pumpmen quit the pumps were shut down.

Another boy, named John Short, aged 13 years, was seriously wounded here today, but his injuries were not received as a result of the strike. He was crossing a farm at Sugar Notch, near here, owned by the Lehigh & Wilkesbarre Coal Company but tenanted by Robert Hayden. Hayden, since the strike started, has been bothered by idle men and boys crossing his place, so he decided to put a stop to it. The lad was shot in the back and his wound is considered serious. Hayden was arrested.

**Operators Burned in Effigy.**

HARRISBURG, June 6.—The miners in the Lykens valley region threaten to make trouble if the pumpmen and engineers do not quit work. During the past 24 hours operators and other mine officials have been burned in effigy in Lykens, Williamstown and Wiconisco. An effigy labeled "scab" was suspended from a telegraph pole in the public square at Lykens today.

When the men at work left their posts at quitting time this morning and started for their homes they were hooted and jeered by the strikers and spoiled eggs were hurled at them. Cooler counsels prevailed and peace was again restored. Sheriff Reiff sent here for deputies this afternoon, but his clerks could find nobody willing to serve.

HAZLETON, June 6.—Nearly 100 strikers stationed on the public road leading to the Drifton colliery of Coxe Bros. & Co. stopped the non-union firemen and pumpmen employed at that mine from going to work today. The company officials report that there was no display of violence.

SHAMOKIN, PA., June 6.—The Locust Gap and Locust Spring collieries, owned by the Philadelphia & Reading Coal and Iron Company, began flooding today because of the sub-bosses quitting work rather than keep up steam for the pumps.

## NEW YORKERS GIVE IT UP.

**Drop Idea of President Acting on Strike Because Law Is Repealed.**

NEW YORK, June 6.—The board of trade and transportation received a telegram from President Roosevelt today, apprising them that he would be glad to receive the committee appointed by the board to ask the president to appoint a commission to investigate and take steps looking toward the settling of the anthracite coal miners' strike.

The telegram pointed out that the law empowering the president to act in instances similar to the anthracite miners' strike was repealed in 1898, but added that the president would be glad to see the committee if it decided to visit him.

The committee decided not to visit the president.

## KILLED BEFORE WIFE CAME.

**Mrs. Joseph Torra Will Arrive in Time to Get Insurance.**

Joseph Torra, an Italian, was taken to the Mercy hospital in the Pittsburgh Railways Company's ambulance yesterday afternoon with a fractured skull. The traction men on the ambulance said that Torra had been struck by a car, but did not say where the accident happened. Torra lived at 190 Webster avenue. He died half an hour after admission to the hospital.

An acquaintance called at the morgue, identified the body and produced a certificate showing that Torra was a member of the Alta Friendly society of Philadelphia, and that his heirs will be entitled to $150 death benefit. The man said that Torra recently sent money to Italy to bring his wife over, and the woman is now on the ocean.

# DAWN OF PEACE PROVES AN AID TO ALL MARKETS

## Home Consumption Too Great at Present to Get the Full Effect.

## STEEL MAKES NO ADVANCE

**Producers Stick to Their Conservative Position Despite Expectations. Coke Makes New Record of Prosperity from Week to Week.**

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, June 6.—R. G. Dun & Co.'s weekly review of trade tomorrow will say:

Peace in South Africa has greatly improved the outlook. Foreign industrial markets will quickly benefit by the development of that country, while a return to active gold mining will have a helpful influence in monetary circles. Owing to the present exceptional home consumption producers in this country may not be able to take advantage of the opportunity immediately, but even the indirect effects must be beneficial. Domestic conditions still have but one drawback of labor disputes. Outside the limits of this influence there is little cause for complaint. Orders are large and distribution is less interrupted by the shortage of cars. Railway earnings for May show an increase of 6.8 per cent over last year, and 14.7 per cent over 1900.

Contrary to expectations the leading producers maintained their conservative position by making no advance in the price of steel rails for delivery in 1903, notwithstanding the material rise that has occurred in pig iron. Much new business has been placed during the past week, although consumers have found difficulty in booking orders for delivery in 1902. This is especially noticeable as to structural material and railway supplies. Interruption to work at blast furnaces was not wholly averted, but the loss in output did not reach a large figure, owing to prompt concessions on both sides. Practically no orders were accepted for pig iron, however, owing to the uncertainty as to the extent of the strike. In tubes, pipes and kindred lines there is much activity, with quotations fully maintained. Bituminous coal is abnormally stimulated by the anthracite coal shortage and the output of coke in the Connellsville region is establishing a new record each week.

Sales of footwear have materially increased with the advancing season, jobbers reporting especially favorable conditions. A temporary season of activity occurred in leather, hemlock sole selling in moderate quantities, but shoe shops soon secured all the desired material. Textile goods are firmly held, with stocks well under control. Buyers still show a disposition to hold back orders, yet better terms are not indicated by the conditions of supplies.

Satisfactory weather in the leading producing regions had a depressing influence on grain quotations, and last week's advance was lost.

Failures this week in the United States were 218, against 194 last week, 192 the preceding week, and 185 the corresponding week last year, and in Canada 16, against 20 last week, 12 the preceding week and 20 last year.

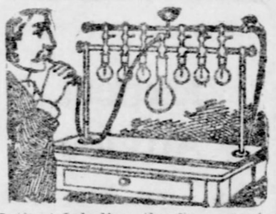
# THE TIME TO CURE CATARRH

Begin treatment at once. This is the most favorable season of the year. Now, when the disease is not reinforced every day or two by a fresh cold, is the time to exterminate it, root and branch.



Patient Inhaling the New Treatment for Consumption, Bronchitis, Asthma and Old Pneumonia.

**CATARRH WILL NOT CURE ITSELF.**

Perhaps the disease does not trouble you as much as it did a few weeks ago, but don't be deceived. It will not cure itself. Although your symptoms are less acute just now than they were the disease is spreading and taking deeper root in your system and you are gradually becoming weaker and less able to resist attacks. This will be very plain to you at the first sign of unfavorable weather.

**DRIVE CATARRH FROM YOUR SYSTEM.**

By taking treatment now, however, you attack the disease at its weakest point. And, having driven it out, the delicate tissues will have a chance to heal up. They will become strong, firm and elastic. Disease germs will no longer be able to find a foothold. You will not be subject to colds. The fine glow of health will permeate your entire body. Your sense of taste and smell will be completely restored. This will give you a keener enjoyment of food than you have known since childhood. Your stomach, no longer diseased by the vile catarrhal poison, will do its work perfectly. The entire alimentary tract will be restored to normal health. As a consequence your body will be well nourished, your blood will be rich and pure and your flesh firm and sound. If you are hard of hearing or suffering from catarrhal deafness, these symptoms will disappear. The breath, once fetid and loathsome will become sweet and pure. The glow of health will return to the cheeks and the brightness to the eyes. No more dizziness, no more headaches, no more stuffed-up nostrils, no more hawking and spitting, no more hacking and coughing. You will exchange a miserable, half dead and alive existence, unfit for pleasure or work, for one of vigorous health and full of the pure joy of living. And you will have escaped the almost inevitable fate of those who neglect catarrh and its kindred diseases—a consumptive's grave.

**Five Dollars a Month.**

The entire charge for our treatment is $5 a month. There are no extras. Our dealings are always candid and straightforward. We abhor quack methods.

Treating Catarrh of Nose and Throat

**No Charge for Medicines.**

We supply without any extra charge whatever all the medicines you require. They are all included in the charge of $5 a month. In many cases one month's treatment is sufficient to effect a complete and permanent cure.

Don't delay any longer, but come at once. The longer you put it off the longer the time required to cure you.

**Cure Is Absolutely Certain.**

For over fifteen years we have been curing catarrh, bronchial trouble, asthma, chronic coughs, pneumonia, consumption and all diseases of the air passages. We have devoted our lives to the study and mastery of those diseases. We are known as expert specialists in those diseases all over the continent. We will refer you to thousands of persons whom we have cured.

**Our New Inhalation Treatment.**

Long ago experience taught us that the greatest difficulty to be overcome in the treatment of lung diseases was the bringing of the medicine in direct contact with the parts affected. This we have successfully accomplished by means of the apparatus shown in the accompanying illustration. The atomized medicine is drawn in with the breath, with marvelous healing effect. A cure is absolutely certain, except in the latter stages of consumption, and even then life can be greatly prolonged with comparative comfort to the patient.

# CHURCHES WILL HOLD SERVICES FOR CHILDREN

Observance of Day to Be General in Leading Denominations.

CHOIRS OF BOYS AND GIRLS

**Music in Many Places Will Be Led by Fresh Young Voices—St. Peters' Rector Will Preach Baccalaureate Sermon to Virginia College.**

Tomorrow is set apart by the leading religious denominations as a special day for the children, and in nearly all the churches of the two cities special services will be held both in the morning and the evening. Mothers of families and wards will bring their charges to the various churches, and it is a foregone conclusion that the younger element will have one day in the church all to themselves. In many of the churches there will be a choir entirely of children.

In the Lincoln Avenue Methodist Episcopal church, the Rev. W. B. Slutz, pastor, will administer the sacrament of baptism; in the afternoon at 2:30 there will be a special praise service for the children and in the evening the pastor will deliver a short sermon-story for the little ones.

In the Buena Vista Street Methodist Episcopal church, Allegheny, the children's day service will be held in the evening at 7:30. There will be recitations and graduating and cradle roll exercises. The Rev. S. M. Mackey, pastor, will preach a special sermon.

**Day for the Children.**

The South Side Presbyterian Sunday school and the Arlington Heights Mission Sunday school will hold a union children's day service in the South Side Presbyterian church, Sarah and South Twentieth streets, at 2 o'clock.

The children's day exercises in the Walton Methodist Episcopal church, South Twenty-fourth and Sarah streets, the Rev. David Flanigan, pastor, will be held Sunday evening at 7:45. In the morning at 10:45 the pastor will preach the annual sermon to the Foresters of America of the South Side.

The Rev. Dr. E. H. Ward, rector of St. Peter's Protestant Episcopal church, is to preach the baccalaureate sermon to the graduating class of Roanoke college, at Salem, Va., tomorrow night. His son, E. H. Ward, Jr., is a member of the graduating class. The Pittsburgh Association of Congregational Churches and Ministers will hold its first fellowship meeting next Tuesday evening in the hall of the Braddock church. There will be devotional services and addresses.

The workers connected with the Lawrenceville branch of the Y. M. C. A. will begin a series of Sunday out-door services tomorrow in a vacant lot at Forty-seventh and Butler streets. Here a large tent will be erected and seats built. The opening address will be made by the Rev. E. L. Eaton of the North Avenue Methodist Episcopal church.

## NEW MEXICAN VOLCANO SPOUTS ONLY HOT AIR

**Scientist Examines the Locality and No Danger Need Be Apprehended.**

[BY ASSOCIATED PRESS TO THE GAZETTE.]

ALBUQUERQUE, N. M., June 6.—Dr. C. L. Herrick, former president of the New Mexico university, an eminent geologist, after carefully examining the supposed volcano crater, 15 miles from Gallup, gives a description of the locality and says:

"Here there is a fold and fault, which is interesting because of the metamorphosis that is going on. From cracks in the sandstone overlying the lignite there is issuing a constant stream of heated air, carbon dioxide, sulphurous oxide and vapor. The solfataric action may be attributed to the slow oxidation of shales in the presence of water. From this point outward there is a series of cracks that have been filled with iron and lime, serving still further to show that along this fold and break water at one time ascended."

Dr. Herrick does not believe there is any possibility of dangerous eruption from this crevice.

## PROPOSITIONS SENT OUT.

**Flint Glass Workers Will Vote on Matters in Dispute.**

Officials of the American Flint Glass Workers Union yesterday sent to the members for referendum vote the propositions of the workers and the manufacturers at the chimney department wage conference, which ended at the Hotel Lincoln on Thursday. The machine manufacturers demanded an increase in the moves on the machine, so that the machine will be earning something. Operators of hand plants are standing in the way of this, the Macbeth-Evans Glass Company of Pittsburgh being the only concern operating machines.

In the chimney wage settlement two years ago a strike was nearly precipitated. Now the workers say that they are preparing in the event of failure to reach an agreement to employ the idle men in the co-operative works at Summitville, Ind., and another factory in New Jersey, which is to be leased.

**Need a Head.**

The Epworth guards of the Robinson Street Methodist Episcopal mission in Allegheny is in need of a commander, as Capt. Archie Holman is obliged to resign on account of business engagements. The boys are well drilled, so much so that they were invited to Wheeling, W. Va., to drill and again they entered into and won in a competitive drill. It was organized nearly six years ago and now needs a suitable young man to act as captain. Applicants should apply to Mr. Albert A. Horne of Horne-Stewart Co., or to Capt. Archie Holman, care Joseph Horne Co.

The children all want the story-book which comes with The Sunday Gazette.

# YOU CAN SEE GHOSTS

Yes, although these strange creatures are said to be produced by feverish imaginations, Professor Karl Von Thaler says they are to be seen under certain conditions. And to make his views clear he has written an article for the Sunday Gazette which will appear tomorrow.

## THE SUNDAY GAZETTE Is Getting Better all the Time.

That's what everybody says—and the opinion is becoming more pronounced with every issue. No person who takes the trouble to examine next Sunday's Gazette will wonder why this paper has such great prestige. The Gazette is simply in a class by itself.

Professor Von Thaler's interesting psychological article on the ghosts is only one of the many special features secured for tomorrow's paper. There will be something to interest everybody, as a glance at the following summary shows:

[SPECIAL TELEGRAM TO THE GAZETTE.]

New York, June 6.—The leaders in the pennant race, always a big drawing card in New York, made their first appearance of the season at the Polo grounds this afternoon, and were welcomed by the biggest crowd since the Giants developed their losing streak. They created quite a sensation with their Panama hats, and came in for a good bit of good-natured chaffing before donning their uniforms.

For 11 long innings Doheny, the old Giant pitcher, twirled against his former comrades, until darkness settled over the field and the game had to be called with neither side a victor. The Giants not only outbatted but outfielded the Pirates, but Doheny was steady with the men on the bases, and while the Giants had opportunities they could never get the winning run.

Made a Great Triple Play.

The ninth inning looked as though the victory would go to New York, but a triple play by the Pirates spoiled whatever chances the Giants had of clinching the game. Bean and Smith reached first and second bases. Doyle, the next batter, hit a little fly between first and second. Ritchey made a dive for the ball and succeeded in getting his hands on it. Both runners, never thinking he would get it, started around the bases. Ritchey rushed to first, putting out Smith, and then lined to ball to Wagner, retiring Bean. Round after round of applause greeted the visitors for the quickness with which they put the play through.

In the tenth inning the Giants had another opportunity to clinch matters. They succeeded in getting the bases full, with only one man out. At this point in the game Doheny pulled himself together and succeeded in striking out the next two batters.

For the first few innings the game promised to be a pitchers' battle. Mathewson started the game for New York, but was succeeded in the eighth inning by Evans. For three innings neither side scored, but in the fourth the Pittsburghs made the first tally. Wagner in this inning made a triple and came home on Brainsfield's long fly to O'Hagan. In the fifth the New Yorks made two runs, when Brainsfield dropped Wagner's throw off O'Hagan's hit to short. Capt. Clarke got under Jones' lightning drive. Mathewson placed a neat single in right, placing O'Hagan on third, Mathewson reaching second on Davis' wild throw. Dunn hit a hot one to Leach and O'Hagan was caught between third and the home plate, but finally reached third corner safely. Mathewson, who had reached third, was out, Dunn going to second on the play. Bean, the next batter, hit a foul which caught O'Hagan full in the stomach and he was laid out for a few minutes. Jackson taking his place. Jackson and Dunn both scored on Bean's two-bagger down the foul line.

Leach Brought in Three Runs.

The Pirates picked up three more runs in the sixth inning. Clarke made a single. Wagner reached first, being hit by a pitched ball, and Doyle could not hold Bransfield's hot grounder. Ritchey flied out to Lauder. At this point Leach sent three of his companions home with a three-bagger.

The New Yorks tied the score in the eighth. Lauder reached first on a hit and got to third on Yeager's single to left. Lauder counted on Jackson's out at first and Yeager galloped home with the tieing run on Jones' hard single past third base. The score:

The Indians Beaten.

MORGANTOWN, W. VA., June 6.—(Special.)—Morgantown university defeated the Carlisle Indians at baseball on Athletic field this afternoon in a game abounding in brilliant plays. In the first inning West Virginia made five hits and scored five runs, but after that Dorsey pulled himself together and the game was always in doubt. Bowman was strong with men on bases, and only in the third and sixth innings did the Indians bat him consecutively. Score:

BURNS GOT HIS BUMPS.

Baltimore Team Had a Picnic at Wheeling.

WHEELING, W. VA., June 6.—(Special.)—The Baltimore team had a pleasant little picnic here this afternoon with the local club. Burns, the Wheeling's pitcher, had been touted as a wonder, having allowed Pittsburgh but six hits, a couple of weeks ago, but failed to make good today. The birds did everything they wanted with him as long as they wanted. On the other hand Shields had the locals completely at his mercy. Score:

CUBAN GIANTS WON.

Colored Champions Won Nice Game from Homestead.

The Cuban Gants continued their conquering march and defeated the H. L. A. C. ball team yesterday in a fine game at Steel Works park. The colored champions proved to be about the finest team that has been seen in Homestead this season and put up an article of ball that was gilt-edged. They were particularly strong at the bat, connecting with the ball and for long hits. Homestead could not connect with the delivery of Rodgson and their one run came through the pitcher making a wild throw. The H. L. A. C. and Giants will play at Homestead again today. The score:

## FAST MOTOR RACES ON FOR TONIGHT

FREEMAN, THE 10-MILE RECORD HOLDER, ARRIVES TODAY.

Takes the Place of Otto Maya in 30-Mile Contest With Bennie Munroe. Race Between Motor Machines. Speedy Amateurs Entered.

Howard Freeman will arrive in Pittsburgh this morning and will at once go to the Colesseum track in Allegheny to train for his race tonight with Benny Munroe of Memphis. A telegram was received by the management yesterday afternoon that Freeman would start from Baltimore last night. He will take the place of Otto Maya, who met with an accident while riding a motor at the track Thursday night. Maya was not so seriously hurt as was at first supposed, but he will not be able to ride for several weeks.

Freeman will do a little training this morning and in the afternoon to get acquainted with the track. He has been doing some fast riding and is one of the most popular riders on the circuit. The management is very fortunate in being able to get him here for the race tonight on such short notice. He has been riding in Baltimore, and the other night broke the world's record for 10 miles, making the distance in 14 minutes and 47 seconds. The race tonight will be 50 miles, to be run in three heats of 10 miles each, the winner of two heats winning the race.

Benny Munroe has been doing some hard training for the past two days. Yesterday afternoon in a 25-mile work-out he peeled off the miles in 1:32. He is in splendid condition.

One of the interesting features of the meet at the Colesseum tonight will be the 10-mile motor race for which there have been received three entries. This will be a novelty in this city, and will give the patrons of the Colesseum a chance to see in a race the famous single motor which was recently ridden a mile in 1 minute and 20 seconds. A good squad of local riders are in for the amateur events. The entries for the mile handicap are Paul McClain, Percy Brown, Harry Bupp, Charles Reel, Wilkie Hall, Charles Burgum, Harry Brown, Charles B. Leonard, W. A. Hoffieldt and C. C. Hartman.

The half-mile consolation handicap was open only to those riders who have not won firsts at the Colesseum track. The entries are Charles Reel, W. A. Hoffieldt, C. C. Hartman, Harry Brown, Charles B. Leonard, Charles Burgum, Paul McClain, Harry Bupp and Wilkie Hall. Both of the amateur events will be run in three heats.

# DALZELL IS THE ONE CHOICE OF CITIZENS PARTY

## He Will Be Notified of His Nomination This Morning.

## COMMITTEE ORGANIZES

**Dr. Cadwallader Evans Unimous Choice for Chairman and James W. Clark Made Secretary—Auxiliary Committees Are to Be Named.**

Congressman John Dalzell will be notified today of his nomination for congress in the Thirtieth congressional district by the Citizens party. The committee appointed to notify Congressman Dalzell consists of Charles S. Crawford of the Twentieth ward, James Evans of McKeesport and John G. Messner of Wilkinsburg.

The committee, of which Mr. Crawford is the chairman will call upon Congressman Dalzell this morning at his home at Hawkins station. A telegram was received last night stating that Congressman Dalzell would arrive home at an early hour this morning. The leaders of the Citizens are confident that Congressman Dalzell will accept their nomination.

### Words of Praise for Dalzell.

Congressman Dalzell was nominated yesterday afternoon at the first meeting of the new Citizens county central committee, held at the Third avenue headquarters. The nomination was made by acclamation. Mr. Dalzell's name was presented by James T. Ewer of Sharpsburg. It was seconded by David B. Oliver, Chairman Cadwalader Evans, J. G. Messner, Dr. S. S. Woodburn and others. Mr. Oliver paid the Pittsburgh representative in the national legislature a high tribute. He said Congressman Dalzell had "no superiors and few equals in the halls of congress." Chairman Evans also spoke in high terms of the character and ability of Mr. Dalzell.

Dr. Evans, who has ably performed the duties of provisional chairman of the Citizens county organization, was unanimously elected permanent chairman of the county committee of 32. James W. Clark of the Twentieth ward, was elected secretary by acclamation. Mr. Clark was chairman of the Twentieth Ward Citizens organization in the last municipal campaign, and has assisted largely in organizing the county for the Citizens party.

### Committee to Arrange for Fusion.

Chairman Evans was empowered to appoint a conference committee of ten to arrange a fusion county ticket with the Democrats. Chairman Evans appointed David B. Oliver, Joseph J. Gilchrist, Thomas S. Bigelow, Charles S. Crawford, Dr. C. Evans, W. C. Reitz, U. M. Beck, R. J. Cunningham, John G. Messner and L. S. Levin as this committee.

The following committee of five was appointed on rules: Charles S. Crawford, James J. Booth, U. M. Beck, E. L. Braun, J. G. Messner. This committee will provide rules governing the county committee and the campaign this fall. It will also designate the number of subcommittees to be appointed for the campaign.

Chairman Evans said that the county committee had decided that no regulations should be prescribed regarding nominations, and that members of the county committee would not be barred from becoming candidates for office, as such a rule was considered unnecessary.

### Many Auxiliary Committees.

Dr. Evans stated that the rules would provide for a number of auxiliary committees, composed of persons not members of the county committee. Altogether there will be at least 150 appointments on the various committees. On the finance committee some of the leading business men and financiers of the city will have a place. The campaign committee will consist of experienced political fighters.

Of the 32 members of the Citizens committee there were but two absentees yesterday, W. C. Reitz and W. B. Hayes. The latter has been ill for some time.

The executive committee of the Democratic county committee also met yesterday and made preliminary arrangements for fusion with the Citizens. Charles B. Payne, chairman of the executive committee, and Thomas R. Alcorn, chairman of the county committee, were authorized to appoint a committee of ten to confer with the Citizens committee of ten. Chairman Alcorn said yesterday that the names of the Democratic committee would be announced today, and that arrangements would be made for a conference as soon as possible.

# PRIMARIES OF THE ORGANIZATION TODAY

## Will Be Uninteresting as There Will Be No Contests—Two Crowds for Harrisburg.

The Republican organization primaries will be held today throughout the county, beginning at 4 p. m. and closing at 7 p. m. They will be uninteresting, as there will be no contests. Delegates will be elected to the various conventions to be held Monday. In some of the wards, notably in the East End, there is likely to be scarcity of delegates, as the independent sentiment is strong in these wards.

The candidates for county offices have had some difficulty in getting persons to run as delegates in the various wards, and the prospect is that the East End delegates to the conventions will be largely made up of substitutes.

It is the prevailing opinion among politicians that Attorney General John P. Elkin will get several of the Allegheny county delegates to the state convention and that Recorders J. O. Brown and John R. Murphy have been persuaded by Gov. Stone to line up their delegates for Elkin under the strongest kind of pressure.

The Allegheny county delegation will leave for Harrisburg Monday night and will be accompanied by a large number of organization men.

A large Pennypacker delegation will also leave for the state convention Monday night. The Pennypacker supporters will outnumber the organization crowd and are expected to convince the convention that the sentiment in Pittsburgh is strongly in favor of the candidacy of the Philadelphia jurist.

# WILL BUY CHURCH SITE.

## Judges Grant County Commissioners' Petition to Secure Additional Land.

The petition of the county commissioners for permission to purchase ground for the purpose of erecting or extending such buildings as may be necessary for the accommodation of the courts and its officers was approved by Judges Edwin H. Stowe, Robert S. Frazer and John M. Kennedy of common pleas courts Nos. 1, 2 and 3, respectively.

The ground intended to be purchased is bounded by Ross street, Fifth avenue, High street, Old avenue and Diamond street. That lot situated on the south side of Diamond street, between Grant and Ross streets which adjoins other lands of the county and known as the Third United Presbyterian church property, is also to be purchased.

## THE PLATE POOL NOT DISSOLVED, BUT SUSPENDED

### Has Been Put to Sleep, to Be Awakened When Present Demand Subsides.

### PRICES CONTINUE TO FLY

**Jones & Laughlins, Limited, and the Lukens Iron Works the Leaders in the Movement--Pressed Steel Car Company Branching Out.**

[BY PRIVATE WIRE TO THE GAZETTE.]

New York, June 6.—It is officially denied on all sides that the steel plate pool has been disrupted or dissolved, but at the same time it is admitted that, temporarily, at least, it has ceased to exercise its authority. This leaves the matter in a somewhat uncertain state. One manufacturer summed up the situation today by saying:

"There were no internal dissensions. It was a question merely of prices running away with the pool, and that is all there was to it."

As nearly as can be made out, members of the pool simply agreed to suspend the association's authority in the matter of prices for an indefinite time. This will work no hardships upon manufacturers, for the reason that the demand is larger than the pool's aggregate capacity, and the companies are having no difficulty in selling all the plates they can make at the very top of the market. It is understood that the pool has been put to sleep, but that it can be revived as soon as the extraordinary demand begins to slacken and serious competition again develops.

**Two Leaders in the Break.**

The two concerns that took the initiative at yesterday's meeting are understood to be the Lukens iron works and Jones & Laughlins, limited. An official of the Lukens iron works explained today that under any circumstance this concern could not be satisfactorily governed by a pool at present, for the simple reason that it is making large improvements and its capacity is fluctuating. The Jones & Laughlins people had only qualified membership in the pool, anyway. Manufacturers agreed today that it would have made no difference if the pool had voted yesterday to advance prices. It could not have established a quotation at a parity with the current market without publishing the impression that the steel plate industry is on the crest of a boom, and to do anything less than this were useless.

Meanwhile, steel plate prices continue to mount. Contracts were made here today involving deliveries six weeks and two months hence at $2 40 per 100 pounds. There is a very urgent demand for immediate delivery. Several small pots were sold today on these terms for as much as $2 50 per 100 pounds.

Interests who are trying to consolidate the eastern steel plate concerns admitted today that the prospects of success in the near future are very slender, mainly because of the unparalleled prosperity of the business. Manufacturers do not care to entertain proposals of a merger while they are getting such fancy prices for all of the steel plates they can make.

**Pressed Steel's New Acquisition.**

The Western Steel Car and Foundry Company, a two-thirds interest in which is owned by the Pressed Steel Car Company, today took possession of the Heggewisch plant of the Illinois Car and Equipment Company.

It is the purpose of the Pressed Steel Car Company to reconstruct and greatly enlarge the western company, which will be operated as a branch of the parent company. The plant will be completely equiped for the manufacture of steel underframes and cars, both steel and wooden. The capacity will be increased from about 40 to 60 cars a day, which will make the output 21,000 a year.

After the improvements contemplated are completed the Pressed Steel Car Company and its constituents will have a total capacity of between 180 and 200 cars a day, or 70,000 a year. The amount of steel that will enter into the construction of the cars turned out by the Pressed Steel Car Company during the current year will exceed 300,000 tons, which makes it the largest consumer of steel in the United States.

The Carnegie plant of the United States Steel Corporation is now turning out steel for the company at the rate of 1,000 tons a day. The statement was made today that through its large interests in the Western Steel & Foundry Company the Pressed Steel Car Company would be in a position to produce more cars than any other car company in the world. The location of the plant is in Chicago and is tapped by something like 14 railroads.

**Two Steel Ball-Bearing Concerns.**

Two steel ball-bearing concerns, controlled by the same interests were incorporated in New Jersey today, each with a capital of $1,000,000. The names of the companies are the German-American Steel Ball Company and the Interstate Ball Bearing Company. The incorporators are Frank G. W. Mack, L. C. F. Killian and George White, Jr. The temporary address of the companies is given as 243 Washington street, Jersey City.

**Effect of the Anthracite Strike.**

Rogers, Brown & Co., in their weekly review of the pig iron situation, say that the anthracite coal strike already has sharply curtailed the output of pig iron in Eastern Pennsylvania, and that there is every probability that the miners of bituminous coal in the Pocahontas and New river districts will stop work Saturday. These districts supply coke not only for about 30 furnaces in Virginia, but for many also in Ohio and the west. A protracted suspension would, of course, again cut into the pig iron product.

The market for materials is very mixed. The pig iron product for the year is so near sold that quotations for little available lots are whatever holders choose to make them. Scotch, English and German prices, American seaboard delivery, are about $1 higher on American demand, settlement of the Boer war and better freights.

**Gary Won't Be President.**

The report that Judge Gary, chairman of the executive committee of the United States Steel Corporation, would become president of the American Steel Foundries Company was denied today on the highest possible authority. The origin of this report is unknown, but it was given wide circulation by the Iron Trade Review. E. W. HARDEN.

## NEWS FROM THE MINES

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, June 6.—Mining is looking up again in Boulder county, Col., and there is every prospect of an unusually prosperous season. In the Black Hawk district the Stanley is producing a large amount of good grade ore and eastern people are about to start up the German and Phoenix No. 2. Twenty men are working placer claims in Beaver creek and making money. The Little Pittsburgh at Magnolia resumed work this week and eastern capitalists have bought the Graphic, which has been a small but steady producer for 20 years, for $30,000.

Leadville's output is showing a steady increase. Sinking has finished on the Greenback, which is extensive, mainly in three veins. Its large sulphide deposits. The new Monarch will soon be in shape to ship several hundred tons a day to the smelter at Salida.

Loosers on the La Plata of the Golden Cycle Company, Ortiz, N. M., have struck a big five-foot vein of $70 ore and preparing for regular shipments.

Superintendent McCormick of the Aberdeen Copper Company's property at Lordsburg, N. M., that the steam hoist on the Atlantic is running and that he is working in a fine body of ore carrying values of $120 to the ton.

It is reported that all litigation over the Crown King in the Bradshaw district, Arizona, will be adjusted soon, and work resumed on the property. The mine has produced over $2,000,000 since 1885.

Portland, Ore., reports that a New York corporation has bought all the claims between the head of Champion basin, the terminus of the Sumpter railroad extension, and the Monday mine on the other side of the mountain in the Bonanza district. A tunnel over one and one-half miles long will be driven through the mountain to tap the ledges at great depth. Through this tunnel, which will cost $200,000, ore from a dozen mines will be transported to the railroad.

A good strike is reported in the 335-foot drift of the Christian Science tunnel at Copper Rock, near Wall Street, Col. The vein is about 30 feet wide.

**The Metal Market.**

The local market for tin was quiet but steady, with spot quoted at $29 90@30 25. At London the market closed 10s net lower, with spot at £132 5s and futures at £129 5s. Copper was steady at New York, with prices unchanged; 400 tons standard in equal parts of 100 tons each for July, August and September delivery sold at $11 80; spot to August, $11 65@11 85; Lake Superior, $12 25@12 75; and electrolytic and casting standard at 12@12⅛. The London copper market closed 5s net higher, with spot at 55½ 5s and futures at 55½ 7s 6d. Lead steady here at 4¼c and London closed unchanged at £11 7s 6d. Spelter was dull here at 5@5¼c. Locally it is 4¾@5c. London was 2s 6d higher at £18 10s. Iron ruled firm here and considerably higher. Warrants were nominal; No. 1 foundry northern, $20 cost, 22 90; No. 2 foundry northern, $20 50@21 50; No. 1 foundry southern, $20 50@21 50. No. 2 foundry southern, soft, $20 50@21 50. The English markets were firmer, with Glasgow at 54s 6d and Middlesboro at 49s 7d.

NEW YORK, June 6.—(Special.)—In redemption of checks drawn by depositors of gold at the Seattle assay office, Dodge's official records show that the subtreasury paid out yesterday $2,189. Total thus paid since Friday, $19,550, against $1,340 for the same period a week ago. Gain of this amount by government to New York banks for the day, $2,687,000; payment by banks to government, $3,740,000; balance on the day's transactions, $1,053,000. Gain by banks to government's total net payment by banks to government since Friday, $2,925,000, against $995,000 similarly paid for the corresponding period a week ago.

## THE ROOSEVELT MENAGERIE.

**It Is Being Removed for the Summer to His Oyster Bay Home.**

WASHINGTON, D. C., June 6.—(Special.)—All the small boys and girls in the vicinity of the White House today viewed with envy the departure for Oyster Bay of the private menagerie which the Roosevelt family have assembled since their occupancy of the president's house. In providing transportation for the long list of beasts and birds some intricate manipulation was necessary.

Arrangements had to be made for the sprightly and intelligent white mouse, which is regarded as the gem of the aggregation. The fondness for the mouse is not confined to the children, for the president on several occasions has had the mouse do stunts for distinguished callers. On one occasion, during a call from Editor Kohlsaat of Chicago, the mouse was brought into the room on exhibition. The mouse gave a squeak and disappeared up the president's sleeve. He was subsequently brought down, and after playing up and down the president's arm, climbed to his shoulder and gave three distinct "squeaks," which, Mr. Kohlsaat remarked were intended as "three cheers for Roosevelt."

# Colorless Day in Wall Street Market

## STOCKS REACH THE LOW LEVEL OF ACTIVITY

### All Changes Made in Prices Are Narrow and of Little Importance.

### RUMOR COMES BY CABLE

**Bulls Use Report of Strike Settlement in Endeavor to Awake the Sleeping Bears—Bank Statement Is Expected to Be Colorless.**

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, June 6.—The dealings in stocks dropped back again to near the low level of activity for the year, and the day's net changes are narrow and unimportant. So far as they are gains they are the residue of a little spurt in prices with which the day started. It was caused by a rumor that the coal strike had been settled, which came by the way of London, with a slight volume of cabled orders to buy, the origin of which was as doubtful as that of the rumor. This was undoubtedly a ruse and was designed as a counter-move to yesterday's reports set afloat by the bears of the sudden death of an aged financier. The principal buying came from yesterday's short sellers, and as soon as the rumor was authoritatively denied the buying movement fell away and the market fell back into its state of neglect. There was a sharp rally in Canadian Pacific on a resumption of the pool operations in that stock, and this movement had some sympathetic influence on the rest of the list.

**Market Somewhat Depressed.**

Sugar at one time recovered all of its quarterly dividend on the score of an advance in prices in some grades of sugar. None of these movements was maintained. The latter market was inclined to depression, and there seemed a feeling of resignation to a season of dullness. Opinions from abroad are current that there will be no notable revival in foreign markets as an effect of the declaration of peace until after the English coronation. The continuance of the coal strike, which seems to promise indefinite prolongation, will also be a damper on any speculative enthusiasm. The assembling of the soft coal miners in the Virginia and West Virginia fields and reports that they will go on strike give color to the apprehension of an extensive spread of labor trouble. The strength of today's corn market and the reports which accompanied it of excessive rains in the northwest were also a reminder of the possibilities of future mishaps to the corn crop and an incentive to caution against speculative commitments on that score.

**Bank Statement Colorless.**

The bank statement promises to be colorless. There have been sufficient receipts on balance from the interior to about offset the week's $2,000,000 loss on sub-treasury operations. There is no indication of any substantial reduction in the loan account of the banks and some institutions report an increase in that item. A reaction in foreign exchange was viewed with satisfaction and relieved the apprehension caused by the week's advance of a disposition by foreign lenders to withdraw credits. The market closed stagnant.

The bond market was also less active and the movement of prices narrow and irregular. Total sales, par value, $2,650,000. United States bonds were all unchanged on the last call.

### WALL STREET FEATURES.

Total sales for the day 229,800 par value $2,650,000.

United States Steel dealings are 13,300 common and 9,700 preferred.

The biggest blocks sold were in Reading common, 37,600 shares, and the price dropped slightly; also 2,300 second preferred at a slightly reduced price.

Bears refuse to bite on a rumor cabled from London that the anthracite coal strike was settled.

The whole market proved dull and colorless.

## 100-Barrel Wells Few in Number

The thing that is most perplexing to the lower southwest operator is where to find new producing territory. For many months all or the new developments that looked promising when first discovered have fallen far below what was expected of them, or resulted in total failures. Marshall county, W. Va., is an exception and the new Gordon sand development in Marion and Wetzel counties will more than likely make good. The Big Injun sand territory on the South Fork of Hughes river, in Ritchie county, has fallen off and the new Keener sand pool in Monroe county, Ohio, does not give promise of being more than a comfortable pool.

On Indian run, Ritchie county, a new salt sand discovery was made some months ago and for a time it looked very promising. Several drillers, despairing began the ratio of drillers and producers completed has been two to one, and the effect has been to discourage those who were hopeful. The Enterprise Oil Company, however, seems to be one of the lucky ones. It has drilled in its test on the Deem Chapel lot and has a show for a 25-barrel producer in the salt sand.

In the immediate vicinity of this well the Cairo Oil Company has drilled its No. 3 on the Hester A. Deem farm and has a duster. It was this company's No. 1 on this farm, a good producer, that first attracted attention to this section.

In the Pine Grove district, Wetzel county, the South Penn Oil Company has completed and shot its Gas No. 5 on the Jones farm and has a 20-barrel producer in the Gordon sand.

In the same district E. B. Jennings & Bros. have shot their No. 24 on the J. S. Hoyt farm and have increased its production to 150 barrels a day.

On Big Knot run, Clay district, Ritchie county, Mallory Bros. & Co. have drilled in their No. 2 on the J. Wright farm and have a show for a natural producer good for 40 or 50 barrels a day from the Keener sand. When shot it will probably double its production.

The Pack Oil Company, operating in Marshall county, the South Penn Oil Company has drilled its No. 5 on the Burley-Boyd farm through the Gordon sand and has a gasser. This well in failing to develop oil was something of a surprise, for it was located for a producer.

But three wells in Marshall county are now producing 100 or more barrels a day. The South Penn Company's No. 1 on the Reefer heirs' farm is the largest and is holding up at 140 barrels a day.

The well that heads the list of good producers in the southwest fields at the present time is the No. 3 on the W. W. Cunningham farm; it is credited with 250 barrels a day. The S. S. Eddy No. 1, west of Blacksville, Greene county, Pa., comes next with 220 barrels a day and the S. C. Baines No. 6, in the Malone district, Greene county, W. Va., follows, with a production of 200 barrels a day.

The 100 or more barrel producers do not exceed a dozen and are located in various parts of the West Virginian and Southeastern Ohio fields. West of the Wallace district in Harrison county, the South Penn Company has a good producer in its No. 1 on the Alva Hedduth farm. It is holding up at 180 barrels a day.

In the Burning Springs district, Wirt county, the Ohio Fuel Company has completed its No. 7 on the A. P. Clarke farm and has a small pumper in the salt sand. The bottom of this formation was reached at a depth of 1,580 feet. Connection with the district on the Ohio side, in Washington county, the Augusta Oil Company has completed its No. 4 on the G. W. Harness farm and has a duster.

In the Marietta district, H. C. Lord & Co. have completed their No. 5 on the Joseph Fisher farm and have a duster.

The Ohio Oil Company of Octo Oil Company has completed its second test on the John Rowland farm and has a duster in the shallow sand.

**The Local Fields.**

Strange as it may seem, the best well drilled in yesterday is located in home territory. The Knob Oil Company has drilled its second test on the Alva Hamerline, Jr., farm at Legionville and has a show for a 100-barrel producer in the 100-foot.

In the Murdocksville extension in Washington county, Patterson & Biddle have completed their No. 2 on the Patterson farm and have a show for a small well.

# Stocks Were Very Dull, Barely Steady and Almost Featureless

## BUSINESS IN STEEL SHARES MUCH SMALLER

Almost Complete Subsidence Followed Thursday's Big Buying Orders.

BREWING ISSUES FIRMER

Both the Common and Preferred Made Fractional Advances—Mechanics National Dropped $10 and First National $5.

The market on the Pittsburgh stock exchange yesterday was very dull, barely steady, as a whole, and almost entirely without features of any kind. The unusually large business which prevailed in the steel group Thursday subsided almost entirely, the big buying and selling orders apparently having been filled or withdrawn. The trading in Crucible Steel common, for instance, was most insignificant, only 60 shares changing hands. The price was 22, the same as Thursday's close, but at the windup that figure was bid for 500 shares without getting any stock. The preferred was a shade more active, the total sales amounting to 172 shares, against 4,100 the day before. In fact, the sales of Crucible preferred alone Thursday—4,144 shares—were but 17 shares less than yesterday's total for all stocks. The close was firmer and ¼ higher at 87½. United States Steel common sold 540 shares and closed ⅛ lower at 39⅝. The preferred sold just 131 shares, finishing at 89¼, a gain of ¼. The stock offered, however, at the windup at 89, with only 88⅞ bid. In the general list Pittsburgh Brewing issues were quite firm, the common being in large demand at 26⅞. All told, 620 shares were sold, the close being at 26⅞, a gain of ¼. The preferred was less active but firm and ⅛ higher at 45. Window Glass common was dull, only 325 shares selling. The stock finished barely steady with a loss of ⅛ at 60⅞. The preferred was more active than usual, an inside house selling 325 shares at 92½, a decline of $1. It was stated yesterday that the company will test the new blowing machine at one of its Indiana plants next week. Great things are expected from this invention. In the coal group there was only little doing, the sales being small and insignificant and the final prices entirely unchanged. Pittsburgh Coal shares developed a firmer feeling, however, due to a report that the earnings for the month of April were very nearly double those for the same month last year. The approximate earnings for May aggregated nearly $400,000, a heavy increase over the same month in 1901. In the banking group there was not much doing. First National of Pittsburgh was $5 lower at 635, and Mechanics National was $10 lower at $140, the price at which the directors have approved a proposition to sell control to the First National.

The following is a complete summary of yesterday's official transactions on the Pittsburgh stock exchange. It shows the change in the last preceding sales, the total sales of each security, the opening, high, low, last, bid, and ask prices and final bids and offers:

The sales of Pittsburgh Brewing common at the opening was the heaviest during the first half hour, McFarlane getting 470 shares at 26⅝@26¾. Hill & Co., one of the promoting houses, sold 270.

A New York telegram said: "We hear from a good source that St. Louis & San Francisco first preferred will be retired within the next two months and that the common is good purchase and likely to sell very much higher. It was strong yesterday in spite of unfavorable conditions.

A meeting of the stockholders of the Bellevue National bank will be held for the purpose of taking a vote to voluntary liquidate the bank, the business of the latter having been merged into the Bellevue Trust Company. The stock of the trust company was oversubscribed to the amount of $150,000.

Shortly after 2:30 o'clock Hill & Co. bid 26⅞ for any part of 500 Pittsburgh Brewing common. Then they bid 10⅝ for 500 Westinghouse Electric seconds and 22 for 500 Crucible Steel common. Just before the close they advanced their bid for 500 Brewing common to 26⅞.

A special meeting of the stockholders of the Gulf Petroleum Company has been called for June 14 at Beaumont, Texas, to take action on amending the charter of the company. The stockholders are also to take action on a proposed issue of $5,000,000 5 per cent convertible bonds to mature at the rate of $500,000 per year, beginning June 1, 1907, and to authorize an increase in the capital stock from $15,000,000 to $20,000,000 for the purpose of providing such stock as may be necessary to convert the bonds of the company into capital stock if the holders of the bonds should so elect.

At a meeting of the New York Clearing House association yesterday the Central National bank was elected for violating the rules of the association governing collections on out-of-town checks. President Langdon of the Central National made a statement to the association, the substance of which was that if the bank was guilty of the charge made it had erred unwittingly. George F. Baker, president of the Clearing House association, presided at the meeting, which was largely attended.

There has recently been considerable bull talk on St. Louis & San Francisco shares. The story is that a deal was made on foot for the property is officially denied. There is, however, persistent talk of a plan to retire the first preferred and to make the common a dividend paying issue. The bulk of the recent relations between Frisco and Mexican Central.

## FIFTH DAY'S LOSS.

### Pittsburgh Bank Exchanges for Yesterday Over $250,000 Smaller Than a Year Ago.

Pittsburgh bank exchanges for yesterday were over $250,000 smaller than those for the same day last year, thus showing a loss for each day this week, a rather unusual record for this period. The banks were closed the preceding Friday, rendering the usual comparison impossible. The local money market continues without appreciable change, the rate for call and time loans quoting at 5@6 per cent. The following is a comparison of the bank clearings of this week with those of the corresponding week last year:

| | Exchanges. | Balances. |
|---|---|---|
| Yesterday | $6,900,221 92 | $ 989,902 25 |
| Last week | 7,310,074 92 | 1,355,851 52 |

### Coffee and Sugar.

NEW YORK, June 6.—Coffee futures opened steady, with prices unchanged to 5 points lower, the decline being in sympathy with disappointing cables, in conjunction with light local liquidation and short selling. Big receipts were reported at primary points, while the spot situation at home showed no improvement, the movement being small and prices heavier. Domestic orders were few and prices reached a new low record for the present season. The market closed steady, with prices net unchanged to 5 points lower. Total sales, 25,000 bags, including July, 4.90c; September, 5.10c; October, 5.15c; November, 5.25c; December, 5.30c; January, 5.40c; February, 5.45c; March, 5.50c. Spot coffee, Rio, 7 8c. ### Drygoods Market.

NEW YORK, June 6.—The drygoods market here has been quiet throughout for staple cottons, but bids on export account have been more numerous than of late. Fall prints are in fair demand on the 5-cent basis for best fancies. Print cloths have sold outside of Fall River at 3¼ for regulars. Linens are firm, but quiet. Burlaps dull at previous prices.

## Another Decline Reported in Oat Quotations

### PITTSBURGH PRICES FOR FARM PRODUCTS

Fresh Tomatoes Continue to Get Cheaper — String Beans Advance.

### Hay, Grain and Feed.

Continued weakness is manifest in the oat situation, and local prices went off a cent a bushel yesterday, with selling slow at the reduction. Holders of car corn are stiff in their askings, notwithstanding the fact that buyers are showing no anxiety to make attractive offers. Hay is in light request only, with quotations easy.

Receipts bulletined: Pennsylvania lines, 19 cars oats; 6 cars straw, 4 cars corn, 11 cars oats, 2 cars feed; Baltimore & Ohio railroad, 6 cars hays, 1 car corn; Pittsburgh & Lake Erie railroad, 4 cars hay, 2 cars oats. Total receipts, 36 cars.

Following are the official quotations for hay, millfeed, corn, oats and straw, corrected by the superintendent of the Pittsburgh grain exchange:

Straw—Oat, $7 00@7 50; wheat, $7 00@7 50; rye, $8 00@8 25.

Hay—Choice timothy, $14 50@15 00; No. 1 do, $14 00@14 25; No. 2 do, $12 00@13 00; No. 1 mixed, $11 00@11 50; No. 1 clover, $10 50@10 75; prairie, $10 50@11 00; packing, $8 00@10 00; loose from wagon, $10 00@17 00.

Bran—Selling price (delivered), No. 2 Michigan, 66@67c.

# M'ALEESE URGED THE POLICEMEN TO HELP BROWN

## Superintendent of Police Solicited Cash for the Recorder.

## "YELLOW KID" PROBING

### Innuendoes Thrown at Councilman Thomas M. Brown Completely Disproved — Interesting Testimony Given by Police Sergeants.

The "Yellow Kid" investigating committee held another session yesterday, and the evidence taken showed that the famous book was circulated by Supt. John McAleese, Inspectors William McShane and Fred Wills, Capt. Charles K. Gallant and the sergeants at the various stations. All the witnesses stoutly averred that no policemen were discharged for refusal to sign the book, that none of them was threatened and that it was purely optional with the men whether they signed or not.

Incidentally, innuendoes thrown at Councilman Thomas M. Brown were completely disproved by the testimony of Charles Freeborn, chairman of the committee of patrolmen who handled the ordinance providing for an increase in salaries and for which it was charged that an assessment had been levied on the patrolmen.

**Hedderick Had a Note to Pay.**

Sergt. George R. Hedderick of No. 4 station testified that the yellow book had been left there, he knew not by whom; that only one of the men signed; that Police Magistrate John H. Armstrong signed it, but did it only for a joke; that none of the men was compelled to sign and that none of them was threatened. He said Supt. McAleese addressed the men, but that he was so extraordinarily busy that he did not have time to hear any of the address. Hedderick had always signed the book heretofore, he said, but this time he had a large note to pay and could not afford to do so. Hedderick finally did remember hearing Supt. McAleese tell the men that he would give them five minutes to make up their minds what to do.

Sergt. Adolph Metz of No. 1 station said that the yellow book had been handed to him in May and that a few of the men signed. Inspector Wills gave him the book. He said he did not ask any of the men to sign it and did not hear anyone else ask the men to sign it. Metz remembered, however, that the book was there for some time without getting any signatures, and that some of the men were called into a private room one day and that soon after that several of them signed the book.

**McShane Knew the Book.**

Inspector William McShane of the Fifth district said he took the book to Stations Nos. 2 and 3; that the book was handed to him by Supt. McAleese, but that McAleese did not explain anything to him. McShane knew the book, however, as he pocketed it without a word and took it to the stations in his district. He called the attention of the men to the book, but did not threaten them nor ask any of them to sign it. He told them the book was there for signatures, if they wanted to sign. He said he understood the assessment was to pay the expense incurred by the Allegheny County Republican executive committee in the last county fight.

Sergt. O. M. Lewis of No. 7 station stated that the book reached that station in April and that all the 60 men there signed it. He said that when any of them gave him the money they had subscribed he put it in an envelope and placed that in a drawer and that the money is still there. He said that about $50 was paid to him. He said that the money would finally be given to one of the superior officers.

**McAleese Wanted Help for Brown.**

Sergt. Henry Crawford of No. 2 station said the yellow book was left at that station last month, and that it had been called to his attention. Supt. McAleese addressed the men there and told them it had been the custom to sign the book and had told them that J. O. Brown had instituted the police pension fund and they ought to help him out. He testified that patrolmen paid 50, sergeants $10 and lieutenants $15.

Patrolman Charles Shively of No. 7 station said he had signed the book; that no one had asked him to sign it and that he was not compelled to sign, but was willing to sign.

Patrolman Philip Duffy of No. 5 station said that Supt. McAleese had called attention to the book, but had not asked any of the men to sign it, and that it was not compulsory that they should sign.

Patrolman William Schuler was one of the committee that had the police salary ordinance drawn, and he testified that the ordinance was drawn by W. P. Schull and that he had charged $50 for drawing the ordinance. He said that Councilman Thomas M. Brown had nothing to do with drawing the ordinance.

**Councilman Brown Exonerated.**

Patrolman Charles Freeborn of No. 7 station was chairman of the committee which had the police salary ordinance drawn. Freeborn testified that the committee went to the office of Robert H. Douglas and asked him to draw the ordinance, but that he refused, saying he was a member of councils and that it would not be proper for him to draw the ordinance. Mr. Douglas then introduced the committee to W. P. Schull, a lawyer, and Mr. Schull said he was very busy, but would draw the ordinance for $50. Freeborn said that Schull drew the ordinance, and when they went to get it he would not give it to them until the $50 was produced. The committee finally paid it, they assessed the men 25 cents each to reimburse the committee.

Freeborn said Thomas M. Brown had received absolutely nothing from the committee. They asked Mr. Brown to introduce the ordinance in councils and Mr. Brown did so.

The committee will meet again next Tuesday afternoon at 3 o'clock.

During the session Robert H. Douglas, who was conducting the investigation, had occasion to direct some sarcastic remarks to Director A. H. Leslie, who had suggested that all the men called be heard, so as not to bring them from their duties again. Mr. Douglas wanted to adjourn the hearing before all the men called had been heard, and told Leslie that he thought the committee should decide who to hear and when. He said he did not think the city would lose very much if the men were called again, as he had known of men being taken away from their duties before without anything being said.

# THREE NEW RAILROADS ARE INCORPORATED

## J. T. BLAIR PRESIDENT OF GREENE COUNTY R. R.

### Line to Be Built from Washington to Fayette — Cheat River Route Again.

Several important railroad-building plans have been made public within a few days by incorporations in this state and West Virginia. Among these is one called the "Greene County" railroad. Its charter, which is taken in Pennsylvania, states that it is the intention of the company to build a railroad line from Washington, Washington county, to Fayette, Greene county, a distance of 25 miles. J. T. Blair of Greenville is president of the company. It is supposed that Fayette City is the objective point of the plan. Mr. Blair is a well-known railroad builder, having been in charge of most of the construction work of the Bessemer & Lake Erie railroad. He is now president of the Little Kanawha railroad, one of the recently acquired Wabash lines, forming the link east of Parkersburg in the seaboard line. An effort was made to reach Mr. Blair at his residence in Greenville last evening, but he was not at home.

The incorporation of two railroads in West Virginia was announced in yesterday's Gazette. The proposed lines traverse the well-known Cheat river route, directly south from Pittsburgh, to a connection with the Chesapeake & Ohio railroad in Pocahontas county, W. Va. Although there are two incorporations, the same persons are interested in both. The Greenbrier, Monongahela & Pittsburgh railroad is to extend from a point in Pocahontas county to Point Marion, on the Cheat river. The Rowlesburg & Parsons is to extend from Powelton, Preston county, to Parsons.

There have been plans without number to build lines along this route, and several of the principal railroad interests have gone so far as to have surveys made. The Cheat River railroad, in which Col. J. M. Guffey of Pittsburgh is largely interested, is still a live proposition, the charter and organization being maintained. The Vanderbilt lines are also known to have looked upon the route as one which may eventually be used.

So far as showing what interests are back of the present move there is little to be learned from the names of the incorporators. John F. McGraw, Melville D. Post and other residents of Grafton, W. Va., are at least the legal sponsors of the new incorporations, and in the past they have been known as Baltimore & Ohio railroad attorneys.

**RAILROAD NOTES.**

At the annual meeting of the stockholders of the Pacific Mail Steamship Company, held in New York yesterday, all the old directors were re-elected.

John C. McKenna, general manager, and A. B. Campbell, treasurer and auditor of the Bradford, Bordell & Kinzua railroad, spent yesterday here.

W. M. Reed and S. J. Allen, traveling auditors of the Pennsylvania railroad passenger department, audited the accounts of the local offices yesterday.

The report is again current that Milton Hook will resign as general passenger agent of the Ohio Central. He is said to plan entering the banking business.

The Lake Shore limited will not be supplanted by the new 20-hour New York-Chicago train as reported. The new train will be an addition to the present service.

C. L. Sprague, traveling passenger agent of the Detroit & Cleveland Navigation Company, spent yesterday here on business. He says the lake passenger travel will be heavier this year than ever before.

The G. A. R. special returning from the state encampment at Gettysburg, made on Thursday afternoon the distance of 132 miles between Harrisburg and Altoona in 131 minutes, deducting stops. This is an average speed of over 50 miles an hour.

The Union Pacific Railroad Company has increased its holdings of Southern Pacific stock from $75,000,000 to $80,000,000. It is intimated that the additional purchases were made to provide against the probability of speculative interests securing any very considerable block of Southern Pacific stock to the detriment of the Union Pacific property.

Perry Griffin, traveling passenger agent of the Rock Island, is proudly exhibiting the showing of the passenger department of the Rock Island. The passenger earnings increased during the year $1,630,149, as compared with an increase of $1,631,450 in the freight earnings. The total earnings were $8,038,164 passenger and $10,051,857 freight.

By June 1, 1903, the Tehuantepec railroad across the isthmus of that name in Mexico will compete with the Panama route and the Atlantic overland lines for a share of the shipments between the Atlantic and the Pacific. This statement was made by J. J. Allen of Mexico, general traffic manager of the road, and Seaman Benjamin Cruz, the Pacific termini and San Francisco.

## Over 40% Saved on These Purchases.

And, as we buy, so we sell, this big saving will go to the men of Pittsburgh. The best of all, however, is the quality of the Clothing. Each of the above firms is known from the Atlantic to the Pacific for the custom-like garments it makes. The first-class stores in every city handle their goods, because there are none better at any price, and lots not as good at higher prices. As previously announced, the total amount of the purchases is $235,000 worth of Clothing for $135,000 Cash. It was, of course, impossible to place all these goods on sale at one time, but every day we bring enough down from the reserve stock rooms to fill up the gaps made by the sales of the preceding day. The choicest part will be on sale today, when you can

### Take Your Pick and Fit From All The Goods For $8.50 and $14.50 Per Suit.

Remember, no exception or restriction. We have divided into two lots all the goods purchased from the above firms. One lot contains the regular $10, $11, $12, $13, $14 and $15 Suits, and from this lot we offer choice for $8.50, while all the $18, $19, $20, $22, $24 and $25 Suits have been bunched into the lot that we offer choice from at $14.50. And there's hardly a style or class of goods not represented. Not only Single and Double-Breasted Sacks and Cutaway Frocks, but Prince Alberts as well—Serges, Cheviots, Worsteds, Clays, Tweeds, Bannockburns, Thibets, Oxfords, etc., in every shade, color, mixture or pattern.

### 3,000 Pairs of Pants Usual $2.50, $3.00 and $3.50 Kinds, at $1.69.

Had 4,000 pairs several days ago. Now there's but 3,000 pairs. That shows how quickly the men are buying them up. And why shouldn't they? At $1.69 they cost less than wholesale prices—some very much less. They came to us along with the above Suit purchases, and, like the Suits, the average saving is nearly 45 per cent. The line embraces Worsteds, Cheviots, Hairlines, English Novelty Stripes, etc. All sizes, too.
